Below is a list of the prizewinners during
the period 1981 ? 1990 with a

description of the works which won them their prizes: (1981) J TOBIN ? for his analysis of financial markets and their relations to expenditure decisions, employment, production and prices; (1982) G J STIGLER ? for his seminal studies of industrial structures, functioning of markets and causes and effects of public regulation; (1983) G DEBREU ? for having incorporated new analytical methods into economic theory and for his rigorous reformulation of the theory of general equilibrium; (1984) R STONE ? for having made fundamental contributions to the development of systems of national accounts and hence greatly improved the basis for empirical economic analysis; (1985) F MODIGLIANI ? for his pioneering analyses of saving and of financial markets; (1986) J

BUCHANAN, JR ? for his development of the contractual and constitutional bases for the theory of economic and political decision-making; (1987) R M SOLOW ? for his contributions to the theory of economic growth; (1988) M ALLAIS ? for his pioneering contributions to the theory of markets and efficient utilization of resources; (1989) T HAAVELMO ? for his clarification of the probability theory foundations of econometrics and his analyses of simultaneous economic structures; (1990) H M MARKOWITZ, M H MILLER & W F SHARPE ? for their pioneering work in the theory of financial economics.

he became a sudden parent when he fell in love with a man who had recently adopted a son, in a thoughtful memoir of gay parenthood. Reprint.

I CHOSE LIBERTY: AUTOBIOGRAPHIES OF CONTEMPORARY LIBERTARIANS

University of Michigan Press
"Bighearted, gorgeous, historical, suspenseful, everything you want a novel to be" (--Andrew Sean Greer, Pulitzer Prize-winning author of *Less*), a new book inspired by the World War II story you've never heard--the real-life quest of an unlikely hero to save the lives and work of Europe's great minds from the impending Holocaust In 1940, Varian Fry traveled to Marseille carrying three thousand dollars and a list of

imperiled artists and writers he hoped to help escape within a few weeks. Instead, he stayed more than a year, working to procure false documents, amass emergency funds, and arrange journeys across Spain and Portugal, where the refugees would embark for safer ports. His many clients included Hannah Arendt, Max Ernst, Marcel Duchamp, and Marc Chagall, and the race against time to save them is a tale of forbidden love, high-stakes adventure, and unimaginable courage. "Masterfully crafted and impossible to put down, *The Flight Portfolio* offers a testament to the enduring power of art, and love, in any form." --*Entertainment Weekly*
Issues and Problems W. W. Norton & Company
What is a meticulous, exacting

perfectionist to do when her life spins out of control? Cece Camden has a plan-for work, for love, for life-and she believes she is right on track. But on her 29th birthday, her grand plan begins to unravel, and the disciplined, former ballerina's life is turned upside down. Newly unemployed and devastated to learn she and her boyfriend are not on the same page, Cece returns to Clearwater, her hometown in Northern California wine country, hoping to find comfort for her broken heart with her family. Being back in Clearwater, however, only adds to her stress, when she reluctantly agrees to help rescue a small-town, Christmas production of The Nutcracker. Having once been the ballerina that would make Clearwater famous, Cece's return attracts attention,

inspires gossip, and forces Cece to examine a decision she made years before at the most vulnerable time of her life. As old wounds are opened and secrets revealed, Cece is forced to confront long-held beliefs about her childhood, leading her to question everything she thought she knew about family, love, and herself. As Cece struggles to accept the truth, she lets go of one dream and discovers a new one, opening her heart to a purpose and a future she had never imagined. "A perfect cozy read for the holidays. Delving into the topics of loss and regrets, this book is full of surprises. Heartwarming and poignant." Lisa Manterfield, author of *A Strange Companion*.

Sweet Noise. Love in Wartime is a book of photographs and words about the Holocaust, a subject difficult to grasp and almost impossible to document. It is also a story of love in a time of war, told in a clear voice using compelling black-and-white photographs and simple, evocative language to build a framework around this pivotal moment in history. Hirshfeld's parents, Polish Jews who survived Auschwitz, raised him in a small city in Alabama, where life in the South of the 1950s and 1960s was quiet and, on the surface, mostly idyllic. But lurking under the surface was a remarkable yet tension-filled history that fully revealed itself only after he matured and had a family of his own. He knew the outer perimeters of his parent's story: the

challenges of being Jewish in a place that increasingly alienated them, their individual trajectories as they moved through adulthood and their chance meeting in a Nazi-created ghetto where they fell in love. But it took a trip to Poland with his mother in 1993 (and the discovery in 2005 of hundreds of post-war letters between his parents) to more fully acquaint me with the depths of their tragedies and the exceptional love story that began in 1943, sustaining them through the war. Though Sweet Noise features events that began seventy-five years ago, the material is eerily timely. As Eastern Europe grapples with this horrific legacy, and many countries are reassessing their responses to mass immigration, those in a position to bear witness need a

supportive environment wherein art and language serve to remind the world what can occur when hatred and the concept of ethnic cleansing are given free rein.

"BETTER THAN PLOWING" AND BEYOND

Schocken

This is part of a four-volume set, an annual series dedicated to the work of John Locke. This volume deals with property rights in terms of being a guarantor of liberty. The others cover rent seeking; constitutional order; and the liberty-state relationship.

Thieves' Market Dial Press Trade Paperback

Moraes Zogoiby offers a revealing account of his family, their evolving fortunes, and the lost world of

possibilities in twentieth-century India, detailing a universe of family rifts, greed, dark passions, secrecy, power, and the mysteries of art. Reprint. 100,000 first printing.

A Novel The Rosen Publishing Group, Inc
A NEW YORK TIMES NOTABLE BOOK •

From the author of *The Chalk Artist*, this beloved collection of linked stories is “one of the most astute and engaging books about American family life to have come our way in quite a while” (*The Boston Globe*). In this beloved collection of linked short stories, Allegra Goodman writes with wit and compassion about three generations of Markowitzes: Rose, the displaced, cantankerous matriarch; her devoted son, Henry, an aesthete living abroad; his younger brother, Ed, a Georgetown scholar specializing in

terrorism; Ed's wife, Sarah, a housewife with stalled literary ambitions; and their eldest daughter, Miriam, whose budding Orthodoxy bewilders her parents. Through the rhythm of ordinary family rituals—weddings, holiday dinners, hospital vigils—Goodman breathes extraordinary life into a cast of characters who reverberate with authenticity and never fail to speak their minds. Praise for *The Family Markowitz* "These stories sound like no one else's. . . Goodman is brilliant at capturing the clutter of both interior and exterior life."—Los Angeles Times "Entertaining . . . The Family Markowitz has great consistency and charm."—Claire Messud, *The New York Times Book Review* "A revelation . . . Goodman's prose has a steady, silent reserve that always

indicates she has bigger things in mind."—Dwight Garner, *Salon* "One of the most astute and engaging books about American family life to have come our way in quite a while . . . [Allegra Goodman] has a gift for conveying the peculiar subtleties of Jewish culture."—*The Boston Globe* "Funny and wise and keenly observed . . . one of the most engaging, maddening, and recognizable families to come along in years . . . an enchanting book."—Michiko Kakutani, *The New York Times*

Analytical Economics Dramatists Play Service, Inc.

The Italian-born economist who won the 1985 Nobel Prize in economics traces his childhood in Italy, his arrival in the United States, and his distinguished career as a professor at MIT, and offers

his insights on economic policies.

A Memoir Edward Elgar Pub

With body piercing and tattooing becoming more popular and mainstream, many teens may think about engaging in these forms of body modification. An excellent resource for young people pondering a piercing or tattoo, this title presents some of the pros and cons they should consider. In an honest and engaging manner, the author presents important information teens need to protect their health, including how to identify a reputable studio, what to expect from the procedures, and how to do proper aftercare. Legal, social, and familial issues are explored, too, including the importance of discussing the decision with their parents and choosing tattoos

or piercings they can live with throughout adulthood.

Inventing Jewish Ritual Princeton University Press

A handsome work of cartography. The maps match census data to the results of election returns. The third study of the political attitudes of a group of women who attended Bennington College in the 1930s and 1940s. The first two (1943 and 1967) focused on the importance of the social environment in shaping and maintaining attitudes. The third, based on interviews conducted in 1984, investigates the effect not only of social factors, but also of the aging process and the changing times. Paper edition (unseen), \$21.95. Annotation copyrighted by Book News, Inc., Portland, OR

Telling It the Way It Was: An Oral History St. Martin's Press

Investigating her mysterious birth leads a bright young artist into peril For a few hours after her birth, Amanda Garth had two fathers. One was John, the kind, forthright man who would raise her. The other was Tobias Garrison, a well-known California artist who, because of a mix-up in the hospital's nursery, briefly thought Amanda was his. The confusion was straightened out, and the misunderstanding is forgotten for twenty-three years, when questions about her birth cause Amanda to approach the Garrisons. This could prove a deadly mistake. Someone in that poisonous family is plotting a murder, and the last thing they want is another heir to the massive Garrison fortune. The

quest for truth could mean death for the girl whose birth was shrouded in secrecy.

Political Attitudes Over the Life Span

Texas A&M University Press

While consulting at an Egyptian library, software prodigy Josie Ashkenazi is kidnapped and her talent for preserving memories becomes her only means of escape as the power of her ingenious work is revealed, while at home, her jealous sister Judith takes over her life at home.

FICTION

W. W. Norton & Company

What Papa Told Me, written by the granddaughter of Holocaust survivors, is the story of Murray, a young Jewish boy from Poland whose courage and sheer

will to live helped him survive eight different labor and concentration camps in the Holocaust, start a new life in America, and keep a family intact in the aftermath of his wife's suicide - one of the Nazis' last victims.

What Papa Told Me Dividends Press
 WINNER OF THE PULITZER PRIZE • NEW YORK TIMES BESTSELLER • The epic, beloved novel of two boy geniuses dreaming up superheroes in New York's Golden Age of comics, now with special bonus material by the author—soon to be a Showtime limited series “It's absolutely gosh-wow, super-colossal—smart, funny, and a continual pleasure to read.”—The Washington Post
 Book World Named one of the 10 Best Books of the Decade by Entertainment Weekly • Finalist for the PEN/Faulkner

Award, National Book Critics Circle Award, and Los Angeles Times Book Prize A “towering, swash-buckling thrill of a book” (Newsweek), hailed as Chabon's “magnum opus” (The New York Review of Books), *The Amazing Adventures of Kavalier & Clay* is a triumph of originality, imagination, and storytelling, an exuberant, irresistible novel that begins in New York City in 1939. A young escape artist and budding magician named Joe Kavalier arrives on the doorstep of his cousin, Sammy Clay. While the long shadow of Hitler falls across Europe, America is happily in thrall to the Golden Age of comic books, and in a distant corner of Brooklyn, Sammy is looking for a way to cash in on the craze. He finds the ideal partner in the aloof, artistically gifted Joe, and

together they embark on an adventure that takes them deep into the heart of Manhattan, and the heart of old-fashioned American ambition. From the shared fears, dreams, and desires of two teenage boys, they spin comic book tales of the heroic, fascist-fighting Escapist and the beautiful, mysterious Luna Moth, otherworldly mistress of the night. Climbing from the streets of Brooklyn to the top of the Empire State Building, Joe and Sammy carve out lives, and careers, as vivid as cyan and magenta ink. Spanning continents and eras, this superb book by one of America's finest writers remains one of the defining novels of our modern American age. Winner of the Bay Area Book Reviewers Award and the New York Society Library Book Award

Solving Society's Problems from the Bottom Up Penguin

New and Selected Poems 1972-2004

Ludwig von Mises Institute

For over a century the economics profession has extended its reach to

encompass policy formation and institutional design while largely ignoring the ethical challenges that attend the profession's influence over the lives of others. Economists have proven to be disinterested in ethics. Embracing emotivism, they often treat ethics a matter of mere preference. Moreover, economists tend to be hostile to professional economic ethics, which they incorrectly equate with a code of conduct that would be at best ineffectual and at worst disruptive to good economic practice. But good ethical reasoning is not reducible to mere tastes, and professional ethics is not reducible to a code. Instead, professional economic ethics refers to a new field of investigation—a tradition of sustained and lively inquiry into the irrepressible

ethical entailments of academic and applied economic practice. The Oxford Handbook of Professional Economic Ethics explores a wide range of questions related to the nature of ethical economic practice and the content of professional economic ethics. It explores current thinking that has emerged in these areas while widening substantially the terrain of economic ethics. There has never been a volume that poses so directly and intensively the question of the need for and content of professional ethics for economics. The Handbook incorporates the work of leading scholars and practitioners, including academic economists from various theoretical traditions; applied economists, beyond academia, whose work has direct and immense social impact; and

philosophers, professional ethicists, and others whose work has addressed the nature of "professionalism" and its implications for ethical practice.

THE COLLECTED WORKS OF JAMES M. BUCHANAN

Purdue University Press

Adam Smith and Friedrich Hayek saw the liberty principle as focal and accorded it strong presumption, but their wisdom invokes how little we can know. In Knowledge and Coordination, Daniel Klein re-examines the elements of economic liberalism. He interprets Hayek's notion of spontaneous order from the aestheticized perspective of a Smithian spectator, real or imagined. Klein addresses issues economists have had surrounding the notion of

coordination by distinguishing the concatenate coordination of Hayek, Ronald Coase, and Michael Polanyi from the mutual coordination of Thomas Schelling and game theory. Clarifying the meaning of cooperation, he resolves debates over whether entrepreneurial innovation enhances or upsets coordination, and thus interprets entrepreneurship in terms of discovery or new knowledge. Beyond information, knowledge entails interpretation and judgment, emergent from tacit reaches of the "society of mind," itself embedded in actual society. Rejecting homo economicus in favor of the "deepself," Klein offers a distinctive formulation of knowledge economics, entailing asymmetric interpretation, judgment, entrepreneurship, error, and correction-

and kinds of discovery-which all serve the cause of liberty. This richness of knowledge joins agent and analyst, and meaningful theory depends on tacit affinities between the two. Knowledge and Coordination highlights the recurring connections to underlying purposes and sensibilities, of analysts as well as agents. Behind economic talk of market communication and social error and correction lies Klein's Smithian allegory, with the allegorical spectator representing a conception of the social. Knowledge and Coordination instructs us to declare such allegory. Knowledge and Coordination is an authoritative take on how, by confessing the looseness of its judgments and the by-and-large status

of its claims, laissez-faire liberalism makes its economic doctrines more robust and its presumption of liberty more viable.

WHY I TURNED RIGHT

Macmillan

In a provocative compilation of personal political manifestos, a group of leading right-wing writers reflects on why America has become increasingly conservative, featuring contributions from David Brooks, Dinesh D'Souza, Rich Lowry, P. J. O'Rourke, Danielle Crittenden, Heather MacDonald, and others. Reprint. 25,000 first printing. *Adventures of an Economist* Wtg
