Hailed for its coiled eroticism and the moral claims it makes upon the reader, this mesmerizing novel is a story of love and secrets, horror and compassion, unfolding against the haunted landscape of postwar Germany. When he falls ill on his way home from school, fifteen-year-old Michael Berg is rescued by Hanna, a woman twice his age. In time she becomes his lover—then she inexplicably disappears. When Michael next sees her, he is a young law student, and she is on trial for a hideous crime. As he watches her refuse to defend her innocence, Michael gradually realizes that Hanna may be guarding a secret she considers more shameful than murder.

In Over Their Heads Vintage

"Everyone gets mad at hustlers, especially if you're on the victim side of the hustle. And Miles knew hustling was in his veins." Miles Morales is just your average teenager. Dinner every Sunday with his parents, chilling out playing old-school video games with his best friend, Ganke, crushing on brainy, beautiful poet Alicia. He's even got a scholarship spot at the prestigious Brooklyn Visions Academy. Oh yeah, and he's Spider Man. But lately, Miles's spidey-sense has been on the fritz. When a

misunderstanding leads to his suspension from school, Miles begins to question his abilities. After all, his dad and uncle were Brooklyn jack-boys with criminal records. Maybe kids like Miles aren't meant to be superheroes. Maybe Miles should take his dad's advice and focus on saving himself. As Miles tries to get his school life back on track, he can't shake the vivid nightmares that continue to haunt him. Nor can he avoid the relentless buzz of his spidey-sense every day in history class, amidst his teacher's lectures on the historical "benefits" of slavery and the importance of the modern-day prison system. But after his scholarship is threatened, Miles uncovers a chilling plot, one that puts his friends, his neighborhood, and himself at risk. It's time for Miles to suit up.

2017 A Vulture Best YA Book of 2017 A Buzzfeed Best YA Book of 2017 An ode to Put the Damn Guns Down, this is New York Times bestselling author Jason Reynolds's electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Greatest Mystery in the World Simon and Schuster

"A lyrical masterpiece." —School Library Journal (starred review)
Originally performed at the Kennedy Center for the unveiling of the Martin Luther King Jr. Memorial, and later as a tribute to Walter Dean Myers, this stirring and inspirational poem is New York Times bestselling author and National Book Award finalist Jason Reynolds's rallying cry to the young dreamers of the world. For Every One is exactly that: for every one. For every one person. For every one who has a dream. But especially for every kid. The kids who dream of being better than they are. Kids who dream of doing more than they almost dare to imagine. Kids who are like Jason Reynolds, a self-professed dreamer. Jason does not claim to know how to make dreams come true; he has, in fact, been fighting on the front line of his own battle to make his own dreams a reality. He expected to make it when he was sixteen. Then eighteen. Then twenty-five. Now, some of those expectations have been realized. But others, the most important ones, lay ahead, and a lot of them involve kids, how to inspire them: All the kids who are scared to dream, or don't know how to dream, or don't dare to dream because they've NEVER seen a

dream come true. Jason wants kids to know that dreams take time. They involve countless struggles. But no matter how many times a dreamer gets beat down, the drive and the passion and the hope never fully extinguishes—because simply having the dream is the start you need, or you won't get anywhere anyway, and that is when you have to take a leap of faith. A pitch-perfect graduation, baby, or inspirational gift for anyone who needs to be reminded of their own abilities—to dream.

'For personal reasons, or for reasons I don't know myself, I began feeling old, and I began keeping notebooks. I was nearing the age of sixty' Georges Simenon's autobiographical notebooks, in which

he recorded his observations, experiences, anxieties and 'all the silly ideas that pass through my head', are one of the most candid self-portraits of a writer ever put to paper. Here, as the celebrated author ruthlessly examines his tortuous writing methods, his past, his fame, his intimate relationships and his fears of ageing, the result is an unsparing, often painfully revealing insight into a man trying both to find and to escape himself. 'As revealed in these notebooks, Simenon's is a shrewd, lucid mind ... the balance tips toward the real, the immediate, the mysteries of human complexity above all ... Utterly unpretentious' The New York Times

In his own words, the heavyweight champion of the world pulls no punches as he chronicles the battles he faced in and out of the ring in this fascinating memoir edited by Nobel Prize-winning novelist, Toni Morrison. Growing up in the South, surrounded by racial bigotry and discrimination, Ali fought not just for a living, but also for respect and rewards far more precious than money or glory. He was named Sportsman of the Century by Sports Illustrated and the BBC. Ali redefined what it meant to be an athlete by giving hope to millions around the world and inspiring us all to fight for what is important to us. This is a multifaceted portrait of Muhammad Ali only he could render: sports legend; unapologetic anti-war advocate; outrageous showman and gracious goodwill ambassador; fighter, lover, poet, and provocateur; an irresistible force to be reckoned with. Who better to tell the tale than the man who went the distance living it?

A severely burned teenager. A guitar. Punk rock. The chords of a rock 'n' roll road trip in a coming-of-age novel that is a must-read story about finding your place in the world . . . even if you carry

scars inside and out. In attempting to describe himself in his college application essay—to "help us to become acquainted with you beyond your courses, grades, and test scores"—Harbinger (Harry) Jones goes way beyond the 250-word limit and gives a full account of his life. The first defining moment: the day the neighborhood goons tied him to a tree during a lightning storm when he was 8 years old, and the tree was struck and caught fire. Harry was badly burned and has had to live with the physical and emotional scars, reactions from strangers, bullying, and loneliness that instantly became his everyday reality. The second defining moment: the day in eighth grade when the handsome, charismatic Johnny rescued him from the bullies and then made the startling suggestion that they start a band together. Harry discovered that playing music transported him out of his nightmare of a world, and he finally had something that compelled people to look beyond his physical appearance. Harry's description of his life in his essay is both humorous and heart-wrenching. He had a steeper road to climb than the average kid, but he ends up learning something about personal power, friendship, first love, and how to fit in the world. While he's looking back at the moments that have shaped his life, most of this story takes place while Harry is in high school and the summer after he graduates.
