"You never know what tomorrow will bring." Helen Liere found out how life-changing an ordinary day can be. When returning from presenting a workshop, she was nearly killed when struck head-on by an out-of-control pickup truck. The reader will discover through her spell-

binding story-telling: • how difficult it is for a very independent woman to become totally dependent • what parts of her life are lost forever • what character traits help her survive and recover • the role of family, friends and church • what saves her from financial ruin • what she wishes she had known before she left the hospital • what happens to her faith • what she discovers really matters in life. Life can change in an instant, but Liere knows that she is now ready for what tomorrow may bring. Her physical loss has truly been her soul's gain. For book clubs and faith study groups there is a study guide at the end of the book that will provide for the readers' discussion of the insights gained from this inspiring story.
