10000+ Objective MCQs with Explanatory Notes for General Studies UPSC/ State PCS/ SSC/ Banking/ Railways/ Defence 2nd Edition Disha Publications

'Man-Eaters of Kumaon' is the best known of Corbett's books, one which offers ten fascinating and spine-tingling tales of pursuing and shooting tigers in the Indian Himalayas during the early years of this 19th Century. The stories also offer first-hand information about the exotic flora, fauna, and village life in this obscure and treacherous region of India, making it as interesting a travelogue as it is a compelling look at a bygone era of hunting. No one understood the ways of the Indian jungle better than Corbett. A skilled tracker, he preferred to hunt alone and on foot, sometimes accompanied by his small dog Robin. Corbett derived intense happiness from observing wildlife and he was a fervent conservationist as well as a tracker. He empathised with the impoverished people amongst whom he lived, in what is today Uttarakhand, and he established India's first tiger sanctuary there. Corbett's writing is as immediate and accessible today as it was when first published in 1944.

THE TIGER'S ROAR

Pranav Kumar is: (a) An advertising executive (b) An aspiring writer (c) An anarchist (d) A fugitive from the Mumbai Police (e) All of the above Pranav Kumar has had enough. He's sick and tired of being a corporate drone convincing people

that their lives are meaningless without the newest product he's peddling. He hates that commercialism is the new mantra and people actually believe that you are what you own. Pranav Kumar wants to change the world. But how does one man make a whole country question the way we are when no one is interested in listening? Pranav and his friends decide to capture the eyeballs of the nation and shake up the system. Their methods are unorthodox; their message unique. They take over a TV station; expose an environmental scam; strike out at patrons of brothels; sabotage a glitzy fashion show; and paint-bomb a local train. But as the Anarchists of Mumbai ignite sparks of a much larger movement; they realize that doing good comes at a price; that the means are as important as the ends and that being hunted by the Mumbai police is perhaps better than being hunted by contract-killers. Bold; fresh and darkly comic; *The Diary of an Unreasonable Man* is an exceptional debut.

and leopards. In fact, 'Carpet Sahib' (as many Indians called him) was a conservationist at heart, with a deep love for jungles – its flora and fauna; and its inhabitants – the birds and the animals, and the people – who lived in the lush Kumaon hills. It is this side of Corbett that comes to the fore in *Jungle Lore*. Almost autobiographical in nature, *Jungle Lore* sees Corbett talk of his boyhood, the people he met, lessons he learnt in absorbing the jungle, his concern for the jungles and environment, and of course, there are doses of hunting expeditions too. There is even the odd story of detection and of supernatural sightings. *Jungle Lore* is the first book anyone should read on Jim Corbett. Simply because it is about Jim Corbett the man who went on to become a famous hunter.

Environmental Studies by Dr Narendra Mal Surana and Mrs Hemlata Ojha Malviya is a publication of the SBPD Publishing House, Agra. Environmental science has become the most popular subject in the world nowadays. The whole world is facing the threat of imbalance in the environment such as overexploitation of nature and natural resources, deforestation, industrialisation and urbanisation. Our ancient scriptures and literature are the witness of awareness and conservation instinct about the environment at that time. The subject environmental studies has become the part of syllabus of the Degree courses after the issuing of an order by the Hon'ble Supreme Court to create awareness among the students. This book has been written according to the unified syllabus issued by U.G.C. for all universities and colleges in India. The authors' are very satisfied to say that the book contains all the latest information and data, which will be useful for the young generation. The authors' are proud to incorporate some more chapters viz. Chapter 2–The Vedic Description and Religious Aspect of Environment, Chapter 3–Current Status of Environment in India and Chapter 10–A Threat to 21st Century AIDS. Attention has also been drawn to provide more and more questions, objective type questions etc. to the students for their examination point of view.

The astonishing true story of the man-eating tiger that claimed a record 437 human lives "Thrilling. Fascinating. Exciting." —Wall Street Journal • "Riveting. Haunting." —Scientific American Nepal, c. 1900: A lone tigress began stalking humans, moving like a phantom through the lush foothills of the Himalayas. As the death toll reached an astonishing 436 lives, a young local hunter was dispatched to stop the man-eater before it struck again. This is the extraordinary true story of the "Champawat Man-Eater," the deadliest animal in recorded history. One part pulse-pounding thriller, one part soulful natural history of the endangered

Royal Bengal tiger, *No Beast So Fierce* is Dane Huckelbridge's gripping nonfiction account of the Champawat tiger, which terrified northern India and Nepal from 1900 to 1907, and Jim Corbett, the legendary hunter who pursued it. Huckelbridge's masterful telling also reveals that the tiger, Corbett, and the forces that brought them together are far more complex and fascinating than a simple man-versus-beast tale. At the turn of the twentieth century as British rule of India tightened and bounties were placed on tiger's heads, a tigress was shot in the mouth by a poacher. Injured but alive, it turned from its usual hunting habits to easier prey—humans. For the next seven years, this man-made killer terrified locals, growing bolder with every kill. Colonial authorities, desperate for help, finally called upon Jim Corbett, a then-unknown railroad employee of humble origins who had grown up hunting game through the hills of Kumaon. Like a detective on the trail of a serial killer, Corbett tracked the tiger's movements in the dense, hilly woodlands—meanwhile the animal shadowed Corbett in return. Then, after a heartbreaking new kill of a young woman whom he was unable to protect, Corbett followed the gruesome blood trail deep into the forest where hunter and tiger would meet at last. Drawing upon on-the-ground research in the Indian Himalayan region where he retraced Corbett's footsteps, Huckelbridge brings to life one of the great adventure stories of the twentieth century. And yet Huckelbridge brings a deeper, more complex story into focus, placing the episode into its full context for the first time: that of colonialism's disturbing impact on the ancient balance between man and tiger; and that of Corbett's own evolution from a celebrated hunter to a principled conservationist who in time would earn fame for his devotion to saving the Bengal tiger and its habitat. Today the Corbett Tiger Reserve preserves 1,200 km of wilderness; within its borders is Jim Corbett National Park, India's oldest and most prestigious national park and a vital haven for the very animals Corbett once hunted. An unforgettable tale, magnificently told, *No Beast So Fierce* is an epic of beauty, terror, survival, and redemption for the ages.

Protecting the planet is everyone's work. But we all have our own heroes in whatever area we are working. Planet Savers brings together the varied stories of the hundreds of movers and shakers that have spoken up throughout history and taken action to defend the world from pollution, deforestation, species loss and climate change. From Theodore Roosevelt to Al Gore; from Francis of Assisi to David Attenborough - and from hundreds more men and women that you will know little, if anything, about. Scientists, artists,

business people, priests, lawyers, poets, politicians, activists and more, from every continent of the world. Their work has enthused us about the natural world and warned us that we must do much more to preserve it. The Indian woman who became the world's first environmental martyr; the Baptist Reverend who asked "What Would Jesus Drive?"; the Quaker big game hunter who set up the first conservation organisation; the Shakespearian actor who revolutionised organic gardening; and the housewife whose campaign against toxic waste forced a President to act. The book is a cornucopia of people who from time immemorial have put their careers, reputations and lives on the line to protect our planet from its governing inhabitants - the human race. Today, as thousands of species of animals and plants are faced with extinction, thousands of years of indigenous knowledge is lost in the face of technological advance, and we become more and more aware of the potential doomsday scenario of a warming world, we need Planet Savers more than ever. Our inspiration can be the 301 environmental lives portrayed in this book. These people cared enough to do something about it. Planet Savers is both a tribute and a catalyst: a tribute to the people that loved the planet enough to want to act to save it, and a catalyst for the people who will be inspired to act after reading it. New Planet Savers are at work right now in rainforests and megacities; in community centres and boardrooms; at road protests and in courtrooms, all over the world. If this book has one great aim it is to inspire you, the reader, to join them. It is a book that every home should own.
