A SEAL TEAM THREE SNIPER'S TRUE ACCOUNT OF THE BATTLE OF RAMADI

Wayne Hunt vividly describes the deadly encounters he and other experienced as private security contractors in South-central Asia and the Middle East. These life-altering events ultimately led to the transformation of a "non-practicing" believer to a true Christian warrior and follower of Christ. These security contractors firmly believed they were warriors; warriors for their country, warriors for each other, and warriors for God. This is the message the text delivers.

Those men went beyond the call of duty, performing extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. 13 HOURS sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and

The Inside Account of What Really Happened In Benghazi J.J. Holt

On Sept. 11, 2012, heavily armed Islamist militants launched an organized attack on the U.S. diplomatic mission in Benghazi, Libya, setting fire to buildings before all U.S. personnel could escape or reinforcements could arrive. The attackers later launched mortar rounds at a nearby CIA compound. Ambassador J. Christopher Stevens and three other Americans were killed in the violence, making it the first time since 1979 that a U.S. ambassador was killed in the line of duty. This book goes beyond the events of September 11, 2012. It explores what went wrong; the things that could have been prevented; the best-kept secrets of CIA operations abroad; and presents recommendations that may avoid the loss of more lives as the inevitable war against terror rages on. The first chapter presents more of a background analysis giving a backdrop of the growing tension between various nations. The attacks that occurred on the September 11 may be pegged on some issues that may have been immediate, but the root causes go way back in time. An in-depth look at Libya and Benghazi is given in the second chapter with an aim of presenting a vivid picture of the factors that may have led to the development of unrest and revolt. The next chapters focus their attention on Benghazi, the magnificent Annex, the American ambassador, the overrun, gunfighter road and the counterattack. This book is written in a modern, conversational style. It is easy to read, yet its message is solid, accurate, and greatly informed.

THE DEFINITIVE REPORT

Independently Published

The events that took place in Benghazi, Libya on September 11, 2012, were an

American tragedy that ended in the deaths of Ambassador Chris Stevens, Information Officer Sean Smith and former Navy SEALs Glen Doherty and Tyrone Woods. No one could have imagined at the start of that evening how quickly the Republican right would politicize the murder of four Americans. Or how the most basic facts would be twisted, confused, and even invented out of thin air to manufacture false charges – first to suggest that President Obama, then seeking re-election, was disengaged, feckless, or even sympathetic to terror, and then, when that faltered, to tarnish the reputation of Hillary Clinton as she mulled a 2016 presidential bid. What has been called the “Benghazi scandal” by Republican investigators, the Fox News Channel, and right-wing radio talkers like Rush Limbaugh and Sean Hannity is better described as the Benghazi hoax. What should have been an investigation into the protection of U.S. diplomatic posts and our policy in Libya has been hijacked by unfounded and sometimes wild conspiracy theories, many of them centered on Hillary Clinton and her top aides in the State Department, that have not only wasted considerable time and money but distracted attention from real issues that affect American voters. The Benghazi Hoax tells in intimate detail the story of the deception created by those who fill airtime with savage punditry and pseudo-journalism and how the Republicans in charge of the investigative committees were empowered but ultimately failed to find a scandal – any kind of scandal – to tar a Democratic White House. “This book is a must read for anyone interested in how the attack on Benghazi has been hijacked by unfounded and wild conspiracy theories and has therefore remained at the forefront of political conversation for over a year” -Dr. Larry Korb, Senior Fellow, Center for American Progress “Mr. Brock and Mr. Rabin-Havt do a great service to Ambassador Stevens and his team, the 4th estate and the brave men and women serving our country in and out of uniform by his thorough analysis of the Benghazi tragedy and its treatment by conservative American media. By dissecting the conservative press reaction to the Benghazi attack through his vehicle of the fifteen conservative movement perpetuated hoaxes, the authors at once validate the results of the Accountability Review Board and defend the reputations of the men and women involved in the events that lead to the deaths of four great Americans.” - Major General Paul Eaton (US Army, ret) "Benghazi was not a hoax but a tragedy that has recurred too

frequently under all presidents. Benghazi has been much more politicized, however, as this book describes in fascinating detail. Of course, only Ambassador Chris Stevens could tell us the real truth. Meanwhile his and his colleagues' untimely death is being exploited by partisans for political gain. If this is the way America handles foreign policy in the future, U.S. politics won't stop at the water's edge but will start boiling the oceans." - Rep Jim Cooper (TN-5)

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. “An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable.” — PATRICIA CORNWELL, New York Times Book Review "Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him “The Legend”; meanwhile, the enemy feared him so much they named him al-Shaitan (“the devil”) and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

The True Story of a Private Military Contractor's Covert Assignments in Syria, Libya, And the World's Most Dangerous Places Harper Collins

The New York Times bestselling inside account of the attack against the U.S. diplomatic and intelligence outposts in Benghazi, Libya On the night of September 11, 2012, the American diplomatic mission at Benghazi, Libya, came under ferocious attack by a heavily armed group of Islamic terrorists. The prolonged firefight, and the attack hours later on a nearby CIA outpost, resulted in the deaths of four Americans, including the American ambassador to Libya, Christopher Stevens, the Information Officer, Sean Smith, and two former Navy SEALs, Tyrone Woods and Glen Doherty, working for the Central Intelligence Agency. After the fall of Qaddafi, Benghazi was transformed into a hotbed of fundamentalist fervor and a den of spies for the northern half of the African continent. Moreover, it became the center of gravity for terrorist groups strategically situated in the violent whirlwinds of the Arab Spring. On the eleventh anniversary of the 9/11 attacks against the United States, a group of heavily armed Islamic terrorists had their sights set on the U.S. diplomatic and intelligence presence in the city. Based on the exclusive cooperation of

eyewitnesses and confidential sources within the intelligence, diplomatic, and military communities, Fred Burton and Samuel M. Katz reveal for the first time the terrifying twelve-hour ordeal confronted by Ambassador Christopher Stevens, Sean Smith, his Diplomatic Security (DS) contingent, and the CIA security specialists who raced to rescue them. More than just the minute-by-minute narrative of a desperate last stand in the midst of an anarchic rebellion, Under Fire is an inspiring testament to the bravery and selflessness of the men and women who put their country first while serving in one of the most dangerous regions in the world.

NATIONAL BESTSELLER A dramatic insider account of the world of private military contracting. Armored cars, burner phones, top-notch weaponry and top-secret missions--this is the life of today's private military contractor. Like author Simon Chase, many PMCs were once the world's top military operatives, and since retiring from outfits like US Navy SEAL TEAM Six and the UK's Special Boat Service, they have devoted their lives to executing sensitive and hazardous missions overseas. Working at the request of U.S. and British government entities as well as for private clients, he takes on jobs that require "zero footprint," with no trace of their actions left behind. Chase delivers first-hand accounts of tracking Bin Laden in Afghanistan and being one of the first responders after the attack on the U.S. Consulate in Benghazi. We see his teams defuse terrorist bombs, guard dignitaries, and protect convoys traveling through perilous territory--and then there are the really big jobs: top-secret "zero footprint" missions that include searching for High Value Targets and setting up arms shipping networks. The missions in Zero Footprint will shock readers, but so will the personal dangers. Chase and the men he works with operate without government backup or air rescue. If they die serving their country--they remain anonymous. There are no military honors or benefits. Contractors like Simon Chase are the unsung heroes in the war against terrorism, a strong, but largely invisible force--until now.

THE BENGHAZI BETRAYAL

HarperCollins

Hillary Rodham Clinton's inside account of the crises, choices, and challenges she faced during her four years as America's 67th Secretary of State, and how those experiences drive her view of the future. "All of us face hard choices in our lives,"

Hillary Rodham Clinton writes at the start of this personal chronicle of years at the center of world events. "Life is about making such choices. Our choices and how we handle them shape the people we become." In the aftermath of her 2008 presidential run, she expected to return to representing New York in the United States Senate. To her surprise, her former rival for the Democratic Party nomination, newly elected President Barack Obama, asked her to serve in his administration as Secretary of State. This memoir is the story of the four extraordinary and historic years that followed, and the hard choices that she and her colleagues confronted. Secretary Clinton and President Obama had to decide how to repair fractured alliances, wind down two wars, and address a global financial crisis. They faced a rising competitor in China, growing threats from Iran and North Korea, and revolutions across the Middle East. Along the way, they grappled with some of the toughest dilemmas of US foreign policy, especially the decision to send Americans into harm's way, from Afghanistan to Libya to the hunt for Osama bin Laden. By the end of her tenure, Secretary Clinton had visited 112 countries, traveled nearly one million miles, and gained a truly global perspective on many of the major trends reshaping the landscape of the twenty-first century, from economic inequality to climate change to revolutions in energy, communications, and health. Drawing on conversations with numerous leaders and experts, Secretary Clinton offers her views on what it will take for the United States to compete and thrive in an interdependent world. She makes a passionate case for human rights and the full participation in society of women, youth, and LGBT people. An astute eyewitness to decades of social change, she distinguishes the trendlines from the headlines and describes the progress occurring throughout the world, day after day. Secretary Clinton's descriptions of diplomatic conversations at the highest levels offer readers a master class in international relations, as does her analysis of how we can best use "smart power" to deliver security and prosperity in a rapidly changing world—one in which America remains the indispensable nation.

Reel Leadership Harper Collins

This book offers a novel, incisive and wide-ranging account of Libya's '17 February Revolution' by tracing how critical towns, communities and political groups helped to shape its course. Each community,

whether geographical (e.g. Misrata, Zintan), tribal/communal (e.g. Beni Walid) or political (e.g. the Muslim Brotherhood) took its own path into the uprisings and subsequent conflict of 2011, according to their own histories and relationship to Muammar Qadhafi's regime. The story of each group is told by the authors, based on reportage and expert analysis, from the outbreak of protests in Benghazi in February 2011 through to the transitional period following the end of fighting in October 2011. They describe the emergence of Libya's new politics through the unique stories of those who made it happen, or those who fought against it. *The Libyan Revolution and its Aftermath* brings together leading journalists, academics, and specialists, each with extensive field experience amidst the constituencies they depict, drawing on interviews with fighters, politicians and civil society leaders who have contributed their own account of events to this volume.

The Inside Account of What Really Happened in Benghazi

Told through the eyes of current and former Navy SEALs, *EYES ON TARGET* is an inside account of some of the most harrowing missions in American history—including the mission to kill Osama bin Laden and the mission that wasn't, the deadly attack on the US diplomatic outpost in Benghazi where a retired SEAL sniper with a small team held off one hundred terrorists while his repeated radio calls for help went unheeded. The book contains incredible accounts of major SEAL operations—from the violent birth of SEAL Team Six and the aborted Operation Eagle Claw meant to save the hostages in Iran, to key missions in Iraq and Afghanistan where the SEALs suffered their worst losses in their fifty year history—and every chapter illustrates why this elite military special operations unit remains the most feared anti-terrorist force in the world. We hear reports on the record from retired SEAL officers including Lt. Cmdr. Richard Marcinko, the founder of SEAL Team Six, and a former Commander at SEAL team Six, Ryan Zinke, and we come away understanding the deep commitment of these military men who put themselves in danger to protect our country and save American lives. In the face of insurmountable odds and the imminent threat of death, they give all to protect those who cannot protect themselves. No matter the situation, on duty or at ease, SEALs never, ever give up. One powerful chapter in the book tells the story of how

one Medal of Honor winner saved another, the only time this has been done in US military history. EYES ON TARGET includes these special features: A detailed timeline of events during the Benghazi attack
 Sample rescue scenarios from a military expert who believes that help could have reached the Benghazi compound in time
 The US House Republican Conference Interim Progress Report on the events surrounding the September 11, 2012 Terrorist Attacks in Benghazi Through their many interviews and unique access, Scott McEwen and Richard Miniter pull back the veil that has so often concealed the heroism of these patriots. They live by a stringent and demanding code of their own creation, keeping them ready to ignore politics, bureaucracy and-if

necessary-direct orders. They share a unique combination of character, intelligence, courage, love of country and what can only be called true grit. They are the Navy SEALs, and they keep their Eyes on Target.
