Raise Your Hand Puffin Books

The inspiring true story of the first Girl Scout troop founded for and by girls living in a shelter in Queens, New York, and the amazing, nationwide response that it sparked "A powerful book full of powerful women."—Chelsea Clinton Giselle Burgess was a young mother of five trying to provide for her family. Though she had a full-time job, the demands of ever-increasing rent and mounting bills forced her to fall behind, and eviction soon followed. Giselle and her kids were thrown into New York City's overburdened shelter system, which housed nearly 60,000 people each day. They soon found themselves living at a Sleep Inn in Queens, provided by the city as temporary shelter; for nearly a year, all six lived in a single room with two beds and one bathroom. With curfews and lack of amenities, it felt more like a prison than a home, and Giselle, at the mercy of a broken system, grew fearful about her family's future. She knew that her daughters and the other girls living at the shelter needed to be a part of something where they didn't feel the shame or stigma of being homeless, and could develop skills and a community they could be proud of. Giselle had worked for the Girl Scouts and had the idea to establish a troop in the shelter, and with the support of a group of dedicated parents, advocates, and remarkable girls, Troop 6000 was born. New York Times journalist Nikita Stewart settled in with Troop 6000 for more than a year, at the peak of New York City's homelessness crisis in 2017, getting to know the girls and their families and witnessing both their triumphs and challenges. In Troop 6000, readers will feel the highs and lows as some families make it out of the shelter while others falter, and girls grow up with the stress and insecurity of not knowing what each day will bring and not having a place to call home, living for the times when they can put on their Girl Scout uniforms and come together. The result is a powerful, inspiring story about overcoming the odds in the most unlikely of places. Stewart shows how shared experiences of poverty and hardship sparked the political will needed to create the troop that would expand from one shelter to fifteen in New York City, and ultimately inspired the creation of similar troops across the country. Woven throughout the book is the history of the Girl Scouts, an organization that has always adapted to fit the times, supporting girls from all walks of life. Troop 6000 is both the intimate story of one group of girls who find pride and community with one another, and the larger story of how, when we come together, we

can find support and commonality and experience joy and success, no matter how challenging life may be.

Instant New York Times Bestseller! 11-year-old Alice Paul Tapper--daughter of CNN's Jake Tapper--is challenging girls everywhere to speak up! When Alice Tapper noticed that the girls in her class weren't participating as much as the boys, she knew she had to do something about it. With help from her Girl Scout troop and her parents, she came up with a patch that other girls could earn if they took a pledge to be more confident in school. Alice even wrote an op-ed about the experience for the New York Times! Inspired by that piece, this picture book illustrates her determination, bravery, and unwillingness to accept the status quo. With Marta Kissi's delightful illustrations depicting Alice's story, young readers everywhere will want to follow Alice's lead and raise their hand!

Accidentally deafened, she married a dashing British patrician and moved to England, where she quickly became dissatisfied with the aimlessness of privileged life. Her search for greater purpose ended when she met Robert Baden-Powell, founder of the Boy Scouts, and was inspired to recreate his program for girls. The Girl Scouts of the USA—which can now count more than fifty-nine million American girls and women among its past members—aims to instill useful skills and moral values in its young members, with an emphasis on fun. THE COOKIE THIEF GIRL SCOUT MYSTERY

Penguin

The Conscious Educator presents an honest, inspiring, and solutions-focused approach to creating more positive and equitable school experiences for every student. Inspired by her real-life teaching experiences as a former elementary school teacher, author Salandra Grice shines a light on the blind spots many teachers have when it comes to teaching culturally diverse students. She doesn't shy away from holding every teacher accountable for committing to become a culturally conscious educator. The topics Salandra covers in this work include important connections between culture and learning, and the misinformed ideology of colorblindness among many K-12 educators. In this well-researched book, Salandra pulls no punches in her attempt to ask educators to self-reflect, and to accept accountability for the lack of culturally aware educational practices, and the prevalence of inequitable practices, currently in place in today's schools. With its goal being the implementation of solutions to create greater pathways of success for every student, The Conscious Educator is the new guide for educators who want to be prepared to teach our 21st-century students. This book, filled with practical, ready-to-implement strategies and approaches for teaching diverse students, is the foundation for good teaching. Without these strategies and approaches, today's trend of fast fixes to enhance student achievement won't matter in attempts to close achievement gaps. The bottom line is this: If teachers do not know who they are teaching, then they cannot be effective in understanding how to teach them.

Here Come the Girl Scouts! Little, Brown Books for Young Readers

#1 NEW YORK TIMES BESTSELLER • Michelle Obama's worldwide bestselling memoir, *Becoming*, is now adapted for young readers.

Michelle Robinson was born on the South Side of Chicago. From her modest beginnings, she would become Michelle Obama, the inspiring and powerful First Lady of the United States, when her husband, Barack Obama, was elected the forty-fourth president. They would be the first Black First Family in the White House and serve the country for two terms. Growing up, Michelle and her older brother, Craig, shared a bedroom in their family's upstairs apartment in her great-aunt's house. Her parents, Fraser and Marian, poured their love and energy into their children. Michelle's beloved dad taught his kids to work hard, keep their word, and remember to laugh. Her mom showed them how to think for themselves, use their voice, and be unafraid. But life soon took her far from home. With determination, carefully made plans, and the desire to achieve, Michelle was eager to expand the sphere of her life from her schooling in Chicago. She went to Princeton University, where she learned what it felt like to be the only Black woman in the room. She then went to Harvard Law School, and after graduating returned to Chicago and became a high-powered lawyer. Her plans changed, however, when she met and fell in love with Barack Obama. From her early years of marriage, and the struggle to balance being a working woman, a wife, and the mom of two daughters, Michelle Obama details the shift she made to political life and what her family endured as a

result of her husband's fast-moving political career and campaign for the presidency. She shares the glamour of ball gowns and world travel, and the difficulties of comforting families after tragedies. She managed to be there for her daughters' swim competitions and attend plays at their schools without catching the spotlight, while defining and championing numerous initiatives, especially those geared toward kids, during her time as First Lady. Most important, this volume for young people is an honest and fascinating account of Michelle Obama's life led by example. She shares her views on how all young people can help themselves as well as help others, no matter their status in life. She asks readers to realize that no one is perfect, and that the process of becoming is what matters, as finding yourself is ever evolving. In telling her story with boldness, she asks young readers: Who are you, and what do you want to become?
