### THE STUDY GUIDE FOR THOSE LEARNING SPANISH

Oxford University Press

Unlike other textbooks, it helps students to understand grammar rather than see it as a set of facts and rules.

*English Grammar for Students of German* Pearson Education ESL Mastering English Grammar is a start-at-the-basics, no-nonsense English Grammar book, not only for students of English, but also for those studying modern languages, business people and secretaries - in fact anyone who has forgotten/never known the simple rules of the language they speak.

**A Resource Book for Students** Hodder Arnold

To assist in mastering German grammar, this text explains a concept as it applies to English and presents the same concept as it applies to German. It illustrates the differences between the two languages and guides the selection of the correct form.

### THE STUDY GUIDE FOR THOSE LEARNING GERMAN

Olivia & Hill Press

PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises. Puzzled by past tenses? Confused by comparatives? This clearly structured and beautifully presented workbook is packed with grammar practice activities that make learning English grammar incredibly easy. The English for Everyone Grammar Guide Practice Book is an essential companion to the English for Everyone Grammar Guide, a comprehensive reference book that makes even the trickiest grammar rules clear and simple. The Practice Book mirrors the unit-by-unit structure of the Grammar Guide. Each Practice Book unit is full of carefully graded grammar exercises to drill and reinforce the grammar you have learned in the corresponding Grammar Guide unit. These exercises will help you build up your confidence and become more fluent, giving you the chance to practice using the most important English grammar constructions again and again. Ideal for students at all levels, the English for Everyone Grammar Guide Practice Book covers basic, intermediate, and advanced English grammar in one easy-to-navigate book. Like all books in the innovative English for Everyone series, it uses a visual learning method: many of the exercises are accompanied by attractive illustrations that put grammar practice points into context and give you visual cues to help you understand the exercises. Whether you want to improve your grammar for work, study, travel, or exams, the English for Everyone Grammar Guide Practice Book offers you a simple way to learn English grammar, remember it, and use it with confidence.

Put theory into practice with with exercises which test your knowledge and challenge your understanding

### THE STUDY GUIDE FOR THOSE LEARNING JAPANESE

Routledge

Presenting the linguistic basis for courses and projects on translation, contrastive linguistics, stylistics, reading and discourse studies, this book illustrates grammatical usage through authentic texts from a range of sources, both spoken and written. This new edition has been thoroughly rewritten and redesigned to include many new texts and examples of language in use. Key features include: chapters divided into modules of class-length materials; a wide variety of authentic texts and transcriptions to illustrate points of grammar and to contextualise structure; clear chapter and module summaries enabling efficient class preparation and student revision; exercises and topics for individual study; answer key for analytical exercises; comprehensive index; select biography; suggestions for further reading; and a companion website. This up-to-date descriptive grammar is a complete course for first degree and postgraduate students of English, and is particularly suited for those whose native language is not English.

*The Study Guide for Those Learning Latin* Questing Vole Press

This practical and research-based introduction to current and effective English grammar instruction gives pre-service and in-service teachers and teacher educators a strong foundation for teaching second language grammar and helps them develop their professional knowledge and skills. Written in a highly readable style for an international audience, it provides a thorough and rounded overview of the principles, strategies, techniques, and applications currently dominant in teaching L2 grammar in a range of instructional settings around the world. Chapter authors are world-class authorities in grammar and grammar teaching and learning. All chapters are based on theoretical frameworks and/or research foundations with a strong emphasis on practical applications and implications for classroom teaching, and highlight teaching methods, key concepts, and terminology associated with grammar instruction. Illuminating the options and choices in grammar teaching from a contemporary perspective, *Teaching English Grammar to Speakers of Other Languages* is ideal as key text for students in undergraduate and graduate MA-TESOL programs and as a resource for practicing ESL/EFL teachers, teacher educators, and teaching faculty.

*Teaching English Grammar to Speakers of Other Languages*

Penguin

"Clearly exposed with some sample explanations of difficult

issues. An excellent and necessary idea for teaching Spanish. A very useful reference book" (Lisa Clughen, Nottingham Trent University) "The students that have bought the book on my recommendation have found it very useful. They find it difficult to understand grammatical terms as they haven't got a grounding in English grammar. The book helps them to understand how their own language works and how this can be applied to another language. It speeds up their progress in Spanish" Thousands of students have found this book the ideal way to master Spanish. This new fifth edition offers: \* explanation of a concept as it applies to English \* the same concept as it applies to Spanish \* similarities and differences between English and Spanish \* common pitfalls for English speakers \* review exercises with answer key \* Study Tips: learning vocabulary, word forms, developing memorization skills

*English Grammar for Students of Arabic* Cambridge University Press

The study of classical languages by earlier generations of English-speaking students was greatly facilitated by the study of English grammar in the schools, a tradition now out of favor but one that emphasized precisely the concepts, terms, and constructions needed for the study of Greek and Latin. Recent classical language textbooks, while presuming little or no grammatical sophistication on the part of their students, often provide little more by way of remediation than definitions of grammatical terminology. *A Student Handbook of Greek and English Grammar* offers a student-friendly comparative exposition of English and ancient Greek grammatical principles that will prove a valuable supplement to a wide range of beginning Greek textbooks as well as a handy reference for those continuing on to upper-level courses.

*For Students and Teachers of the English Tongue* Routledge

A new edition of a successful undergraduate textbook on contemporary international Standard English grammar, based on Huddleston and Pullum's earlier award-winning work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. Intended for students in colleges or universities who have little or no background in grammar or linguistics, this teaching resource contains numerous exercises and online resources suitable for any course on the structure of English in either linguistics or English departments. A thoroughly modern undergraduate textbook, rewritten in an easy-to-read conversational style with a minimum of technical and theoretical terminology.

*A Student's Introduction to English Grammar* Oxford University Press

Thousands of students have found these books the ideal way to master the grammar of their chosen language. They offer a step-by-step explanation of a concept as it applies to English, a presentation of the same concept as it applies to the target language, the similarities and differences between the two

languages, stressing common pitfalls for English speakers and including review exercises with an answer key.

"From the Publisher: Need help learning French? Is grammar a

problem? Thousands of students like you have found the solution in the clear, simple text of English Grammar for Students of French. This easy-to-use handbook is specifically designed to teach you the English grammar you need in order to learn French grammar more quickly and efficiently. Look at the features of what you'll find in a typical section: an explanation of a concept as it applies to English; a presentation of the same concept as it applies to French; the similarities and differences between the two languages, stressing common pitfalls for English speakers; step-by-step instructions on how to select the correct form; review exercises with answer key."--Google Books viewed July 29, 2021.

Olivia & Hill Press

This groundbreaking undergraduate textbook on modern Standard English grammar is the first to be based on the

revolutionary advances of the authors' previous work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. This book is intended for students in colleges or universities who have little or no previous background in grammar, and presupposes no linguistics. It contains exercises, and will provide a basis for introductions to grammar and courses on the structure of English not only in linguistics departments but also in English language and literature departments and schools of education.
