From acclaimed author and translator Elisa Amado and award-winning illustrator Alfonso Ruano, *My Friend* is the story of the meaning of friendship in the life of an immigrant child. Friendship — to be known, to be accepted as you are, to feel safe, especially when you are vulnerable. The girl in this story has recently arrived in Brooklyn with her family. On her very first day at school she meets a girl who almost instantly becomes her very best friend. She feels known, loved and accepted by her. But when she invites her friend to come for dinner with her family — a family that feels free to eat weird food and, even worse, burst into song with their version

of a sentimental classic of longing and homesickness — something shifts and she no longer feels safe at all. What will it be like tomorrow at school? Award-winning illustrator Alfonso Ruano's art beautifully depicts the depth of feeling that the friends experience in this story from acclaimed author and translator Elisa Amado, about how difficult it is to come from somewhere else and what a difference friendship can make. Key Text Features song lyrics Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RL.2.3 Describe how characters in a story respond to major events and challenges. 'Engaging, fact-filled and profoundly illuminating. It's inspiring to read - and it should help make the world a lot better.' Cass Sunstein, author of *Nudge* The rise of social media has sent our social instincts into overdrive, and the impact of our networks has never been greater. But what if we could reclaim the positive power that influences our decisions, to behave better and be happier? In this groundbreaking book, Sanders and Hume build on the incredible findings of

their own cutting-edge research from their work at the world's first Nudge Unit, as well as illuminating case studies from experts around the world, to show how small changes in our environments can have a huge impact on where our instincts lead us. At a time when our trust in each other is being destroyed on a global scale, it's never been more important to understand what motivates us and how to use our predictable behaviours to drive positive change. From helping us to run more cohesive organizations, to building important relationships and connections that matter, this is an essential roadmap back to our better social selves.

"Text Me has the thrills and laughs of a

romantic comedy, but with an inverted message: 'There just isn't only one love story in our lives,' Schaefer writes. If you're lucky, friends will be the protagonists in these multiple love stories. It's high time that we start seeing it that way."—NPR.org A personal and sociological examination—and ultimately a celebration—of the evolution of female friendship in pop culture and modern society For too long, women have been told that we are terrible at being friends, that we can't help being cruel or competitive, or that we inevitably abandon each other for romantic partners. But we are rejecting those stereotypes and reclaiming the power of female friendship. In *Text Me When You Get Home*, journalist Kayleen Schaefer interviews more than one

hundred women about their BFFs, soulmates, girl gangs, and queens while tracing this cultural shift through the lens of pop culture. Our love for each other is reflected in *Abbi and Ilana*, *Issa and Molly*, *#squadgoals*, the acclaim of *Girls Trip* and *Big Little Lies*, and *Galentine's Day*. Schaefer also includes her own history of grappling with a world that told her to rely on men before she realized that her true source of support came from a strong tribe of women. Her personal narrative and celebration of her own relationships weaves throughout the evolution of female friendship on-screen, a serious look at how women have come to value one another and our relationships. *Text Me When You Get Home* is a validation that has never existed before. A thoughtful, heart-

soaring, deeply reported look at how women are taking a stand for their friendships and not letting go.

 Frances is a coolheaded and darkly observant young woman, vaguely pursuing a career in writing while studying in Dublin. Her best friend is the

beautiful and endlessly self-possessed Bobbi. At a local poetry performance one night, they meet a well-known photographer, and as the girls are then gradually drawn into her world, Frances is reluctantly impressed by the older woman’s sophisticated home and handsome husband, Nick. But however amusing Frances and Nick’s flirtation seems at first, it begins to give way to a strange—and then painful—intimacy. Written with gemlike precision and marked by a sly sense of humor, *Conversations with Friends* is wonderfully alive to the pleasures and dangers of youth, and the messy edges of female friendship. SHORTLISTED FOR THE INTERNATIONAL DUBLIN LITERARY AWARD “Sharp, funny, thought-provoking . . . a really great portrait of

two young women as they're figuring out how to be adults."—Celeste Ng, Late Night with Seth Meyers Podcast "The dialogue is superb, as are the insights about communicating in the age of electronic devices. One wonderful aspect of Rooney's consistently wonderful novel is the fierce clarity with which she examines the self-delusion that so often festers alongside presumed self-knowledge. . . . But Rooney's natural power is as a

psychological portraitist. She is acute and sophisticated about the workings of innocence; the protagonist of this novel about growing up has no idea just how much of it she has left to do."—Alexandra Schwartz, The New Yorker "This book. The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis

examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: "GOD is love," says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God."
