Supertramp - Greatest Hits (Songbook) Hal Leonard Corporation

(Book). The year 2018 marks the 50th anniversary of Led Zeppelin's formation. From their first rehearsal in a small dingy space in Soho in 1968 until their last concert in 1980, the band conquered the world. Their grueling concert work schedule captured young people's imagination around the globe. Unique inventiveness and originality guaranteed huge album sales and sold-out concerts. Robert Plant and Jimmy Page were the charismatic front men, backed by the superhuman rhythm section of John Bonham and John Paul Jones. Together they produced some truly timeless music, which continues to endure today. Their huge popularity, however, inevitably came at a cost when drugs and alcohol abuse in the last few years of the band's existence started to stifle their creative force, and the untimely death of drummer John Bonham signaled the end of the band. This day-by-day book details all of the concerts the band performed with set lists (where known) and includes reviews of several significant shows throughout their career. Recording sessions for each album and session work undertaken by individual members are listed in chronological order. The book also corrects previously undetected mistakes as well as providing new information. Quotes from recording engineers and studio staff help paint a true picture of what it was like being in the studio with the band.
