KNOX MAYRA

TEACHING WHAT REALLY HAPPENED

Research & Education Assoc.

In June 1812 the still-infant United States had the audacity to declare war on the British Empire. Fought between creaking sailing ships and armies often led by bumbling generals, the ensuing conflict featured a tit-for-tat "You burned our capital, so we'll burn yours" and a legendary battle unknowingly fought after the signing of a peace treaty. During the course of the war, the young American navy proved its mettle as the USS Constitution, "Old Ironsides," sent two first-rate British frigates to the bottom, and a twenty-seven-year-old lieutenant named Oliver Hazard Perry hoisted a flag exhorting, "Don't Give Up the Ship," and chased the British from Lake Erie. By 1814, however, the United States was no longer fighting for free trade, sailors' rights, and as much of Canada as it could grab, but for its very existence as a nation. With Washington in flames, only a valiant defense at Fort McHenry saved Baltimore from a similar fate. Here are the stories of commanding generals such as America's Henry "Granny" Dearborn, double-dealing James Wilkinson, and feisty Andrew Jackson, as well as Great Britain's gallant Sir Isaac Brock, overly cautious Sir George Prevost, and Rear Admiral George Cockburn, the man who put the torch to Washington. Here too are those inadvertently caught up in the war, from heroine farm wife Laura Secord, whom some call Canada's Paul Revere, to country doctor William Beanes, whose capture set the stage for Francis Scott Key to write "The Star-Spangled Banner." 1812: The War That Forged a Nation presents a sweeping narrative that emphasizes the struggle's importance to America's coming-of-age as a nation. Though frequently overlooked between the American Revolution and the Civil War, the War of 1812 did indeed span half a continent -- from Mackinac Island to New Orleans, and Lake Champlain to Horseshoe Bend -- and it paved the way for the conquest of the other half. During the War of 1812, the United States cast aside its cloak of colonial adolescence and -- with both humiliating and glorious moments -- found the fire that was to forge a nation.

Myers' Psychology for the AP® Course Modern World History

"An entertaining history of great oratory" and a primer to rhetoric's key techniques (The New Yorker). Rhetoric gives our words the power to inspire. But it's not just for politicians: it's all around us, whether you're buttering up a key client or persuading your children to eat their vegetables. You have been using rhetoric yourself, all your life. After all, you know what a rhetorical question is, don't you? In Words Like Loaded Pistols, Sam Leith traces the art of argument from ancient Greece down to its many modern mutations. He introduces verbal villains from Hitler to Richard Nixon—and the three musketeers: ethos, pathos and logos. He explains how rhetoric works in speeches from Cicero to Obama, and pays tribute to the rhetorical brilliance of AC/DC's "Back In Black". Before you know it, you'll be confident in chiasmus and proud of your panegyrics— because rhetoric is useful,

relevant, and absolutely nothing to be afraid of.

Grown and Flown Macmillan

Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more.

Listen, America! Stanford University Press

Rhetoric gives our words the power to inspire. But it's not just for politicians: it's all around us, whether you're buttering up a key client or persuading your children to eat their greens. You have been using rhetoric yourself, all your life. After all, you know what a rhetorical question is, don't you? In this updated edition of his classic guide, Sam Leith traces the art of argument from ancient Greece down to its many modern mutations. He introduces verbal villains from Hitler to Donald Trump - and the three musketeers: ethos, pathos and logos. He explains how rhetoric works in speeches from Cicero to Richard Nixon, and pays tribute to the rhetorical brilliance of AC/DC's "Back In Black". Before you know it, you'll be confident in chiasmus and proud of your panegyrics - because rhetoric is useful, relevant and absolutely nothing to be afraid of.

The American Pageant Profile Books

This volume traces the evolution of the American military, its institutions, strategic doctrines, and technology. The selections provide a social and institutional focus of the "new" military history, and follow the metamorphosis of the militia, the professionalization of the officers' corps, and the course of civilian control of the military.

The Lavender Scare Macmillan

Ever since its first publication in 1992, *The End of History and the Last Man* has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, *The End of History and the Last Man* is a modern classic.

MAJOR PROBLEMS IN AMERICAN MILITARY HISTORY

Plume

"Should be in the hands of every history teacher in the country."— Howard Zinn James Loewen has revised *Teaching What Really Happened*, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional

and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.

Student Edition 2018 Arcturus Publishing

2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People,selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (Kirkus Reviews) · Best Nonfiction of 2019 (School Library Journal) · Best Books for Teens (New York Public Library) · Best Informational Books for Older Readers (Chicago Public Library) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country "discovered" by a few brave men in the "New World," Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.

A NARRATIVE OF THE MOST REMARKABLE PARTICULARS IN THE LIFE OF JAMES ALBERT UKAWSAW GRONNIOSAW, AN AFRICAN PRINCE, AS RELATED BY HIMSELF

America's History: for the AP® Course

The ideal textbook for the AP® World History classroom, Ways of the World focuses on significant historical trends, themes, and developments in world history, while building AP® skills. Authors Robert Strayer and Eric Nelson provide a thoughtful and insightful commentary that helps students see the big picture, while modeling historical thinking. This edition is even more focused on the needs of AP® students, with AP® Skills Workshops, a DBQ-aligned Working with Evidence feature, and more opportunities to hone AP® skills and practice for the exam.

Words Like Loaded Pistols Macmillan Higher Education

Traditions and Encounters: A Global Perspective on the Past is now available as an AP edition with NASTA spec binding! Revisions in the text reflect changes to the AP course, and new AP supplements reflect changes in the AP exam. Traditions and Encounters has a rich history of firsts: the first world history text to take a truly global perspective on the past, the first to emphasize connections among cultures, and the first to combine twin themes with a seven-part framework - making the huge story of world history more manageable. New features in this edition include: Revised Part and Chapter openers reflect the new themes in AP World History. New AP test bank and testing resources include two complete AP style practice tests available free with the book. New AP Online Learning Center contains a revised AP teacher manual and much more! The Primary Source Investigator Online now includes Document-Based Questions (DBQs). This online database offers hundreds of primary sources such as interactive maps, charts, photos, primary source documents, audio files, and video files with DBQs integrated, contextual information on each source, and thought-provoking questions that show students how historians look at sources. Now, Traditions and Encounters becomes the first truly interactive world history program with Connect History, a new, web-based assignment and assessment platform offering: A fully integrated eBook with powerful tools that help teachers manage assignments and make learning and studying more efficient for students. A groundbreaking questioning diagnostic with a personalized study plan to help students understand chapter content. Engaging interactivities involving maps and primary sources that sharpen students' analytical skills and help them think like historians. Numerous primary sources and a supportive tutorial that teaches students how to read and interpret, as well as how to write a history paper, document sources, and avoid plagiarism.

The American Yawp McGraw-Hill Education

Includes the "AP Advantage 3-Step Solution, 1 Platform" formula for learning.

The Federalist Papers Research & Education Assoc.

In this absorbing new book, David Farber gives us the history of our collective and individual memories of the 1960s: the brilliant colors of revolt and rapture, of flames and raised fists, of napalm and tear gas, of people desperate to make history even as others fought fiercely to stop them. More than thirty years after the assassination of John F. Kennedy, this book grounds our understanding of the terrible events of that era by linking them to our country's grand projects of previous decades: the forging of a national system of social provision in the New Deal; our new agenda as global superpower after World War II; the creation of the national security state; and the maturation of a national consumer-driven mass-mediated marketplace. Farber's account, based on years of research in archives and oral histories as well as in the historical literature, deals in full not only with nation building in Vietnam, the 1964 Civil Rights Act, the 1965 Watts riot, and the War on Poverty, but with the entertainment business, the drug culture, and much more.

The Age of Great Dreams Research & Education Assoc.

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp

incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native

Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.
