In this new telling of Mexico's Second Empire and Louis Napoléon's installation of Maximilian von Habsburg and his wife, Carlota of Belgium, as the emperor and empress of Mexico, Maximilian and Carlota brings the dramatic, interesting, and tragic time of this six-year-siege to life. From 1861 to 1866, the French incorporated the armies of Austria, Belgium—including forces from Crimea to Egypt—to fight and subdue the regime of Mexico's Benito Juárez during the time of the U.S. Civil War. France viewed this as a chance to seize Mexican territory in a moment they were convinced the Confederacy would prevail and take over Mexico. With both sides distracted in the U.S., this was their opportunity to seize territory in North America. In 1867, with aid from the United States, this movement came to a disastrous end both for the royals and for France while ushering in a new era for Mexico. In a bid to oust Juárez, Mexican conservatives

appealed to European leaders to select a monarch to run their country. Maximilian and Carlota's reign, from 1864 to 1867, was marked from the start by extravagance and ambition and ended with the execution of Maximilian by firing squad, with Carlota on the brink of madness. This epoch moment in the arc of French colonial rule, which spans North American and European history at a critical juncture on both continents, shows how Napoleon III's failure to save Maximilian disgusted Europeans and sealed his own fate. Maximilian and Carlota offers a vivid portrait of the unusual marriage of Maximilian and Carlota and of international high society and politics at this critical nineteenth-century juncture. This largely unknown era in the history of the Americas comes to life through this colorful telling of the couple's tragic reign.

Shortlisted for the Stanford Dolman Travel Book of the Year Award 'A gem of a book, informative, companionable, sometimes funny, and wholly original. MacLean must surely be the outstanding, and most indefatigable, traveller-writer of our time' John le Carré In 1989 the Berlin Wall fell. In that euphoric year Rory MacLean travelled from Berlin to Moscow, exploring lands that were – for most Brits and Americans – part of the forgotten half of Europe. Thirty years on, MacLean traces his original journey backwards, across countries confronting old ghosts and new fears: from revanchist Russia, through Ukraine's bloodlands, into illiberal Hungary, and then Poland, Germany and the UK.

Along the way he shoulders an AK-47 to go hunting with Moscow's chicken Tsar, plays video games in St Petersburg with a cyber-hacker who cracked the US election, drops by the Che Guevara High School of Political Leadership in a non-existent nowhereland and meets the Warsaw doctor who tried to stop a march of 70,000 nationalists. Finally, on the shores of Lake Geneva, he waits patiently to chat with Mikhail Gorbachev. As Europe sleepwalks into a perilous new age, MacLean explores how opportunists – both within and outside of Russia, from Putin to Home Counties populists – have made a joke of truth, exploiting refugees and the dispossessed, and examines the veracity of historical narrative from reportage to fiction and fake news. He asks what happened to the optimism of 1989 and, in the shadow of Brexit, chronicles the collapse of the European dream.

With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' Times Literary Supplement

'Always readable, illuminating and honest. It made me miss the real Terry.' - NEIL GAIMAN 'Sometimes joyfully, sometimes painfully, intimate . . . it is wonderful to have this closeup picture of the writer's working life.' - FRANK COTTRELL-BOYCE,

OBSERVER 'Spins magic from mundanity in precisely the way Pratchett himself did.' - THE TELEGRAPH 'As frank, funny and unsentimental as anything its subject might have produced himself.' - MAIL ON SUNDAY ----- At the time of his death in 2015, award-winning and bestselling author Sir Terry Pratchett was working on his finest story yet - his own. The creator of the phenomenally bestselling Discworld series, Terry Pratchett was known and loved around the world for his hugely popular books, his smart satirical humour and the humanity of his campaign work. But that's only part of the picture. Before his untimely death, Terry was writing a memoir: the story of a boy who aged six was told by his teacher that he would never amount to anything and spent the rest of his life proving him wrong. For Terry lived a life full of astonishing achievements: becoming one of the UK's bestselling and most beloved writers, winning the prestigious Carnegie Medal and being awarded a knighthood. Now, the book Terry sadly couldn't finish has been written by Rob Wilkins, his former assistant, friend and now head of the Pratchett literary estate. Drawing on his own extensive memories, along with those of the author's family, friends and colleagues, Rob unveils the full picture of Terry's life - from childhood to his astonishing writing career, and how he met and coped with what he called the 'Embuggerance' of Alzheimer's

disease. A deeply moving and personal portrait of the extraordinary life of Sir Terry Pratchett, written with unparalleled insight and filled with funny anecdotes, this is the only official biography of one of our finest authors. 'Of all the dead authors in the world, Terry Pratchett is the most alive.' - JOHN LLOYD

The phenomenal New York Times bestseller that "explores the upstairs-downstairs goings-on of a posh Parisian apartment building" (Publishers Weekly). In an elegant hôtel particulier in Paris, Renée, the concierge, is all but invisible—short, plump, middle-aged, with bunions on her feet and an addiction to television soaps. Her only genuine attachment is to her cat, Leo. In short, she's everything society expects from a concierge at a bourgeois building in an upscale neighborhood. But Renée has a secret: She furtively, ferociously devours art, philosophy, music, and Japanese culture. With biting humor, she scrutinizes the lives of the tenants—her inferiors in every way except that of material wealth. Paloma is a twelve-year-old who lives on the fifth floor. Talented and precocious, she's come to terms with life's seeming futility and decided to end her own on her thirteenth birthday. Until then, she will continue hiding her extraordinary intelligence behind a mask of mediocrity, acting the part of an average pre-teen high on pop culture, a good but not outstanding student, an obedient if obstinate daughter. Paloma and Renée hide their true

talents and finest qualities from a world they believe cannot or will not appreciate them. But after a wealthy Japanese man named Ozu arrives in the building, they will begin to recognize each other as kindred souls, in a novel that exalts the quiet victories of the inconspicuous among us, and “teaches philosophical lessons by shrewdly exposing rich secret lives hidden beneath conventional exteriors” (Kirkus Reviews). “The narrators’ kinetic minds and engaging voices (in Alison Anderson’s fluent translation) propel us ahead.” —The New York Times Book Review “Barbery’s sly wit . . . bestows lightness on the most ponderous cogitations.” —The New Yorker

Jan Morris delivers her final volume, brimming with reminiscences, meditations on daily life, and mini-essays on everything from maturity to whistling to Princess Diana. Not so long ago, feeling intimations of mortality, Jan Morris embarked on a wholly novel literary enterprise. What began as a series of high-minded letters to her late daughter—in the style of Lord Chesterfield addressing his son—quickly transformed itself into a potpourri of mini-essays and vibrant reminiscences, organized around experiences both majestic and mundane, from traveling the world with her lifelong partner, Elizabeth, to sneezing and kissing and simply growing old. So *Allegorizings* came to be, and so Morris decided that it should only be published upon her death, not because she had anything to hide but, merely, in parting. Featuring essays largely written in the early twenty-first century, *Allegorizings* reflects, above all, Morris’s steadfast conviction that nothing is only what it seems. In fact, she observes, everything is allegory. Indeed, in Morris’s telling, even life—the whole conundrum of existence—is one long, majestically impenetrable allegory. Taking us from the separatist hippie colony of Bolinas, California, to her home country of Wales, and introducing us to Nepalese Sherpas and elderly cruise-goers alike, Morris follows the throughline of allegory throughout her works. In one essay, she lambasts the joylessness of maturity (“Maturity! Did ever a heart thrill to the sound of it, still less the meaning?”) and in another, decries the nonsense of nationality. With characteristic verve, she offers odes to whistling and cursing, cats, and exclamation points. Morris’s travels anchor the collection, as she revisits the iconic settings of her previous works. We join her aboard the storied Orient Express, as well as tube trains passing through the purlieus of London. So too, we hike the foothills of the Himalayas—where Morris burst onto scene with her on-the-spot reportage of the first ascent of Everest—and reflect on the picaresque allure of Tournus, a dichotomized town in France where one France, bearing all the vestiges of privilege, seems to kiss another. Intimate and luminously wise, *Allegorizings* is as much a testament to the virtues of embracing life as it is a testament to its charming, indignant, and ever-surprising author. In her final work, Morris’s writing is as erudite as ever, conveying a generosity of spirit “flavored by well-earned crankiness” (Vox). Though newly bereft of her company, readers will be reminded what “a good, wise, and witty companion” (Alexander McCall Smith) Morris has been to so many, for so long.

AROUND AND ABOUT PARIS

The History Press

The Count of Monte Cristo is an adventure novel by French author Alexandre Dumas. It is one of the author's most popular works, along with *The Three Musketeers*. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy and islands in the Mediterranean during the historical events of 1815–1838. It begins from just before the Hundred Days period (when Napoleon returned to power after his exile) and spans through to the reign of Louis-Philippe of France. The historical setting is a fundamental element of the book. An adventure story primarily concerned with themes of hope, justice, vengeance, mercy and forgiveness, it focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal and selfishness, shown throughout the story as characters slowly reveal their true inner nature. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood."

Nedjma is a masterpiece of North African writing. Its intricate plot involves four men in love with the beautiful woman whose name serves as the title of the novel. Nedjma is the central figure of this disorienting novel, but more than the unfortunate wife of a man she does not love, more than the unwilling cause of rivalry among many suitors, Nedjma is the symbol of Algeria. Kateb has crafted a novel that is the saga of the founding ancestors of Algeria through the conquest of Numidia by the Romans, the expansion of the Ottoman Empire, and French colonial conquest. Nedjma is symbolic of the rich and sometimes bloody past of Algeria, of its passions, of its tenderness; it is the epic story of a human quest for freedom and happiness.

 Jeoffry was a real cat who lived 250 years ago, confined to an asylum with Christopher Smart, one of the most visionary poets of the age. In exchange for love and companionship, Smart rewarded Jeoffry with the greatest tribute to a feline ever written.

Prize-winning biographer Oliver Soden combines meticulous research with passages of dazzling invention to recount the life of the cat praised as 'a mixture of gravity and waggery'. The narrative roams from the theatres and bordellos of Covent Garden to the cell where Smart was imprisoned for mania. At once whimsical and profound, witty and deeply moving, Soden's biography plays with the genre like a cat with a toy. It tells the story of a poet and a poem, while setting Jeoffry's life and adventures against the roaring backdrop of eighteenth-century London.
