THE CIRCLE

Faber & Faber
The debut novel from the internationally bestselling author of Exit West and The Reluctant Fundamentalist, both shortlisted for the Man Booker Prize Moth Smoke,

Mohsin Hamid's deftly conceived first novel, immediately marked him as an uncommonly gifted and ambitious young literary talent to watch when it was published in 2000. It tells the story of Daru Shezad, who, fired from his banking job in Lahore, begins a decline that plummets the length of Hamid's sharply drawn, subversive tale. Fast-paced and unexpected,

Moth Smoke was ahead of its time in portraying a contemporary Pakistan far more vivid and complex than the exoticized images of South Asia then familiar to the West. It established Mohsin Hamid as an internationally important writer of substance and imagination and the premier Pakistani author of our time, a promise he has amply fulfilled with

each successive book. This debut novel, meanwhile, remains as compelling and deeply relevant to the moment as when it appeared more than a decade ago.

HISTORY OF PICKLEBALL

“A phenomenal, haunting debut.”—Gillian Flynn
Nothing burns as bright as the truth. It has been ten years since Abby Williams left home and scrubbed away all visible evidence of her small-town roots. Now working as an

environmental lawyer in Chicago, she has a thriving career, a modern apartment, and her pick of meaningless one-night stands. But when a new case takes her back home to Barrens, Indiana, the life Abby painstakingly created begins to crack. Tasked with investigating Optimal Plastics, the town’s most high-profile company and economic heart, Abby begins to find strange connections to Barrens’s biggest scandal from more than a decade ago, involving the popular Kaycee Mitchell and her

closest friends—just before Kaycee disappeared for good. Abby knows the key to solving any case lies in the weak spots, the unanswered questions. But as she tries desperately to find out what really happened to Kaycee, troubling memories begin to resurface and she begins to doubt her own observations. And when she unearths an even more disturbing secret—a ritual called “The Game”—it will threaten reputations, and lives, in

the community and risk exposing a darkness that may consume her. With tantalizing twists, slow-burning suspense, and a remote rural town of just five claustrophobic square miles, *Bonfire* is a dark exploration of what happens when your past and present collide. Praise for *Bonfire* “I burned through Krysten Ritter’s hugely accomplished debut. *Bonfire* is dark, disturbing, and compulsively readable.”—Ruth Ware, bestselling author of *The Woman in Cabin 10* “The

Jessica Jones star makes an auspicious literary debut with *Bonfire*, spinning a suspenseful, psychologically gripping story.”—Entertainment Weekly “In this adroit debut the star of Marvel’s *Jessica Jones* proves her talents aren’t limited to acting. . . . [*Bonfire* is] a thriller that delivers suspense, surprise and satisfaction.”—People

The culture of television in Indonesia began with its establishment in 1962 as a public broadcasting

service. From that time, through the deregulation of television broadcasting in 1990 and the establishment of commercial channels, television can be understood, Philip Kitley argues, as a part of the New Order’s national culture project, designed to legitimate an idealized Indonesian national cultural identity. But Professor Kitley suggests that it also has become a site for the contestation of elements of the New Order’s cultural policies. Based on his studies, he

further speculates on the increasingly significant role that television is destined to play as a site of cultural and political struggle.

A rare and brilliant story from Zadie Smith, taking us deep into the life of a young woman, Fatou, domestic servant to the Derawals and escapee from one set of hardships to another. Beginning and ending outside the Embassy of Cambodia, which happens to be located in Willesden, NW

London, Zadie Smith's absorbing, moving and wryly observed story suggests how the apparently small things in an ordinary life always raise larger, more extraordinary questions. 'It's scale is superficially small, but its range is lightly immense; in the first couple of pages, the world from Ghana to London to Cambodia enters. It is a fiction of consequences both global and heartrenchingly intimate. This voice is global, plural and local, with a delicate grip on

historic consequences.....

Works on an awesomely global scale, and the relations of slavery and mastership are traced in both personal and international scale.' Philip Hensher, *The Guardian* 'Reading it is a bit like having a starter in a restaurant that is so good you wish you had ordered a big portion as a main course, only to realise, as you finish it, that it was exactly the right amount.' 'A perfect stocking-filler of a book that shows that short-form fiction can be as vibrant and as healthy

as any densely realised full-length novel.' Louise Doughty, *The Observer* 'Smith serves up a smasher.' Leyla Sanai, *The Independent On Sunday*

INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (*Vanity Fair*). When Mae Holland

is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy

dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows

distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

Perfect for fans of John Green's *Turtles All the Way Down* and Nina

LaCour's *We Are Okay*, this is the poignant and uplifting story of Maeve, who is dealing with anxiety while falling in love with a girl who is not afraid of anything. Think positive. Don't worry; be happy. Keep calm and carry on. Maeve has heard it all before. She's been struggling with severe anxiety for a long time, and as much as she wishes it was something she could just talk herself out of, it's not. She constantly imagines the worst, composes obituaries in her head,

and is always ready for things to fall apart. To add to her troubles, her mom—the only one who really gets what Maeve goes through—is leaving for six months, so Maeve will be sent to live with her dad in Vancouver. Vancouver brings a slew of new worries, but Maeve finds brief moments of calm (as well as even more worries) with Salix, a local girl who doesn't seem to worry about anything. Between her dad's wavering sobriety, her very pregnant stepmom insisting on a

home birth, and her bumbling courtship with Salix, this summer brings more catastrophes than even Maeve could have foreseen. Will she be able to navigate through all the chaos to be there for the people she loves? An ALA Rainbow Book List selection A Bank Street Best Book of the Year "With Maeve, Mac delivers a character who's heartwarmingly real and sympathetic, and her story provides a much needed mirror for anxious queer girls everywhere."—Kirkus,

Starred review "This is a good companion book for other anxiety-riddled stories, such as *The Shattering* by Karen Healey, and *Finding Audrey* by Sophie Kinsella."—Booklist "This hopeful offering will resonate with young people for their own lives, even if the journey is hard and takes time and patience...[a] compelling portrait of a teen's experiences with anxiety and challenging family dynamics."--SLJ "Mac carefully makes clear that Maeve is plenty able to

find joy other places than the perfect girl and that she's working at dealing with her own problems; the romance is therefore lovely and cozy and free from overtones of dependency. The descriptions of anxiety are true and powerful, and romance buffs will likely revel in a book celebrating deep connection."—The Bulletin "Mac is good at showing how a dread-filled mind works... [An] affecting story."—Publishers Weekly

Finding Yvonne Allen & Unwin

In June 1940, 17,000 people fled Guernsey to England, including 5,000 school children with their teachers and 500 mothers as 'helpers'. The Channel Islands were occupied on 30 June - the only part of British territory that was occupied by Nazi forces during the Second World War. Most evacuees were transported to smoky industrial towns in

Northern England - an environment so very different to their rural island. For five years they made new lives in towns where the local accent was often confusing, but for most, the generosity shown to them was astounding. They received assistance from Canada and the USA - one Guernsey school was 'sponsored' by wealthy Americans such as Eleanor Roosevelt and Hollywood stars. From May 1945, the evacuees began to return home, although many decided to

remain in England. Wartime bonds were forged between Guernsey and Northern England that were so strong, they still exist today.

Spanning eight decades
and chronicling the wild
ride of a Greek-American
family through the

vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when

the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

“Mr. Petit is the perfect teacher” in this fascinating, educational volume on knot-tying—an art and science that has held civilization together (The Wall Street Journal). Philippe Petit is known for his astounding feat of daring when, on August 7, 1974, he stepped out on a

wire illegally rigged between the World Trade Center’s twin towers in New York City. But beyond his balance, courage, and showmanship, there was one thing Petit had to be absolutely certain of—his knots. Without the confidence that his knots would hold, he never would have left the ground. In fact, while most of us don’t think about them beyond tying our shoelaces, the humble knot is crucial in countless contexts, from sailing to sports to industrial safety

to art, agriculture, and more. In this truly unique book, Petit offers a guide to tying over sixty of his essential knots, with practical sketches illustrating his methods and clear tying instructions. Filled with photos in which special knots were used during spectacular high-wire walks, quirky knot trivia, personal anecdotes, helpful tips, magic tricks, and special tying challenges, *Why Knot?* will entertain and educate readers of all ages. “In reading Philippe’s book

we are cogently reminded that without the ability to secure a rope, or tether a goat, or make fast the sheets of a galley, much of the civilization that we take for granted would

disappear as easily as a slipknot in the hands of a Vegas conjuror.” —Sting, musician and activist “His descriptions are clear, he deploys humor frequently and he makes his points with anecdotes that are

colorful and memorable. Explaining the purpose and creation of knots and thanks to those flawless drawings Mr. Petit earns perfect marks.” —The Wall Street Journal
