Songwriter Dave Carroll wasn't the first person abused by an airline's customer service. But he was the first to show how one person, armed with creativity, some friends, \$150, and the Internet, could turn an entire industry upside down. United Airlines had broken Dave's guitar in checked luggage. After eight months of pestering the company for compensation, he turned to his best tool—songwriting—and vowed to create a YouTube video about the incident that he hoped would garner a million views in one year. Four days after its launching, the first million people had watched "United Breaks Guitars." United stock went down 10 percent, shedding \$180 million in value; Dave appeared on outlets as diverse as CNN and The View. United relented. And throughout the business world, people began to realize that "efficient" but inhuman customer-service policies had an unseen cost—brand destruction by frustrated, creative, and socially connected customers. "United Breaks Guitars" has become a textbook example of the new relationship between companies and their customers, and has demonstrated the power of one voice in the age of social media. It has become a benchmark in the customer-service and music industries, as well as branding and social-media circles. Today, more than 150 million people are familiar with this story. In this book, you'll hear about how Dave developed the "just do it" philosophy that made him the ideal man to take on a big corporation, what it felt like to be in the center of the media frenzy, and how he's taken his talents and become a sought-after songwriter and public speaker. And businesspeople will learn how companies should change their policies and address social-media uprisings. Since "United Breaks Guitars" emerged, nothing is the same—for consumers, for musicians, or for business. Whether you are a guitarist, a baggage handler, or a boardroom executive, this book will entertain you and remind you that we are all connected, that each of us matters, and that we all have a voice worth hearing.

The Shift—the book inspired by the movie of the same name—illustrates how and why to make the move from ambition to meaning. Experience the internationally renowned principles and teachings of Dr. Wayne W. Dyer as they come to life in this one-of-a-kind enhanced e-book. Download The Shift and allow these lessons to guide you down a more authentic and rewarding path today. As we contemplate leaving the morning of our life, where ego has played a commanding role, and entering the afternoon (and evening), where meaning and purpose replace ambition and struggle, we may encounter unexpected occurrences that accompany this new direction. It's almost a universal law that we'll experience a fall of some kind. Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose. The Shift doesn't mean that we lose our drive and ambition; it signifies that we become ambitious about something new. We make a commitment to living a life based on experiencing meaning and feeling purposeful, rather than a life based on never-ending demands and false promises that are the trademark of the ego's agenda.

Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we cant remember if we have read it or not. And thats a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? Thats not good. This summary is taken from the most important themes of the original book. Most people dont like books. People just want to know what the book says they have to do. If you trust the source you dont need the arguments. So much of a book is arguing its points, but often you dont need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book.

[A Modern Master Brings Eternal Truths into Everyday Life](#) Harper Collins

NATIONAL BESTSELLER This inspiring book by Wayne Dyer, author of the bestselling classics Your Erroneous Zones and Pulling Your Own Strings, delves into the teachings of intellectuals of our past to mine values and wisdom for the present. "What do our ancestral scholars, whom we consider the wisest and most spiritually advanced, have to say to us today?" asks Dyer. The answer lies in this powerful collection of writings, poems, and sayings by some of the greatest thinkers of the past twenty-five centuries. In succinct original essays, Dyer sets out to explain the meaning and context of each piece of wisdom, and, most important, to explain how we can actively apply these teachings to our modern lives. From sixty ancestral masters - Buddha, Michelangelo, Rumi, Whitman, Jesus, Emily Dickinson, and Emerson, among others - here are treasured passages on a variety of subjects, including solitude, time, and passion. Among the contributions are words on inspiration from Pantanjali, author of the Hindu classic Yoga Sutras; teachings about the power of prayer from 13th-century monk St. Francis of Assisi; and thoughts about the importance of action written by Mother Teresa. The voices collected here cut across a wide range of historical eras and cultures, yet they communicate universal truths about the human experience. Wisdom of the Ages provides us with a marvelous dual opportunity: to receive guidance from our great ancestors and to recognize our own potential for greatness

MINDFULNESS PRACTICES AND SPIRITUAL TOOLS TO TRANSFORM YOUR LIFE

Simon and Schuster

Bestselling inspirational author Wayne Dyer's classic parable, with a powerful message for achieving happiness here on Earth, now and forever. How would an intelligent visitor from another planet react to life on Earth? Would we welcome that visitor's presence and views? Are we ready for such an open exchange? Weaving together science fiction, spirituality, and philosophy with wisdom, humor, and plain common sense, Dyer tells the story of two peaceful beings from different worlds who work together to enhance the well-being of all. The gifts that Eykis, an alien traveling from a distant, Earth-like planet, brings to the people of Earth help them see themselves in a new light, and compel them to rethink their negative actions. Her insightful offerings will move you to new emotions, new behaviors, and a new understanding of humankind's limitless possibilities.

THE POWER OF INTENTION

Hay House, Inc

"Intention is a force in the universe, and everything and everyone is connected to this invisible force." Intention is generally viewed as a pit-bull kind of determination, propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention-not as something you do-but as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy you can access to begin co-creating your life! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer's vision of an individual connected at all times to the universal mind of intention.

Hay una voz en el universo pidiéndonos que recordemos nuestro propósito: la razón por la que estamos aquí, en este mundo de impermanencia. La voz nos susurra, nos grita y nos canta que esta experiencia de estar en forma física, en el espacio y el tiempo, conociendo la vida y la muerte, tiene un significado. La voz es la inspiración que está en cada uno de nosotros. En este libro pionero, el doctor Wayne W. Dyer explica cómo hemos elegido este mundo de partículas y forma. Desde nuestro lugar de origen, en formas que no estamos listos todavía para comprender, sabíamos que veníamos aquí para lograr algo, y participamos en la activación de ese proceso. Entonces, ¿por qué no pensar de esa misma manera? ¿Por qué responsabilizar o culpar a alguien o algo que no forma parte de nosotros? En la Tierra tenemos voluntad propia, podemos elegir, así que asumamos que teníamos la misma capacidad cuando residíamos en el reino espiritual. Elegimos nuestro cuerpo físico y los padres que necesitábamos para el viaje. No parece que sea demasiado exagerado llegar a creer que elegimos esta vida de acuerdo con nuestra Fuente. Cada capítulo de este libro está lleno de detalles que nos permiten vivir una vida de inspiración. Desde un punto de vista muy personal, Wayne Dyer ofrece un modelo para la inspiración a través del mundo del espíritu, tu llamado decisivo.
