Two tales, set in a time “when animals and human beings still talked to each other,” display Thomas King’s cheeky humor and master storytelling skills. Freshly illustrated and reissued as an early chapter book, these stories are perfect for newly independent readers. In *Coyote Sings to the Moon*, Old Woman and the animals sing to the moon each night. Coyote attempts to join them, but his voice is so terrible they beg him to stop. He is crushed and lashes out — who needs Moon anyway? Furious, Moon dives into a pond, plunging the world into darkness. But clever Old Woman comes up with a plan to send Moon back up into the sky and, thanks to Coyote, there she stays. In *Coyote’s New Suit*, mischievous Raven wreaks havoc when she suggests that Coyote’s toasty brown suit is not the finest

in the forest, thus prompting him to steal suits belonging to all the other animals. Meanwhile, Raven tells the other animals to borrow clothes from the humans’ camp. When Coyote finds that his closet is too full, Raven slyly suggests he hold a yard sale, then sends the human beings (in their underwear) and the animals (in their ill-fitting human clothes) along for the fun. A hilarious illustration of the consequences of wanting more than we need. The Odds of Getting Even Little, Brown Books for Young Readers
The thrilling conclusion to the epic middle grade fantasy trilogy from Katherine Applegate, the New York Times bestselling and Newbery Award-winning author of *The One and Only Ivan* (now a major motion

picture!), *The One and Only Bob*, *Wishtree*, and *Crenshaw*! In the beginning, Byx’s original quest was to discover if there were more of her kind, or if she was destined to become an endling—the last dairne alive. She did indeed find more dairnes, and along the way she also created allies among other creatures in her world, including humans, felivets, raptidons, and wobbyks. But Byx and her new friends soon learned that it wasn’t just dairnes in jeopardy of extinction, but that everyone was at risk. With the world in unprecedented danger, Byx must rally creatures of all kinds to lead a revolution. Katherine Applegate’s *Endling* series has so far earned a collective five starred reviews, and each of the prior books has debuted on the New York Times bestseller list. She once again delivers an action-packed middle grade fantasy with a unique setting, enthralling characters, and gripping adventure that is perfect for fans of Rick Riordan, Brian Jacques, and Tui T. Sutherland.
