Most of us have no idea how others see or process their experiences. And that can make relationships hard, whether with intimate partners, with friends, or in our professional lives.

Understanding the motivations and dynamics of these different personality types can be the key that unlocks sometimes mystifying behavior in others—and in ourselves. This book from Suzanne Stabile on the nine Enneagram types and how they

behave and experience relationships will guide readers into deeper insights about themselves, their types, and others' personalities so that they can have healthier, more life-giving relationships. No one is better equipped than Suzanne Stabile, coauthor, with Ian Morgan Cron, of *The Road Back to You*, to share the Enneagram's wisdom on how relationships work—or don't. Why do Sixes seem so intimidated and put off by Eights, who only wish the Sixes would stop mulling things over and take action? Why do Fives seem so unavailable, even to their closest family and friends, while Twos seem to feel everybody else's feelings but their own and end up irritating people who don't want their help? How in the world can Fours be so open and loving to you one day and restrained and distant other times? The Enneagram not only answers these questions but gives us a way out of our usual finger pointing and judging of other people—and finding them wanting, perplexing, or impossible. Suzanne's generous, sometimes humorous, and always insightful approach reveals why all the types behave as they do. This book offers help in fostering more loving, mature, and compassionate relationships with everyone in our lives.

In 2000, Mexico's long invincible Institutional Revolutionary Party (PRI) lost the presidential election to Vicente Fox of the National Action Party (PAN). The ensuing changeover--after 71 years of PRI dominance--was hailed as the beginning of a new era of hope for Mexico. Yet the promises of the PAN victory were not consolidated. In this vivid account of Mexico's recent history, a journalist with extensive reporting experience investigates the nation's young democracy, its shortcomings and achievements, and why the PRI is favored to retake the presidency in 2012. Jo Tuckman reports on the murky, terrifying world of Mexico's drug wars, the counterproductive government strategy, and the impact of U.S. policies. She describes the reluctance and inability of politicians to seriously tackle rampant corruption, environmental degradation, pervasive poverty, and acute inequality. To make matters worse, the influence of non-elected interest groups has grown and public trust in almost all institutions--including the Catholic church--is fading. The pressure valve once presented by emigration is also closing. Even so, there are positive signs: the critical media cannot be easily controlled, and small but determined citizen groups notch up significant, if partial, victories

for accountability. While Mexico faces complex challenges that can often seem insurmountable, Tuckman concludes, the unflagging vitality and imagination of many in Mexico inspire hope for a better future.

Lydia De Havilland is shocked when Brogan Ramsay suddenly reappears in her life. Several years before, Brogan was the son of her family's gardener, and the boy she hurt and betrayed. But Brogan is no longer the quiet, sensitive boy she remembers. Now he's a man—gorgeous, powerful . . . and seeking vengeance. Brogan Ramsay can't let go of the memory of Lydia tricking him cruelly, leaving his heart shattered and his family penniless. And now he's back to destroy her family the way his was destroyed. There's only one problem . . . the girl who wounded him so badly years ago is now a woman who still has the power to render him breathless. Ramsay is the story of betrayal and wrath, of the strength of regret and the power of forgiveness. It is the story of the thin veil between love and hate, and how more often than not, when we seek to inflict pain on others, the heart we wound is our own. THIS IS A STAND-ALONE SIGN OF LOVE NOVEL, INSPIRED BY ARIES. New Adult Contemporary Romance: Due to strong language and sexual content, this book is not intended for readers under the age of 18.

Already an internet phenomenon, these wise and insightful lessons by popular newspaper columnist and Pulitzer Prize finalist

Regina Brett will make you see the possibilities in your life in a whole new way. When Regina Brett turned 50, she wrote a column on the 50 lessons life had taught her. She reflected on all she had learned through becoming a single parent, looking for love in all the wrong places, working on her relationship with God, battling cancer and making peace with a difficult childhood. It became one of the most popular columns ever published in the newspaper, and since then the 50 lessons have been emailed to hundreds of thousands of people. Brett now takes the 50 lessons and expounds on them in essays that are deeply personal. From “Don't take yourself too seriously-Nobody else does” to “Life isn't tied with a bow, but it's still a gift,” these lessons will strike a chord with anyone who has ever gone through tough times--and haven't we all?

In the spirit of *The Gentle Art of Swedish Death Cleaning* and *The Joy of Less*, experience the benefits of buying less and sharing more with this accessible 7-step guide to decluttering, saving money, and creating community from the creators of the Buy Nothing Project. In their island community, friends Liesl Clark and Rebecca Rockefeller discovered that the beaches of Puget Sound were spoiled by a daily influx of plastic items and trash washing on shore. From pens and toothbrushes to toys and straws, they wondered, where did it all come from? Of course, it comes from us—our homes, our backyards, our cars, and our workplaces. And so, a rallying cry against excess stuff was born. In 2013, they launched the first Facebook Buy Nothing Project group in their small town off the coast of Seattle, and they never expected it to become a viral sensation. Today there are thousands of Buy Nothing groups all over the world, boasting more than a million members, and 5,000 highly active volunteers. Inspired by the ancient practice of gift economies, where neighbors share and pool resources, *The Buy Nothing, Get Everything Plan* introduces an environmentally conscious 7-step guide that teaches us how to buy less, give more, and live generously. At once an actionable plan and a thought-provoking exploration of our addiction to stuff, this powerful program will help you declutter your home without

filling landfills, shop more thoughtfully and discerningly, and let go of the need to buy new things. Filled with helpful lists and practical suggestions including 50 items you never need to buy (Ziploc bags and paper towels) and 50 things to make instead (gift cards and salad dressing), *The Buy Nothing, Get Everything Plan* encourages you to rethink why you shop and embrace a space-saving, money-saving, and earth-saving mindset of buying less and sharing more.

Jainism is a tradition which dates back thousands of years, which is unbelievably rich and profound, and which has certain unmistakable signs of identity. Contrary to what some might think, it is not in any sense a poor relation of Buddhism, nor is a strange, atheistic and ascetic sect within Hinduism. Jainism is, above all, the religion of non-violence (ahimsa), an ideal which all other religions of India were subsequently to make theirs and which was made universal by Gandhi in the 20th century. Like Buddhism, Jainism is a religion without God which paradoxically opens to the truly sacred in the deepest reaches of all living beings in the cosmos. And it is also the religion of non-absolutism (anekantavada), a particular form of philosophical pluralism, which seems astonishingly modern.

From a well-known authority, this comprehensive yet accessible book shows how state-of-the-art research can be applied to help people with nonprogressive memory disorders improve their functioning and quality of life. Barbara Wilson describes a broad range of interventions, including compensatory aids, learning strategies, and techniques for managing associated anxiety and

stress. She reviews the evidence base for each clinical strategy or tool and offers expert guidance on how to assess patients, set treatment goals, develop individualized rehabilitation programs, and conduct memory groups. The book also provides essential background knowledge on the nature and causes of memory impairment.

Students who use their natural talents achieve the most --- but they need to know what those talents are. StrengthsQuest includes the Clifton StrengthsFinder, an online assessment that reveals students' top five themes of talent. And StrengthsQuest also helps students make the most of those talents. Students and learners of all ages continually face the challenges of gaining direction, making decisions, and building self-confidence. Fortunately, the keys to successfully meeting these challenges — your own natural talents — already exist within you. Through these talents, you will produce your greatest achievements. Over the course of 30 years, Gallup conducted millions of psychological interviews and identified 34 themes of talent that are indicative of success. In the StrengthsQuest program, Gallup offers you the opportunity to discover talents from your top five themes and build on them to achieve academic, career, and personal excellence. More than 100,000 students have benefited from the program. Your quest starts with the Clifton StrengthsFinder, a 30-minute assessment that reveals your top five themes of talent. This online assessment is your entryway to a variety of experiences that will help you discover your greatest talents and develop strengths. You'll gain access to action items specific to your top themes, covering general academic life, study habits, relationships, and career. You'll also be challenged to think about applying your talents for success in other settings, such as on projects and teams and in leadership. StrengthsQuest was written by the late Donald O. Clifton, who was the former chairman of Gallup; coauthor of the bestseller *Now, Discover Your Strengths*; and recognized as the Father of Strengths-Based Psychology and the late Edward "Chip" Anderson, who taught education,

psychology, and leadership at UCLA and Azusa Pacific University. Revised portions of the text were written by Laurie A.
