Essays Simon and Schuster
Jeffrey Frank, author of the bestselling *Ike and Dick*, returns with the first full account of the Truman presidency in nearly thirty years, recounting how so ordinary a man met the extraordinary challenge of leading America through the pivotal years of the mid-20th century. The nearly eight years of Harry Truman's presidency—among the most turbulent in American history—were marked by victory in the wars against Germany and

Japan; the first use of an atomic weapon; the beginning of the Cold War; creation of the NATO alliance; the founding of the United Nations; the Marshall Plan to rebuild the wreckage of postwar Europe; the Red Scare; and the fateful decision to commit troops to fight in Korea. Historians have tended to portray Truman as stolid and decisive, with a homespun manner, but the man who emerges in *The Trials of Harry S. Truman* is complex and surprising. He believed that the point of public service was to improve the lives of one's fellow citizens, and was disturbed by the brutal treatment of African Americans. Yet while

he supported stronger civil rights laws, he never quite relinquished the deep-rooted outlook of someone with Confederate ancestry reared in rural Missouri. He was often carried along by the rush of events and guided by men who succeeded in refining his fixed and facile view of the postwar world. And while he prided himself on his Midwestern rationality, he could act out of emotion, as when, in the aftermath of World War II, moved by the plight of refugees, he pushed to recognize the new state of Israel. The Truman who emerges in these pages is a man with generous impulses, loyal to friends and family, and blessed with keen political

instincts, but insecure, quick to anger, and prone to hasty decisions. Archival discoveries, and research that led from Missouri to Washington, Berlin and Korea, have contributed to an indelible, and deeply human, portrait of an ordinary man suddenly forced to shoulder extraordinary responsibilities, who never lost a schoolboy's romantic love for his country, and its Constitution. Cultivating Genius Dundurn
FINALIST FOR THE 2021 ANDREW CARNEGIE MEDAL FOR EXCELLENCE IN NONFICTION Claudia Rankine's *Citizen* changed the conversation—*Just Us* urges all of us into it *As everyday white*

supremacy becomes increasingly vocalized with no clear answers at hand, how best might we approach one another? Claudia Rankine, without telling us what to do, urges us to begin the discussions that might open pathways through this divisive and stuck moment in American history. *Just Us* is an invitation to discover what it takes to stay in the room together, even and especially in breaching the silence, guilt, and violence that follow direct addresses of whiteness. Rankine's questions disrupt the false comfort of our culture's liminal and private spaces—the airport, the theater, the dinner party, the voting booth—where neutrality and politeness live on the

surface of differing commitments, beliefs, and prejudices as our public and private lives intersect. This brilliant arrangement of essays, poems, and images includes the voices and rebuttals of others: white men in first class responding to, and with, their white male privilege; a friend's explanation of her infuriating behavior at a play; and women confronting the political currency of dying their hair blond, all running alongside fact-checked notes and commentary that complements Rankine's own text, complicating notions of authority and who gets the last word. Sometimes wry, often vulnerable, and always prescient, *Just Us* is Rankine's most intimate work, less

interested in being right than in being true, being together.

Making Time for You
Ballantine Books

Every woman has had
this experience: you
get to the end of the
day and realize you did
nothing for you. And if
you go days, weeks, or
even months in this
cycle, you begin to feel
like you have lost a bit
of yourself. While life is
busy with a litany of
must-dos--work,
parenting, keeping
house, grocery
shopping, laundry and
on and on--women do
not have to push their
own needs aside. Yet
this is often what
happens. There's just
no time, right? Wrong.
In this practical and
liberating book, Jessica
Turner empowers
women to take back

pockets of time they already have in their day in order to practice self-care and do the things they love. Turner uses her own experiences and those of women across the country to teach readers how to balance their many responsibilities while still taking time to invest in themselves. She also addresses barriers to this lifestyle, such as comparison and guilt, and demonstrates how eliminating these feelings and making changes to one's schedule will make the reader a better wife, mother, and friend. Perfect for any woman who is doing everything for everyone--except herself--The Fringe Hours is ideal for both individuals and small

group use.

THE COMPLETE NOVELS OF MARK TWAIN - 12 Books in One Edition Elsevier

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

In Cultivating Genius, Dr. Gholdy E.

Muhammad presents a four-layered equity framework--one that is grounded in history and restores excellence in literacy

education. This framework, which she names, Historically Responsive Literacy, was derived from the study of literacy development within 19th-century Black literacy societies. The framework is essential and universal for all students, especially youth of color, who traditionally have been marginalized in learning standards, school policies, and classroom practices. The equity framework will help educators teach and lead toward the following learning goals or pursuits:

- Identity Development-- Helping youth to make sense of themselves and others
- Skill Development-- Developing proficiencies across the academic disciplines
- Intellectual

- Development--Gaining knowledge and becoming smarter
- Criticality--Learning and developing the ability to read texts (including print and social contexts) to understand power, equity, and anti-oppression

When these four learning pursuits are taught together--through the Historically Responsive Literacy Framework, all students receive profound opportunities for personal, intellectual, and academic success. Muhammad provides probing, self-reflective questions for teachers, leaders, and teacher educators as well as sample culturally and historically responsive sample plans and text sets across grades and content areas. In this book, Muhammad

presents practical approaches to cultivate the genius in students and within teachers.

"Not many living artists would be sufficiently brave or inspired to attempt reflecting in art what Borges constructs in words.

But the detailed, evocative etchings by Erik Desmazieres provide a perfect counterpoint to the visionary prose. Like Borges, Desmazieres has created his own universe, his own definition of the meaning, topography and geography of the Library of Babel.

Printed together, with the etchings reproduced in fine-line duotone, text and art unite to present an

artist's book that belongs in the circle of Borges's sacrosanct Crimson Hexagon - "books smaller than natural books, books omnipotent, illustrated, and magical."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Resisting the Attention Economy

One World

** A New York Times Bestseller ** NAMED ONE OF THE BEST

BOOKS OF THE YEAR
BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library "A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto."—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's "Favorite Books of 2019" Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to

escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the

simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism.

Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

One of Book Riot's "The Best Books We Read in October 2018"

"To say this collection is transgressive, provocative, and brilliant is simply to tell you the truth."

—Roxane Gay, author of *Hunger* and *Bad Feminist* Smart, humorous, and strikingly original essays by one of "America's most

bracing thinkers on race, gender, and capitalism of our time" (Rebecca Traister) In these eight piercing explorations on beauty, media, money, and more, Tressie McMillan Cottom—award-winning professor and acclaimed author of *Lower Ed*—embraces her venerated role as a purveyor of wit, wisdom, and Black Twitter snark about all that is right and much that is wrong with this thing we call society. Ideas and identity fuse effortlessly in this vibrant collection that on bookshelves is just as at home alongside Rebecca Solnit and bell hooks as it is beside Jeff Chang and Janet Mock. It also fills an important void on those very shelves: a modern black American feminist

voice waxing poetic on self and society, serving up a healthy portion of clever prose and southern aphorisms as she covers everything from Saturday Night Live, LinkedIn, and BBQ Becky to sexual violence, infant mortality, and Trump rallies. Thick speaks fearlessly to a range of topics and is far more genre-bending than a typical compendium of personal essays. An intrepid intellectual force hailed by the likes of Trevor Noah, Chimamanda Ngozi Adichie, and Oprah, Tressie McMillan Cottom is “among America’s most bracing thinkers on race, gender, and capitalism of our time” (Rebecca Traister). This stunning debut collection—in all its intersectional

glory—mines for meaning in places many of us miss, and reveals precisely how the political, the social, and the personal are almost always one and the same.

“Ross Gay’s eye lands

upon wonder at every turn, bolstering my belief in the countless small miracles that surround us.” —Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. Ross Gay’s *The Book of Delights* is a genre-defying book of essays—some as short as a paragraph; some as long as five pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a

meditation on delight that takes a clear-eyed view of the complexities, even the terrors, in his life, including living in America as a black man; the ecological and psychic violence of our consumer culture; the loss of those he loves. Among Gay’s funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth, the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend’s unabashed use of air quotes, pickup basketball games, the silent nod of acknowledgment between black people. And more than any other subject, Gay

celebrates the beauty of the natural world—his garden, the flowers in the sidewalk, the birds, the bees, the mushrooms, the trees. This is not a book of how-to or inspiration, though it could be read that way. Fans of Roxane Gay, Maggie Nelson, and Kiese Laymon will revel in Gay’s voice, and his insights. *The Book of Delights* is about our connection to the world, to each other, and the rewards that come from a life closely observed. Gay’s pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.

An essential volume for generations of writers young and old, *Bird by Bird* is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and

scribblers of all ages and abilities—have been inspired by Anne Lamott’s hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne’s father—also a writer—in the iconic passage that gives the book its title: “Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he’d had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside

him, put his arm around my brother’s shoulder, and said, ‘Bird by bird, buddy. Just take it bird by bird.’”

“Packed with incredible insight about what it means to be a woman today.”—Reese Witherspoon (Reese’s Book Club Pick) In her most revealing and powerful memoir yet, the activist, speaker, bestselling author, and “patron saint of female empowerment” (People) explores the joy and peace we discover when we stop striving to meet others’ expectations and start trusting the voice deep

within us. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • The Washington Post • Cosmopolitan • Marie Claire • Bloomberg • Parade • “Untamed will liberate women—emotionally, spiritually, and physically. It is phenomenal.”—Elizabeth Gilbert, author of *City of Girls* and *Eat Pray Love* This is how you find yourself. There is a voice of longing inside each woman. We strive so mightily to be good: good partners, daughters, mothers, employees, and friends. We hope all this striving will make us feel alive. Instead, it leaves us feeling weary, stuck, overwhelmed, and underwhelmed. We look at our lives and

wonder: Wasn't it all supposed to be more beautiful than this? We quickly silence that question, telling ourselves to be grateful, hiding our discontent—even from ourselves. For many years, Glennon Doyle denied her own discontent. Then, while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: *There She Is*. At first, Glennon assumed these words came to her from on high. But she soon realized they had come to her from within. This was her own voice—the one she had buried beneath decades of numbing addictions, cultural conditioning, and institutional allegiances. This was

the voice of the girl she had been before the world told her who to be. Glennon decided to quit abandoning herself and to instead abandon the world's expectations of her. She quit being good so she could be free. She quit pleasing and started living. Soulful and uproarious, forceful and tender, *Untamed* is both an intimate memoir and a galvanizing wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is the story of navigating divorce, forming a new blended family, and discovering that the brokenness or wholeness of a family depends not on its

structure but on each member's ability to bring her full self to the table. And it is the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honor our anger and heartbreak, and unleash our truest, wildest instincts so that we become women who can finally look at ourselves and say: *There She Is*. *Untamed* shows us how to be brave. As Glennon insists: The braver we are, the luckier we get. [Creative Living Beyond Fear](#) Anchor
