## **THE IMMORTAL GAME A HISTORY**

The Immortal Game A  
HistoryThe Immortal  
Game was a chess  
game played by Adolf

Anderssen and Lionel Kieseritzky on 21 June 1851 in London, during a break of the first international tournament. The bold sacrifices made by Anderssen to secure victory have made it one of the most famous chess games of all time. Anderssen gave up both rooks and a bishop, then his queen, checkmating his opponent with his three remaining minor ...Immortal Game - Wikipedia

The Immortal Game covers the long and meandering history of chess in an easy to read narrative that parallels a particular game played by two chess masters in the mid 1800s in London. The book includes detailed discussions on the rules and strategies of chess as well as its

significance in relation to human understanding at different points in history. The Immortal Game: A History of Chess, or How 32 Carved ... The book also does a good job describing not only the development of chess in history, but also the development of chess games in terms of opening, middle game, and end game. The entire book contains a thread based on the Immortal Game and gives the moves and structure of that match throughout.
