CANTU POTTS

The Chicago Manual of Style University of Chicago Press
"The first great rock 'n' roll novel in the English language." --The Times
On Valentine's Day, 1989, Vina Apsara, a famous and much-loved singer, disappears in a devastating earthquake. Her lover, the singer Ormus Cama, cannot accept that he has lost her, and so begins his eternal quest to find her and bring her back. His journey takes him across the globe and through cities pulsating with the power of rock 'n' roll, to Bombay, London and New York. But around the star-crossed lover and his quest, the uncertain world itself is beginning to tremble and break. Cracks and tears are appearing in the very fabric of reality, and exposing the abyss beyond. And Ormus has to confront just how far he is willing to go for love. In this epic romance that stretches across whole lives, and even beyond death, Salman Rushdie's most accessible novel is also a vivid account of the intimate, flawed encounter between East and West, a remaking of the myth of Orpheus, and an

exploration of the extremities of comedy, culture and desire. The Ground Beneath Her Feet is a gripping story that encapsulates the history, dreams and passions of the last half century as no other novel has done.

MLA Style Manual and Guide to Scholarly Publishing

University of Chicago Press

The Publication Manual of the American Psychological Association is the style manual of choice for writers, editors, students, and educators in the social and behavioral sciences, nursing, education, business, and related disciplines.

Clay and Glazes for the Potter Manchester University Press

The Physical Phenomena of Mysticism by Herbert Thurston is the result of the author's tireless study of a wide range of psychic phenomena, including, levitation, stigmata, telekinesis, luminous phenomena, inedia (living without food), and more.

EQUAL SUBJECTS, UNEQUAL RIGHTS

Penguin

"Now, with 'The making of the American essay' the editor

includes selections ranging from Anne Bradstreet's secular prayers to Washington Irving's satires, Emily Dickinson's love letters to Kenneth Goldsmith's catalog's, Gertrude Stein's portraits to James Baldwin's and Norman Mailer's mediations on boxing. In this volume the editor uncovers new stories in the American essay's past and shows us that some of the most fiercely daring writers in the American literary canon have turned to the essay in order to produce some of our culture's most exhilarating art."-- book jacket.

"Smith's thrilling cultural insights never overshadow the wholeness of her characters, who are so keenly observed that one feels witness to their lives." —O, The Oprah Magazine "A sweeping meditation on art, race, and identity that may be [Smith's] most ambitious work yet." —Esquire A New York Times bestseller • Finalist for the National Book Critics Circle Award for Fiction • Longlisted for the Man Booker Prize An ambitious, exuberant new novel moving from North West London to West Africa, from the multi-award-winning author of *White Teeth* and *On Beauty*. Two brown girls dream of being dancers—but only one, Tracey, has talent. The other has ideas: about rhythm and time, about black bodies and black music, what constitutes a tribe, or makes a person truly free. It's a close but complicated childhood friendship that ends abruptly in their early twenties, never to be revisited, but never quite forgotten, either. Tracey

makes it to the chorus line but struggles with adult life, while her friend leaves the old neighborhood behind, traveling the world as an assistant to a famous singer, Aimee, observing close up how the one percent live. But when Aimee develops grand philanthropic ambitions, the story moves from London to West Africa, where diaspora tourists travel back in time to find their roots, young men risk their lives to escape into a different future, the women dance just like Tracey—the same twists, the same shakes—and the origins of a profound inequality are not a matter of distant history, but a present dance to the music of time. Zadie Smith's newest book, *Grand Union*, published in 2019.

THE GROUND BENEATH HER FEET

University of Chicago Press

A guide to citing bibliographic data according to MLA, APA, and Chicago style guidelines also discusses how to conduct research while avoiding plagiarism.

The Night Lives On Routledge

The world's leading scientific thinkers explore bold, remarkable, perilous ideas that could change our lives—for better . . . or for worse . . . From Copernicus to Darwin, to current-day thinkers, scientists have always promoted theories and unveiled discoveries that challenge everything society holds dear; ideas with both positive and dire consequences. Many thoughts that resonate today are dangerous not because they are assumed to be false, but because they might turn out to be true. What do the world's leading scientists and thinkers consider to be their most dangerous idea? Through the leading online forum Edge (www.edge.org), the call went out, and this compelling and easily

digestible volume collects the answers. From using medication to permanently alter our personalities to contemplating a universe in which we are utterly alone, to the idea that the universe might be fundamentally inexplicable, *What Is Your Dangerous Idea?* takes an unflinching look at the daring, breathtaking, sometimes terrifying thoughts that could forever alter our world and the way we live in it. Contributors include Daniel C. Dennett • Jared Diamond • Brian Greene • Matt Ridley • Howard Gardner and Freeman Dyson, among others

INDEXES

SourceAid, LLC

Since its publication in 1985, the "MLA Style Manual" has been the standard guide for graduate students, teachers, and scholars in the humanities and for professional writers in many fields.

Extensively reorganized and revised, the new edition contains several added sections and updated guidelines on citing electronic works--including materials found on the World Wide Web.

A Manual for Writers of Dissertations Cengage Learning

Largely ignored by mainstream audiences for the first thirty years of her career, Anais Nin (1903-1977) finally came into her own with the publication of the first part of her diary in 1966.

Thereafter she was catapulted into fame. Throughout the late sixties and the seventies she attracted a host of devoted and admiring readers in the counter culture, who were magnetized by her personal liberation and openness. For a woman to make such probing exploration of the intimate recesses of her psyche made her a cult figure with a large and lasting readership. Born in

France, Anais Nin lived much of her life in America. Her liaison with Henry Miller and his wife June, documented in her explicitly detailed diaries, became the subject of a major film of the nineties. Her forthright books, her diaries that continue to be published in a steady flow, and her charismatic charm made her the subject of many candid interviews, such as those collected here. Eight included in this volume are printed for the first time. Many others were originally published in magazines that are now defunct. Nin elaborates on subjects only touched upon in the diaries, and she speaks also of her role in the women's movement and of her philosophies on art, writing, and individual growth.

Referencing Guide University of Chicago Press

In this New York Times bestseller, the author of *A Night to Remember* and *The Miracle of Dunkirk* revisits the Titanic disaster. Walter Lord's *A Night to Remember* was a landmark work that recounted the harrowing events of April 14, 1912, when the British ocean liner RMS Titanic went down in the North Atlantic Ocean, a book that inspired a classic movie of the same name. In *The Night Lives On*, Lord takes the exploration further, revealing information about the ship's last hours that emerged in the decades that followed, and separating myths from facts. Was the ship really christened before setting sail on its maiden

voyage? What song did the band play as water spilled over the bow? How did the ship's wireless operators fail so badly, and why did the nearby Californian, just ten miles away when the Titanic struck the iceberg, not come to the rescue? Lord answers these questions and more, in a gripping investigation of the night when approximately 1,500 victims were lost to the sea.

The Chicago Manual of Style

Oxford Handbook of Positive Psychology and Work Univ of Chicago+ORM

This volume examines what positive psychology offers to our understanding of key issues in working life today. The chapters focus on such topics as strengths, leadership, human resource management, employee engagement, communications, well-being, and work-life balance.

ROME AND CHINA

University of Chicago Press

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. This book focuses on the ways in which the British settler colonies of Australia, Canada, New Zealand and South Africa treated indigenous peoples in relation to political rights, commencing with the imperial policies of the 1830s and ending with the national political settlements in place by 1910. Drawing on a wide range of sources, its

comparative approach provides an insight into the historical foundations of present-day controversies in these settler societies.

A CURIOUS MIND

Oxford University Press, USA

The authoritative guide to using the English language effectively, from “the greatest writer on grammar and usage that this country has ever produced” (David Yerkes, Columbia University). The author of The Chicago Manual of Style’s popular “Grammar and Usage” chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With The Chicago Guide to Grammar, Usage, and Punctuation, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. The Chicago Guide to Grammar, Usage,

and Punctuation is a magisterial work, the culmination of Garner's lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. "[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it."—John E. McIntyre, *Baltimore Sun*

The Making of the American Essay University of Chicago Press

This collection of specially commissioned essays provides the first social history of masculinity in the 'long eighteenth century'. Drawing on diaries, court records and prescriptive literature, it explores the different identities of late Stuart and Georgian men. The heterosexual fop, the homosexual, the polite gentleman, the blackguard, the man of religion, the reader of erotica and the violent aggressor are each examined here, and in the process a new and increasingly important field of historical enquiry is opened up to the non-specialist reader. The book opens with a substantial introduction by the Editors. This provides readers with a detailed context for the chapters which follow. The core of the book is divided into four main parts looking at sociability, virtue and friendship, violence, and sexuality. Within this framework each chapter forms a self-contained unit, with its own methodology, sources and argument. The chapters address issues such as the correlations between masculinity and Protestantism; masculinity, Englishness and taciturnity; and the impact of changing representations of homosexual desire on the

social organisation of heterosexuality. Misogyny, James Boswell's self-presentation, the literary and metaphorical representation of the body, the roles of gossip and violence in men's lives, are each addressed in individual chapters. The volume is concluded by a wide-ranging synoptic essay by John Tosh, which sets a new agenda for the history of masculinity. An extensive guide to further reading is also provided. Designed for students, academics and the general reader alike, this collection of essays provides a wide-ranging and accessible framework within which to understand eighteenth-century men. Because of the variety of approaches and conclusions it contains, and because this is the first attempt to bring together a comprehensive set of writings on the social history of eighteenth-century masculinity, this volume does something quite new. It de-centres and problematises the male 'standard' and explores the complex and disparate masculinities enacted by the men of this period. This will be essential reading for anyone interested in eighteenth-century British social history.

ENGLISH MASCULINITIES, 1660-1800

American Psychological Association (APA)

This revolutionary introductory performance studies coursebook brings together classic texts in critical theory and shows how these texts can be used in the analysis of performance. The editors put their texts to work in examining such key topics as: * decoding the sign * the politics of performance * the politics of gender and sexual identity * performing ethnicity * the performing body * the space of performance * audience and spectatorship * the borders of performance. Each reading is

clearly introduced, making often complex critical texts accessible at an introductory level and immediately applicable to the field of performance. The ideas explored within these readings are further clarified through innovative, carefully tested exercises and activities.

The Blackwell Companion to the Bible in English Literature

Oxford University Press

Each year writers and editors submit over three thousand grammar and style questions to the Q&A page at The Chicago Manual of Style Online. Some are arcane, some simply hilarious—and one editor, Carol Fisher Saller, reads every single one of them. All too often she notes a classic author-editor standoff, wherein both parties refuse to compromise on the "rights" and "wrongs" of prose styling: "This author is giving me a fit." "I wish that I could just DEMAND the use of the serial comma at all times." "My author wants his preface to come at the end of the book. This just seems ridiculous to me. I mean, it's not a post-face." In *The Subversive Copy Editor*, Saller casts aside this adversarial view and suggests new strategies for keeping the peace. Emphasizing habits of carefulness, transparency, and flexibility, she shows copy editors how to build an environment of trust and cooperation. One chapter takes on the difficult author; another speaks to writers themselves. Throughout, the focus is on serving the reader, even if it means breaking "rules" along the way. Saller's own foibles and misadventures provide ample

material: "I mess up all the time," she confesses. "It's how I know things." Writers, Saller acknowledges, are only half the challenge, as copy editors can also make trouble for themselves. (Does any other book have an index entry that says "terrorists. See copy editors"?) The book includes helpful sections on e-mail etiquette, work-flow management, prioritizing, and organizing computer files. One chapter even addresses the special concerns of freelance editors. Saller's emphasis on negotiation and flexibility will surprise many copy editors who have absorbed, along with the dos and don'ts of their stylebooks, an attitude that their way is the right way. In encouraging copy editors to banish their ignorance and disorganization, insecurities and compulsions, the Chicago Q&A presents itself as a kind of alter ego to the comparatively staid *Manual of Style*. In *The Subversive Copy Editor*, Saller continues her mission with audacity and good humor.

The Chicago Manual of Style Harper Collins

The Information-Literate Historian: A Guide to Research for History Students is the only book specifically designed to teach today's history students how to successfully select and use sources—primary, secondary, and electronic—to carry out and present their research. Expanded and updated, the third edition of *The Information-Literate Historian* continues to be an indispensable reference for historians, students, and other readers doing history research.
