*The Scot Beds  
His Wife*  
HarperCollins  
For the first  
time, a  
Neuroscientist  
and Senior  
Lecturer at  
MIT reveals  
the surprising  
science that  
supports The  
Law of  
Attraction as  
an effective  
tool for self-  
discovery and

offers a guide  
to discovering  
your authentic  
self to access  
your best life  
now. Self-help  
books like The  
Secret show  
us that if we  
can tap into  
“The Law of  
Attraction,”  
we have the  
power to  
change our  
destiny simply  
by reshaping  
our mind.  
Millions of  
people have  
used the  
ancient  
systems of

manifestation  
and  
visualization  
to find health,  
success, love,  
friendship,  
wealth, and  
more. But  
does the “Law  
of Attraction”  
actually work?  
And more  
important, is  
this kind of  
life-changing  
philosophy  
within reach  
for everyone,  
even the most  
skeptical  
among us? As  
Dr. Tara  
Swart,

psychiatrist, neuroscientist, and Senior Lecturer at MIT shows us in *The Source*, if we can strip away our skepticism, these ancient tools of manifestation and visualization are fundamentally powerful and incredibly effective at freeing us of self-limiting behaviors and propelling us toward our truest, most authentic selves. Swart reveals how and why these systems actually work by offering the

latest breakthroughs in neuroscience and behavioral psychology, including lessons in neuroplasticity, magneticism, emotional and logical thinking, and even hydration, self-care, and relaxation. Next, she describes her own journey from skeptic to believer, and guides readers through the scientific breakthroughs and personal revelations that changed her from an

unhappy, close-minded, and disconnected woman wanting more from life, to a successful entrepreneur living with confidence, purpose, and joy. The truth is, most of the things we want—health, happiness, wealth, love—are governed by our ability to think, feel, and act—in other words, by our brain. Dr. Swart combines the insights and inspiration of *The Secret* with the practical

lessons of The Master Key System to help a new generation fulfill their dreams. The Source is a rigorous, proven toolkit for unlocking our minds—and reaching our fullest potential.

This is a volume you will want to read, reread, cherish--and then share with friends and loved ones. And it is priced so affordably that you can do just that. *The Power of*

*Henry's Imagination (The Secret)* WestBow Press  
The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller.

Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every

interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling

stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

### **THE SECRET GRATITUDE BOOK**

Biblioteca Nationala a Romaniei  
The straight-talking, New York Times bestselling author and Pitbull of Personal Development® is back with a pithy and prescriptive guide to success. A

five-time bestselling author and one of the country's leading business speakers, Larry has made a reputation for being the first to challenge the positive-attraction gurus and the law-of-attraction bozos with his commonsense approach to success. Larry doesn't sugar-coat, and he isn't afraid to make people uncomfortable, because he wants us to stop making excuses, and start getting

results. In the New York Times and Wall Street Journal bestseller *Grow a Pair*, Larry takes on entitlement culture, the self-help movement, political correctness, and more. We've all heard the phrase "grow a pair," but Larry's advice isn't about anatomy—it's about attitude. To get the success we want, we need to reject victimhood in favor of being assertive and finally taking

some responsibility. With prescriptive advice on goal achieving, career, personal finance, and more, *Grow a Pair* will give the readers the kick in the pants they need.

### **THE BREAKTHROUGH EXPERIENCE**

## **THIS DYNAMIC WORLD**

Hay House, Inc  
"The contributors to this volume deal with the notion of belonging - how it evolves, manifests itself, is shaped and challenged - across a range of contexts in contemporary Ireland. In *Belongings*, the reader is invited to contemplate recent developments in Irish society through the eyes of sociologists,

who scrutinise a series of events and issues relevant to the years 2005 and 2006. The book provides sociological insights into such diverse topics as the Michael Neary case, the Miss China Ireland pageant, Paddy Power's provocative advertisements and the Jumbo Breakfast Roll. It re-visits events such as the 2006 commemoration of the 1916 Rising, the opening of the Dundrum Town Centre and the Irish

Ferries dispute. Issues such as apartment-living, new planned communities, the busyness of everyday life, the attraction of self-help books, and the fervour of 'Munster mania' are examined in a fresh and engaging way."--BOOK JACKET.

## HELP - I'M MENOPAUSA L

Devorss Publications An awe-inspiring compilation of the most uplifting and powerful real-life stories

from readers of the worldwide bestseller The Secret. Discover how everyday people completely transformed their lives by applying the teachings of The Secret. Since the very first publication of The Secret a decade ago, Rhonda Byrne's bestselling book has brought forth an explosion of real people sharing real stories of how their real lives have miraculously changed for

the better. How The Secret Changed My Life presents a selection of the most heartwarming and moving stories in one inspirational volume. Each story provides an authentic, real-life illustration of the pathway that leads to success in every area of life: money, health, relationships, love, family, and career. The people in How The Secret Changed My Life show time and again that no one is

excluded from living the life of their dreams. The Secret Daily Teachings Penguin “Using her deep understanding of self-psychological theory and her own extensive clinical experience, Karen Krett offers us a scholarly yet down-to-earth examination of hope. For too long, hope has been promoted as an unmitigated virtue without any consideration of its dark

side. Yet as Krett shows through revealing clinical examples, hope may also impede development and contribute to psychological suffering. Her book serves as a wonderful guide from hope’s dark side to the light.” Doris Brothers, Ph.D., author of *Toward a Psychology of Uncertainty: Trauma-Centered Psychoanalysis and Falling Backward: An Exploration of Trust and Self-Experience.*

Hope saturates the cultural air we breathe: in movies, songs, advertising, political slogans and self-help books. Now, for the first time, Karen Krett, LCSW, is putting “hope” on the therapist’s couch. Krett examines the duality of hope. In childhood, hope can be the emotional glue that keeps us from falling apart, from losing the thread of life. In adulthood, unconscious

patterns of hoping for what can never be often interfere with our ability to make good choices in love and work. It may seem as if giving up any hope would mean the end of us, but Krett offers a refreshingly different perspective: by breaking the hold of the dark side of hope, we can become free to direct ourselves toward hopes which can be realized. His unique voice is particularly valuable as it comes from the first-hand survivor. He would like his book to inspire all readers to enquire, to

seek improvement in their lifestyle, and to be well.

### **THE DARK SIDE OF HOPE**

Xlibris Corporation  
A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

**Ask and It Is Given** Simon and Schuster Secret Scrolls is the very first examination of some forty novels in which someone discovers a new gospel. Sometimes it

turns out to be a hoax; will it be debunked before it can work its mischief? If it proves genuine, will it be brought to light? Or will corrupt church officials manage to prevent it? The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general. Sometimes the authors have done their homework; other times

they haven't bothered, and they wind up dishing up crazy rewrites of history and outlandish theories. These novels deal with abiding issues of faith, even without some new discovery. As soon as one engages in biblical apologetics, one has stepped onto the marshy ground of probabilistic arguments, an entirely different epistemology that automatically replaces simple faith.

And so one comes to hold one's religious convictions more tentatively, having become genuinely vulnerable to new evidence. One may not remain a believer for long. On the other hand, one invites fanaticism if one's faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board. Secret Scrolls assesses what each author imagines it would take to

derail and debunk Christianity. How mighty a blow must be dealt before the religion would fall? Dan Brown's notion that a married Jesus would debunk the Nicene Creed is laughable. As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research, there is a genuine romance of New Testament scholarship, and many of us are

delighted to have the adventure continue in the speculative imaginations of capable novelists. These books can both entertain and educate, and so will Secret Scrolls.
