In 1963, London was on the brink of becoming one of the world's most vibrant cities. Angela Patrick was 19 years old, enjoying her first job working in the City, when her life turned upside down. A brief fling with a charismatic charmer left her pregnant, unmarried and facing a stark future. Being under 21, she was still under the governance of her parents, strict Catholics who insisted

she have the baby in secret and then put it up for adoption. Shunned by her family and forced to leave her job, Angela was sent to an imposing-looking convent for unmarried mothers in north-east London. Run like a Victorian workhouse, conditions in the convent were decidedly Spartan. Vilified and degraded by the nuns for her 'wickedness', her only comfort came from the other pregnant girls, all knowing they too would have to give up their babies. After a terrifying labour with no pain relief, Angela gave birth to a beautiful son, Paul, with whom she fell instantly in love. At eight weeks he was taken from her and forcibly put up for adoption, leaving Angela bereft and heartbroken. Not a day went

by without Angela thinking about him. Then, thirty years later, she received a letter. It was from Paul, and a reunion was arranged. This vital slice of social history is a shocking reminder of how cultural mores have changed around the issue of single motherhood since the early 1960s. It is also an honest, heartfelt memoir that explores the closest of human bonds.

Diaspora Pride - People, Places, and Things (V4) A&C Black
There is a great divide between Classical music and Pop/Rock with many musical genre filling the in between space. Before the Beatles came on the scene back in the 60's, Country Music filled the great divide. It has a way of telling a story in a short yet meaningful way. One of my favourite songs was the Hank Locklin hit, 'Please Help Me I'm Falling'. It arrived my curiosity. I wanted to find a situation in which someone would need to beg for help because they were 'losing the will to be true.' I have always wanted to bring that story to life. Daphne DuMaurier did it in 'Frenchman's Creek' and recently a similar story was retold in 'Bridges of Madison County'. This story is my twist on that theme. Each writer will have their own thoughts about ending the complexities of this type of challenging relationship. It was important to have my own resolution to a troubling and tortuous but not uncommon love story.

She lives. Miriam Blaylock's insatiable hunger has never ceased. Her incomparable beauty has made her a legend among the Keepers. Her many lovers have come and gone, crumbling into ash and nothingness. She knows the secrets of civilization, and the mysteries of life. In the hollow soul of her mother she has witnessed the agony of undeath. For centuries she has gained the wisdom of God and the wit of the Devil. For centuries she has traveled the world undetected. For centuries she has felt safe. Until now. For Miriam Blaylock, immortality is a thing of the past. He watches. Vampires. Interpol agent Paul Ward knows of them: he has battled and cleansed continents of their exquisite poison. He orchestrated the extermination of an ancient lair in Bangkok, obtained their sacred Book of Names, and knows where they hide and when they feast. He knows their weaknesses. And what's more, he knows his own...it's Miriam Blaylock. Elusive and toxic, she has escaped his complex network of hunters for years. Seductive and cunning, she has become his obsession. And now each has set a trap for the other. Now, predator is about to become prey. Killer to become lover. Good and evil will become inexorably entwined. The endgame begins for the last vampire. The eternal heroine of Whitley Strieber's classic novel *The Hunger*, Miriam Blaylock returns in *The Last Vampire* -- a new tale of stunning invention and mounting suspense that goes as deep into the dark as a nightmare.

In Christmas as Religion, Christopher Deacy explores the premise

that religion plays an elementary role in our understanding of the Christmas festival, but takes issue with much of the existing literature which is inclined to limit the contours and parameters of 'religion' to particular representations and manifestations of institutional forms of Christianity. 'Religion' is often tacitly identified as having an ecclesiastical frame of reference, so that if the Church is not deemed to play a central role in the practice of Christmas for many people today then it can legitimately be sidelined and relegated to the periphery of any discussion relating to what Christmas 'means'. Deacy argues that such approaches fail to take adequate stock of the manifold ways in which people's beliefs and values take shape in modern society. For example, Christmas films or radio programmes may comprise a non-specifically Christian, but nonetheless religiously rich, repository of beliefs, values, sentiments and aspirations. Therefore, this book makes the case for laying to rest the secularization thesis, with its simplistic assumption that religion in Western society is undergoing a period of escalating and irrevocable erosion, and to see instead that the secular may itself be a repository of the religious. Rather than see Christmas as comprising alternative or analogous forms of religious expression, or dependent on any causal relationship to the Christian tradition, Deacy maintains that it is religious per se, and, moreover, it is its very secularity that makes Christmas such a compelling, and even transcendent, religious holiday.

Dorothy Graham writes unsent letters to people she admires, and to a few she despises. As well, in her retirement she has time to pursue her other hobby -- interfering in the lives of others. With no children of her own, she 'helps' the offspring of her friend and her cousin. But this still isn't enough. Seeing the mess that the world is in, she and her cohorts Kate and Elsie decide to put together a fund-raising effort for a charity organization. It soon becomes clear to them that putting the universe to rights, in ways large or small, is not an easy task. The theme of love lost and found also runs through the novel, affecting the old as well as the young. Entangled in family problems -- a stray daughter, an absconded husband, a home threatened with demolition -- the three friends' adventures lead them to understand that while charity doesn't have to begin at home, it might be a good idea to look there first.
