This uniquely effective new introductory Italian language program meets the needs of instructors as well as learners. Three significant characteristics set *Avanti!* apart from other beginning Italian texts currently available: First, in response to instructors' concern that most textbooks attempt to cover too much material in the first year, *Avanti!* reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Second, *Avanti!* strives to satisfy students' desire to communicate in everyday situations right from the start. Third, the methodology of *Avanti!* is firmly grounded in the latest findings from research in second language acquisition and foreign language pedagogy.
