The third and final fast-paced installment in the popular Raised by Wolves series, called "the most compelling YA werewolf series out there" by New York Times best-selling author Melissa Marr. A rogue Were is killing humans, and Cedar Ridge is the center of the crisis. Bryn, human alpha of the Cedar Ridge pack, must meet with the Senate to deal with the problem. Though the subject is the rogue wolf, Bryn knows the other packs want what she has. Her territory. Her females. Her pack. They want her death. She could never survive a battle with another alpha, so she'll have to keep her wits about her as she navigates the fine line between helping the Senate and hurting her chances at keeping her lands, protecting her pack, and surviving.

A girl with a darkness ... He comes to my room every night. Whispers sweet violence in my ear, one hand wrapped tight around my throat as we do things we shouldn't. Maybe it's wrong when my knees fall open, and his mouth drowns my moans, but I'll take the wrong. I'll take whatever he gives me, because without him, I'm nothing. Not every girl wants a happy ever after. Some of us just want to survive.\*\*\*\*\*Gun Shy is a standalone dark romance from USA Today bestselling author Lili St. Germain.

When twins Sheridan and Taylor wake up 400 years in the future, they find a changed world: domed cities, no animals, and a language that's so different, it barely sounds like English. And the worst news: They can't go back home. The twenty-fifth-century government transported the girls to their city hoping to find a famous scientist to help perfect a devastating new weapon. The same government has implanted tracking devices in the citizens, limiting and examining everything they do. Taylor and Sheridan have to find a way out of the city before the government discovers their secrets. To complicate matters, the moblike Dakine has interest in getting hold of them too. The only way for the girls to elude their pursuers is to put their trust in Echo, a guy with secrets of his own. The trio must put their faith in the unknown to make a harrowing escape into the wilds beyond the city. Full of adrenaline-injected chases and heartbreaking confessions, Erasing Time explores the strength of the bonds between twins, the risks and rewards of trust, and the hard road to finding the courage to fight for what you believe in.

**She-Wolf and Cub** Cold Fury Novel

From the collaborator of the blockbuster bestseller Proof of Heaven comes the definitive book proving angels are real, all around us, and interacting in our lives every day. In March 2015, millions worldwide were captivated by news reports of the dramatic rescue of an eighteen month old girl, Lily Groesbeck, who'd somehow survived fourteen hours in an overturned car partially submerged in an icy-cold Utah river after her mother apparently lost control of the vehicle. A voice the four responding officers assumed was the child's mother still trapped inside spurred them on: "Help me, help me." Yet, once the two victims were recovered, it was clear that the voice could not have come from Lily's mother: she'd been killed on impact. New York Times bestselling author Ptolemy Tompkins, with the help of Tyler Beddoes, one of the responding officers who helped rescue Lily, will explain this modern-day miracle and the existence of angels in our world. Proof of Angels weaves real-life stories into a rich narrative, exploring the history, nature, and significance of angels in our lives. With an introduction by Colleen Hughes, the editor-in-chief of Angels on Earth magazine, Proof of Angels proves that the barrier between the spiritual and the scientific is less certain than we often think. Not only does Tompkins offer a highly entertaining look into a universally fascinating topic, but he also delivers a fresh and deeply reassuring message: we are not alone.

Dad? Zombie. Mom? Long gone. Me? Well, that's the scary part. The Real World is a frightening place. Just ask sixteen-year-old orphan Dru Anderson, a tough girl who has taken down her fair share of bad guys. She's armed, dangerous, and ready to kill first and ask questions later. So it's gonna take

her a while to figure out who she can trust . . . Dru Anderson has been 'strange' for as long as she can remember, travelling from town to town with her father to hunt the things that go bump in the night. It's a weird life, but a good one - until it all explodes in an icy, broken-down Dakota town, when a hungry zombie busts through her kitchen door. Alone, terrified, and trapped, Dru's going to need every inch of her wit and training to stay alive. The monsters have decided to hunt back - and this time, Dru's on their menu. Chances of survival? Slim to none. If she can't last until sunup, it's game over . . . Visit the USA Strange Angels website Read a great review at We Love YA

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

The #1 New York Times bestselling author of the Vampire Academy and Bloodline series returns with the second installment in her acclaimed Age of X series. Religious investigator Justin March and Mae Koskinen—the beautiful supersoldier assigned to protect him—have been charged with investigating reports of the supernatural and the return of the gods, both inside the Republic of United North America and out. With this highly classified knowledge comes a shocking revelation: Not only are the gods vying for human control, but the elect—special humans marked by the divine—are turning against one another in bloody fashion. Their mission takes a new twist when they are assigned to a diplomatic delegation headed by Lucian Darling, Justin's old friend and rival, going into Arcadia, the RUNA's dangerous neighboring country. Here, in a society where women are commodities and religion is intertwined with government, Justin discovers powerful forces at work, even as he struggles to come to terms with his own reluctantly acquired deity. Meanwhile, Mae—grudgingly posing as Justin's concubine—has a secret mission of her own: finding the illegitimate niece her family smuggled away years ago. But with Justin and Mae resisting the resurgence of the gods in Arcadia, a reporter's connection with someone close to Justin back home threatens to expose their mission—and with it the divine forces the government is determined to keep secret.

Vianne di Rocancheil has been largely content to play the gawky provincial. As lady in waiting at the Court of Arquitaine, she studies her books, watches for intrigue, and shepherds her foolhardy Princesse safely through the glittering whirl. Court is a sometimes-unpleasant waltz, especially for the unwary, but Vianne treads its measured steps well. Unfortunately, the dance has changed. Treachery is afoot in gilded and velvet halls. A sorcerous conspiracy is unleashed, with blood, death, and warfare close behind. Her Princesse murdered and her own life in jeopardy, Vianne must flee, carrying the fate of her land with her--the Great Seal of Arquitaine, awake after its long sleep. Invasion threatens, civil war looms, and the conspiracy hunts for Vianne di Rocancheil, to kill or to use her against all she holds dear. A life of dances, intrigues, and fashion has not prepared her for this. Nor has it prepared her for Tristan d'Arceenne, Captain of the King's Guard and player in the most dangerous games conspiracy can devise. Yet to save her country and avenge her Princesse, Vianne will become what she must, say what she should, and do whatever is required. A Queen can do no less. From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

In the tradition of Memento and Inception comes a thrilling and scary young adult novel about blurred reality where characters in a story find that a deadly and horrifying world exists in the space between the written lines. Emma Lindsay has problems: no parents, a crazy guardian, and all those times when she blinks away, dropping into other lives so surreal it's as if the story of her life bleeds into theirs. But one thing Emma has never doubted is that she's real. Then she writes "White Space," which turns out to be a dead ringer for part of an unfinished novel by a long-dead writer. In the novel, characters travel between different stories. When Emma blinks, she might be doing the same. Before long, she's dropped into the very story she thought she'd written. Emma meets other kids like her. They discover that they may be nothing more than characters written into being for a very specific purpose. What they must uncover is why they've been brought to this place, before someone pens their end.

What could be more familiar than the Christmas story--and yet what could be more extraordinary? The cast of characters is strange and exotic: shepherds and magicians, an emperor and a despot, angels, and a baby who is Almighty God. The strangeness calls for an explanation, and this book provides it by examining the characters and the story in light of the biblical and historical context. Bestselling author Scott Hahn who has written extensively on Scripture and the early Church, brings evidence to light, dispelling some of the mystery of the story. Yet Christmas is made familiar all over again by showing it to be a family story. Christmas, as it appears in the New Testament, is the story of a father, a mother, and a child--their relationships, their interactions, their principles, their individual lives, and their common life. To see the life of this "earthly trinity" is to gaze into heaven.
