Star-Touched Stories Penguin
An updated edition of the award-winning
analysis of the role of race in the
classroom features a new author
introduction and framing essays by

Herbert Kohl and Charles Payne, in an
account that shares ideas about how
teachers can function as "cultural
transmitters" in contemporary schools and
communicate more effectively to
overcome race-related academic
challenges. Original.

Dead Silence The Silenced Majority
"Amy Goodman has taken investigative journalism to new heights of exciting, informative, and probing analysis."-Noam Chomsky Amy Goodman and Denis Moynihan began writing a weekly column, "Breaking the Sound Barrier," for King Features Syndicate in 2006. This timely new sequel to Goodman's New York Times bestseller of the same name gives voice to the many ordinary people standing up to corporate and government power-and refusing to be silent. The Silenced Majority pulls back the veil of corporate mediareporting to dig deep into the politics of "climate apartheid," the implications of the Fukushima nuclear disaster, the movement to halt the execution of Troy Anthony Davis, and the globalization of dissent "From Tahrir Square to Liberty Plaza." Throughout Goodman and Moynihan show the power of ordinary people to change their media-and change the world. Amy Goodman is a multiple New York Times best-selling author and the host and executive producer of Democracy Now! a daily independent news program airing on more than one thousand television and radio

stations. Time named Democracy Now! its "Pick of the Podcasts," along with NBC's Meet the Press. Goodman is the first journalist to receive the Right Livelihood Award, widely known as the "Alternative Nobel Prize." Denis Moynihan, since helping co-found Democracy Now! as an independent production company in 2002, has participated in the organization's growth, focusing primarily on distribution, infrastructure development, and coordinating complex live broadcasts from all continents (save Antarctica). He lives in Denver, Colorado. "--

RAISE YOUR VOICE

Melville House

A war correspondent describes her experiences in some of the world's most dangerous regions and shares cultural recipes that she collected from the people she met.

I Must Betray You InterVarsity Press

"If I could, I would put this book into the hands of every Christian in America." —Dr. David Jeremiah "Be strong and courageous. Do not be frightened, and do not be dismayed, for the LORD your God is with you wherever you go" (Joshua 1:9).

Each day, you watch America turn further from Christian values and the core principles of liberty. It's frustrating to feel you can't assert biblical truth without facing condemnation, and fearful to witness outrage and victimhood replace respect and reason. Amidst this dissent, how can you not only stay rooted in your own faith, but continue publicly testifying for Jesus? In *We Will Not Be Silenced*, Dr. Erwin W. Lutzer prepares you to live out your convictions against a growing tide of hostility. Gain a better understanding of nonbelievers' legitimate hurts and concerns regarding issues like racism, sexism, and poverty—and identify the toxic responses secular culture disguises as solutions. In the process, you'll see how you can show compassion and gentleness to those outside of the faith without affirming their beliefs. *We Will Not Be Silenced* will ready you to move beyond fear and boldly accept the challenge of representing Christ to a watching world that needs Him now more than ever before.

GIRL IN PIECES

Tor Books

2018 Frederick Douglass Book Prize Co-Winner 2018 John Hope Franklin Prize Finalist 2018 Zora Neale Hurston/Richard Wright Legacy Award (Nonfiction) Winner 2018 American Book Award Winner 2018 Harriet Tubman Prize Finalist Longlisted for the 2018 Cundill History Prize 2018 Merle Curti Social History Award Winner 2018 James A. Rawley Prize Co-Winner A New York Times Editor's Choice selection A Michigan Notable Book of 2018 A Booklist Editors' Choice Title for 2017 "If many Americans imagine slavery essentially as a system in which black men toiled on cotton plantations, Miles upends that stereotype several times over." --New York Times Book Review "[Miles] has compiled documentation that does for Detroit what the Works Progress Administration and the Federal Writers' Project slave narratives did for other regions, primarily the South." --Washington Post "[Tiya Miles] is among the best when it comes to blending artful storytelling with an unwavering sense of social justice." --Martha S. Jones in The Chronicle of Higher Education "A necessary work of powerful, probing scholarship." --Publisher Weekly (starred)

"A book likely to stand at the head of further research into the problem of Native and African-American slavery in the north country." --Kirkus Reviews The prizewinning, nationally celebrated account of the slave origins of a major northern city A brilliant paradigm-shifting book that "transports the reader back to the eighteenth century and brings to life a multiracial community that began in slavery" (The New York Times), *The Dawn of Detroit* reveals for the first time that slavery was at the heart of the Midwest's iconic city. Hailed by Publishers Weekly in a starred review as "a necessary work of powerful, probing scholarship," *The Dawn of Detroit* meticulously uncovers the experience of the unfree--both native and African American--in a place wildly remote yet at the center of national and international conflict. Tiya Miles has skillfully assembled fragments of a distant historical record, introducing new historical figures and unearthing struggles that remained hidden from view until now. "In her eloquent account," the Washington Post declared, "Miles conjures up a city of stark disparity and lives quashed." A message from the past for our troubled

present, *The Dawn of Detroit* is "an outstanding contribution that seeks to integrate the entirety of U.S. history, admirable and ugly, to offer a more holistic understanding of the country" (Booklist, starred review).

Out of Joint Hachette Books

"This book is a daring intervention to get us back in the game—and a witty, delightfully personal meditation on collective power." —Naomi Klein The energy on the left has never been higher. But because there are so many issues to tackle, each one more urgent and divisive than the next, some say progressives will once again fail to seize the moment and gain real power. But what if we're getting the story all wrong? In *The Marginalized Majority*, Onnesha Roychoudhuri makes the galvanizing case that our plurality of identities is not only our greatest strength, but is also at the indisputable core of successful progressive change throughout history. From the civil rights movement to the Women's March, mainstream media to Saturday Night Live, Roychoudhuri illuminates how historical narratives are written and, by holding the myths about our disenfranchisement up to the light,

reveals we have far more power than we're often led to believe. With both clear-eyed hope and electrifying power, she examines our ideas about what's possible, and what's necessary—opening up space for action, new realities, and, ultimately, survival. Now, Roychoudhuri urges us, is the time to fight like the majority we already are.

SILENCED VOICES

Penguin UK

"An extraordinary novel . . . a triumph of insight and storytelling." —Associated Press "A true masterpiece." —Glennon Doyle, author of Untamed An extraordinary story set in the first century about a woman who finds her voice and her destiny, from the celebrated number one New York Times bestselling author of *The Secret Life of Bees* and *The Invention of Wings* In her mesmerizing fourth work of fiction, Sue Monk Kidd takes an audacious approach to history and brings her acclaimed narrative gifts to imagine the story of a young woman named Ana. Raised in a wealthy family with ties to the ruler of Galilee, she is rebellious and ambitious, with a brilliant mind and a

daring spirit. She engages in furtive scholarly pursuits and writes narratives about neglected and silenced women. Ana is expected to marry an older widower, a prospect that horrifies her. An encounter with eighteen-year-old Jesus changes everything. Their marriage evolves with love and conflict, humor and pathos in Nazareth, where Ana makes a home with Jesus, his brothers, and their mother, Mary. Ana's pent-up longings intensify amid the turbulent resistance to Rome's occupation of Israel, partially led by her brother, Judas. She is sustained by her fearless aunt Yaltha, who harbors a compelling secret. When Ana commits a brazen act that puts her in peril, she flees to Alexandria, where startling revelations and greater dangers unfold, and she finds refuge in unexpected surroundings. Ana determines her fate during a stunning convergence of events considered among the most impactful in human history. Grounded in meticulous research and written with a reverential approach to Jesus's life that focuses on his humanity, *The Book of Longings* is an inspiring, unforgettable account of one woman's bold struggle to realize the passion and

potential inside her, while living in a time, place and culture devised to silence her. It is a triumph of storytelling both timely and timeless, from a masterful writer at the height of her powers.

[Adventures in a TV Nation](#) Read Books Ltd

It can be hard to speak up when power dynamics keep us silent and marginalized, especially when race, ethnicity, and gender are factors. Activist Kathy Khang roots our voice and identity in the image of God, showing how we can raise our voices for the sake of God's justice. We are created to speak, and we can both speak up for ourselves and speak out on behalf of others.

[Breaking the Sound Barrier](#) Henry Holt and Company

A celebration of the revolutionary change Amy and David Goodman have witnessed during the two decades of their acclaimed television and radio news program *Democracy Now!*—and how small individual acts from progressive heroes have produced lasting results. In 1996 Amy Goodman began hosting a show called *Democracy Now!* to focus on the issues and movements that are too often ignored by the corporate media. Today it

is the largest public media collaboration in the US. This important book looks back over the past twenty years of Democracy Now! and the powerful movements and charismatic leaders who are re-shaping our world. Goodman takes us along as she goes to where the silence is, bringing out voices from the streets of Ferguson to Staten Island, Wall Street, and South Carolina to East Timor—and other places where people are rising up to demand justice. Giving voice to those who have been forgotten, forsaken, and beaten down by the powerful, Democracy Now! pays tribute to those progressive heroes—the whistleblowers, the organizers, the protestors—who have brought about remarkable, often invisible change over the last couple of decades in seismic ways. This is “an impassioned book aiming to fuel informed participation, outrage, and dissent” (Kirkus Reviews).

THE HUMAN TRADITION IN ANTEBELLUM AMERICA

Penguin

She begins, in the morning, by casing her joints: Can her ankles take the stairs? Will her fingers open a jar? Peel an orange?

But it was not always this way for Mary Felstiner, who went to bed one night an active professional and healthy young mother, and woke the next morning literally out of joint. With wrists and elbows no longer working right, she'd discovered one of the first signs of rheumatoid arthritis, the most virulent form of a common disease. Out of Joint is her account of living through arthritis, a distinction she shares with seventy million Americans. While arthritis pain affects one out of three Americans, this book is the first to tell the personal story of the nation's most common yet neglected disease. Part memoir, part medical and social history, Out of Joint folds the author's private experience into far-reaching investigations of a socially hidden ailment and of any chronic condition—how to handle love, work, sexuality, fatigue, betrayal, pain, time, mortality, rights, myths, and memory. Moving from the 1940s to the present, this story of one life with arthritis exposes little-known medical research and provocative social issues: alarming controversies over arthritis miracle drugs, intense demands concerning disability,

and the surprising and disproportionate number of women affected by chronic illness. From this prize-winning historian comes a call for healing through history, a moving meditation on the way chronic conditions can be treated by enlisting the past.

The Book of Longings Simon and Schuster

The Silenced Majority Haymarket Books
The Dawn of Detroit Rowman & Littlefield
A New York Times bestseller! “Lively and absorbing. . .” — The New York Times Book Review “Engrossing.” —Wall Street Journal “Entertaining and well-researched . . .” —Houston Chronicle
Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from

Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as *Forget the Alamo* definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. *Forget the Alamo* provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than

ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

The Exception To The Rulers U of Nebraska Press

A New York Times Notable Book of 2020 "[A] sweeping and authoritative history" (The New York Times Book Review), *Black Wave* is an unprecedented and ambitious examination of how the modern Middle East unraveled and why it started with the pivotal year of 1979. Kim Ghattas seamlessly weaves together history, geopolitics, and culture to deliver a gripping read of the largely unexplored story of the rivalry between Saudi Arabia and Iran, born from the sparks of the 1979 Iranian revolution and fueled by American policy. With vivid story-telling, extensive historical research and on-the-ground reporting, Ghattas dispels accepted truths about a region she calls home. She explores how Sunni Saudi Arabia and Shia Iran, once allies and twin pillars of US strategy in the region,

became mortal enemies after 1979. She shows how they used and distorted religion in a competition that went well beyond geopolitics. Feeding intolerance, suppressing cultural expression, and encouraging sectarian violence from Egypt to Pakistan, the war for cultural supremacy led to Iran's fatwa against author Salman Rushdie, the assassination of countless intellectuals, the birth of groups like Hezbollah in Lebanon, the September 11th terrorist attacks, and the rise of ISIS. Ghattas introduces us to a riveting cast of characters whose lives were upended by the geopolitical drama over four decades: from the Pakistani television anchor who defied her country's dictator, to the Egyptian novelist thrown in jail for indecent writings all the way to the murder of journalist Jamal Khashoggi in the Saudi consulate in Istanbul in 2018. *Black Wave* is both an intimate and sweeping history of the region and will significantly alter perceptions of the Middle East.

Black Wave Simon and Schuster "Five Tuesdays in Winter moved me, inspired me, thrilled me. It filled up every chamber of my heart. I loved this book."

—Ann Patchett By the award-winning, New York Times bestselling author of *Writers & Lovers* and *Euphoria* comes a masterful new collection of short stories *Lily King*, one of the most "brilliant" (New York Times Book Review), "wildly talented" (Chicago Tribune), and treasured authors of contemporary fiction, returns after her recent bestselling novels with *Five Tuesdays in Winter*, her first book of short fiction. Told in the intimate voices of complex, endearing characters, *Five Tuesdays in Winter* intriguingly subverts expectations as it explores desire, loss, jolting violence, and the inexorable tug toward love at all costs. A reclusive bookseller begins to feel the discomfort of love again. Two college roommates have a devastating middle-aged reunion. A proud old man rages powerlessly in his granddaughter's hospital room. A writer receives a visit from all the men who have tried to suppress her voice. Romantic, hopeful, brutally raw, and unsparingly honest, this wide-ranging collection of ten selected stories by one of our most accomplished chroniclers of the human heart is an exciting addition to Lily King's oeuvre of acclaimed fiction.

It's Our Turn to Eat Harvest House Publishers
Standing Up to the Madness not only is a timely, inspiring, and even revolutionary look at who wields the greatest power in America--everyday people who take a chance and stand up for what they believe in--but also offers advice on what you can do to help. Where are the millions marching in the streets to defend human rights, civil liberties, and racial justice? Where is the mass revulsion against the killing and torture being carried out in our name? Where are the environmentalists? Where is the peace movement? The answer: They are everywhere. The award-winning sister-brother team of Amy Goodman, host of *Democracy Now!*, and investigative journalist David Goodman traveled the country to detail the ways in which grassroots activists have taken politics out of the hands of politicians. *Standing Up to the Madness* tells the stories of everyday citizens who have challenged the government and prevailed. As the Bush administration has waged war abroad and at home, it has catalyzed a vast groundswell of political action. From African-American residents of deluged

New Orleans who are fighting racism and City Hall to regain their homes; to four Connecticut librarians who refused to spy on their patrons, challenged the USA PATRIOT Act, and won; to a group of high school students who were barred from performing a play they wrote on the Iraq War based on letters from soldiers; to the first U.S. Army officer to publicly refuse orders to deploy to Iraq, charging that his duty as an officer is to refuse to fight in an illegal and immoral war, *Standing Up to the Madness* profiles citizens rising to extraordinary challenges. And, in the process, they are changing the way that politics is done, both now and in the future. In communities around the United States, courageous individuals have taken leaps of faith to stop the madness. They could only hope that if they led, others would follow. That is how movements are born. What begins as one, eventually becomes many. In that tradition, the authors have included the ways in which any individual can take action and effect change.

Standing Up to the Madness Haymarket Books

Dr. Tim Groseclose, a professor of political

science and economics at UCLA, has spent years constructing precise, quantitative measures of the slant of media outlets. He does this by measuring the political content of news, as a way to measure the PQ, or "political quotient" of voters and politicians. Among his conclusions are: (i) all mainstream media outlets have a liberal bias; and (ii) while some supposedly conservative outlets—such the Washington Times or Fox News' Special Report—do lean right, their conservative bias is less than the liberal bias of most mainstream outlets. Groseclose contends that the general leftward bias of the media has shifted the PQ of the average American by about 20 points, on a scale of 100, the difference between the current political views of the average American, and the political views of the average resident of Orange County, California or Salt Lake County, Utah. With Left Turn readers can easily calculate their own PQ—to decide for themselves if the bias exists. This timely, much-needed study brings fact to this often overheated debate.

Static Bold Type Books

Fans of Girl, Interrupted, Thirteen Reasons

Why, and All the Bright Places will love this New York Times bestseller. "A haunting, beautiful, and necessary book that will stay with you long after you've read the last page."—Nicola Yoon, #1 New York Times bestselling author of Everything, Everything and The Sun Is Also a Star
Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. And don't miss Kathleen Glasgow's novels You'd Be Home Now and

How to Make Friends with the Dark, both raw and powerful stories of life.

THE SILENCED MAJORITY

Baker Books

A Most-Anticipated Title in Bustle, i09, LitHub, PopSugar, CrimeReads, BookRiot, GoodReads and more. STARRED Review in BookPage! Titanic meets The Shining in this SF horror novel in which a woman and her crew board a decades-lost luxury cruiser and find the wreckage of a nightmare that hasn't yet ended. Claire Kovalik is days away from being unemployed—made obsolete—when her beacon repair crew picks up a strange distress signal. With nothing to lose and no desire to return to Earth, Claire and her team decide to investigate. What they find is shocking: the Aurora, a famous luxury spaceliner that vanished on its maiden tour of the solar system more than twenty years ago. A salvage claim like this could set Claire and her crew up for life. But a quick search of the ship reveals something isn't right. Whispers in the dark. Flickers of movement. Messages scrawled in blood. Claire must fight to hold on to her sanity and find out what really happened on the

Aurora before she and her crew meet the same ghastly fate. "Truly un-put-downable in its purest sense." Chloe Gong, #1 New York Times bestselling author of *These Violent Delights* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Peace Meals Prentice Hall

The object of this book is to point out the most characteristic practical features of the federal system. Taking Congress as

the central and predominant power of the system, its object is to illustrate everything Congressional. Everybody has seen, and critics without number have said, that our form of national government is singular, possessing a character altogether its own; but there is abundant evidence that very few have seen just wherein it differs most essentially from the other governments of the world. There have been and are other federal systems quite similar, and scarcely any legislative or administrative principle of our

Constitution was young even when that Constitution was framed. Contents: The House of Representatives The House of Representatives. Revenue and Supply The Senate The Executive
