The first book in a new series by the multimillion-copy bestselling author of *Conversations with God*. Neale Donald Walsch has changed the way millions of Americans think about God. His *Conversations with God* series, book 1, book 2, and book 3, have all been New York Times bestsellers- book 1 for over two years. The essence of Neale Donald Walsch's message lies at the heart of faith- the sacred place in every person, where he stands alone with his God. Walsch urges each of us to forge our own unique relationship with God, a God who is everywhere and speaks to us in all we do. It is up to us to stop and listen. It is up to us to respond...to begin the conversation. And a conversation is the first step, just as in any relationship, in establishing trust, in building friendship, in creating communion. In *Friendship with God*, Neale Donald Walsch shares the next part of his journey, and leads us to deepen and strengthen our own bonds with God. He honors our heart's desire: a closer connection, richer and fuller. A friendship with God.

Heal Your Body with Medicine, Affirmations, and Intuition Rowman & Littlefield

A deftly written novel brimming with magical realist touches, *The Feline Plague* tells the story of Ira, a Slovenian child who discovers early the cruelty of the adult world—particularly the mistreatment of animals. Ira struggles to reconcile her life with a world in which people are small-minded, the chances for happiness are few, and petty tyrants rule. She takes a job with The Lady, a capitalist entrepreneur who runs the Ark, a pet emporium where she expects “pets will become the new jewelry.” Ira careens into adulthood alongside a fairy-tale cast: her evil mother and sisters, a benevolent grandmother, best friend and alter ego Felipe, a blind painter who moonlights as a window dresser, and a pair of twins so identical their employer thinks they’re one person. Acclaimed novelist Maja Novak masterfully conjures a series of vivid tableaux, setting Ira loose in a world where miniature wooden animals come to life—where jealousy, dreams, and realities unfold as Ira’s rite of passage parallels the backdrop of communism’s dying days and capitalism’s shaky start.

Who is Jesus Christ? In *The Third Jesus*, bestselling author and spiritual leader Deepak Chopra provides an answer to this question that is both a challenge to current systems of belief and a fresh perspective on what Jesus can teach us all, regardless of our religious background. There is not one Jesus, Chopra writes, but three. First, there is the historical Jesus, the man who lived more than two thousand years ago and whose teachings are the foundation of Christian theology and thought. Next there is Jesus the Son of God, who has come to embody an institutional religion with specific dogma, a priesthood, and devout believers. And finally, there is the third Jesus, the cosmic Christ, the spiritual guide whose teaching embraces all humanity, not just the church built in his name. He speaks to the individual who wants to find God as a personal experience, to attain what some might call grace, or God-consciousness, or enlightenment. When we take Jesus literally, we are faced with the impossible. How can we truly “love thy neighbor as thyself”? But when we see the exhortations of Jesus as invitations to join him on a higher spiritual plane, his words suddenly make sense. Ultimately, Chopra argues, Christianity needs to overcome its tendency to be exclusionary and refocus on being a religion of personal insight and spiritual growth. In this way Jesus can be seen for the universal teacher he truly is—someone whose teachings of compassion, tolerance, and understanding can embrace and be embraced by all of us.

Osho, one of the most provocative and inspiring spiritual teachers of our time, provides here a practical and comprehensive approach to dealing with this conflict effectively. Incorporating new, never-before-published material, *Emotional Wellness* leads us to understand the roots of our emotions, to react to situations in a way that can teach us more about ourselves and others, and to respond to life’s inevitable ups and downs with far greater confidence and equilibrium. Discover: • The impact that fear, anger, and jealousy have on our lives • How emotions like guilt, insecurity, and fear are used to manipulate us • How to break out of unhealthy responses to strong emotions • How to transform destructive emotions into creative energy • The role of society and culture on our individual emotional styles Osho’s unique insight into the human mind and heart goes far beyond conventional psychology. He teaches us to experience our emotions fully and to deal with them creatively in order to achieve a richer, fuller life.

Power Thoughts Hay House, Inc

"Whenever there is a problem, repeat over and over: All is well. Everything is working out for my highest good. Out of this situation only good will come. I am safe." In this healing tour de force, best-selling authors Louise L. Hay and Dr. Mona Lisa Schulz have teamed up for an exciting reexamination of the quintessential teachings from *Heal Your Body*. *All Is Well* brings together Louise's proven affirmation system with Mona Lisa's knowledge of both medical science and the body's intuition to create an easy-to-follow guide for health and well-being. And, for the first time ever, they present scientific evidence showing the undeniable link between the mind and body that makes these healing methods work. Bringing focus and clarity to the effects of emotions on the body, *All Is Well* separates the body into seven distinct groups of organs—or emotional centers—that are connected by their relationship to certain emotions. Structured around these emotional centers, the authors outline common imbalances and probable mental causes for physical illness. They also include case studies that show a complete program for healing that draws from all disciplines, including both traditional and alternative medicine, affirmations, nutritional changes, and so much more. Using the self-assessment quiz, the holistic health advice, and an expanded version of Louise's original affirmation chart, you can learn how to heal your mind and body with affirmations and intuition and live a balanced, healthy life.
