Before there were any film crews and music studios, there was project housing, poverty and years of being incarcerated that plagued Saigon's life. In this 3 part book series, he explains the source of the PAIN, that put him in search of the PEACE, that would ultimately lead to some PROSPERITY. This is the reality of the guy who duped Turtle on Entourage. The reality of the guy who has had multiple public fist fights with other famous rappers. *The Greatest Story Never Told - Oral Tradition and The Development of Messages In The Book Of Genesis* Penguin

The Torah is the first five books of the Hebrew and Christian Bible. Torah means to teach. What does the Torah teach?

How does the Torah teach? Scholars agree the Bible evolved from an oral tradition to its written form. This book examines the messages of the Book of Genesis, the first book of the Bible, based on what those messages would have sounded like to an audience in the original oral tradition. The episodes of Creation and the 21 separate stories of the iconic figure of Abraham are recast under the microscope of the prevailing Near Eastern context of their birth. The reader is invited to experience the vivid world of antiquity and for the first time hear The Greatest Story Never Told. *The Greatest Stories Never Told* Strategic Book Publishing & Rights Agency

"What we call imagination is actually the universal library of what's real. You

couldn't imagine it if it weren't real somewhere, sometime." - Terence Mckenna Scientific theories that were once considered right and mighty were later proven wrong. This is the case even with the best and most thorough scrutiny and investigation. There is no knowing when a better scientific theory will come to replace the old. It is clear that the study of Sumerian clay tablets will continue to interest areas of science, history, archaeology, cosmology, and more, due to its continued "effect" of encompassing studies from unrelated fields. The Sumerians were the most extraordinary people who ever lived on the face of the earth. They seemed to come from out of nowhere, and they single-handedly invented civilization when most of the rest of the world was still living in the Stone Age. What's more, they did it thousands of years before anyone else. The Sumerian civilization was already ancient when it ended in 2004 B.C., twenty centuries before Julius Caesar, sixteen centuries before Socrates, and seven centuries before Tutankhamen. "The highest form of ignorance is when you

reject something you don't know about." ~ Wayne Dyer

**THE GREATEST STORIES EVER PLAYED**

St. Martin's Press

This story is based on a true love story that spanned almost two decades. The names and places have been changed to protect the privacy of the individuals involved in this affair. The chronological sequence of events has been maintained for continuity. All the stories and experiences are based on facts. This book is about a love story that was kept secret for 18 years and perhaps should've remained a secret. The first book related to this love story was a book of poems entitled *Somewhere, Sometime, Somehow: Love Poems*

and Short Stories published in 2008 by this author and Xlibris. For the perceptive reader of this book one can trace the ups and downs of our love relationship. These 18 years were filled with robust love and passion for each other. Perhaps it was fantasy; perhaps it was the most real thing we will ever experience. The heartbreaking part of this love affair is that I am not really sure my lover ever really understood or appreciated my profound and unconditional love for her. I opened my heart to her through poetry and thoughtful letters, but she rarely showed me what was in her heart. Perhaps it was a one-sided love affair, but I surely think and hope not. I was convinced that she truly loved me through her words and actions. At least I experienced a pure love that I had only dreamed was possible. The story is told mainly through the exchange of letters and emails to each other. Perhaps readers can experience and hopefully feel the deep

love we felt for each other.
