Titan Books

Catalog of books on display at the 12th New Delhi World Book Fair, held at New Delhi in February 1996.

*District Handbooks* S. Chand Publishing

Education and philosophy go hand-in-hand. It is through the power of knowledge, our philosophers laid a foundation of educational theories, and set a stepping stone for the modern day education

system and educational institutions. This book gives a comprehensive account of the fundamental theories laid by the philosophers, and the society's role in shaping them up. The special feature of the book is that it teaches and explains more than what an ordinary teacher does in a limited time. It stresses on the understanding and practice of the concepts learnt rather than mere memorisation. NEW TO THE SECOND EDITION Now, the book comprises 40 chapters, out of which 15 have been newly introduced and are tactically placed under the three units of the book. • Unit 1: Philosophy and Education - Realism, Humanism, Awakenism, Existentialism, Education for 21st century, Indian Philosophy and Education, Philosophy and Branches of Knowledge • Unit 2: Eastern and Western Philosophers - Sarvepalli Radhakrishnan, Jiddu Krishnamurty, Pestalozzi, Maria Montessori • Unit 3: Education and Society - Education for Peace, Education for New Social Order, Education for Human Rights and Education for Modernisation Primarily designed for the undergraduate and postgraduate students of education, the book is equally beneficial for the teaching faculties, trainees, research

scholars and those who are preparing for competitive examinations in education. TARGET AUDIENCE  
• B Ed/ BA (Education) • M Ed/MA (Education) • M Phil (Education) • PhD (Education)

### SANSKRIT SWYAM SHIKSHAK

Carroll & Graf Publishers

India is evolving in every sphere, and its education system is no exception. The change, however, is largely towards the betterment of the society as a whole; but still constraints are many in achieving a stringent yet 'beneficial for all' education system in the country. This book gives a thorough account on the Indian Education system—from its inception to the present day, and underlines the hurdles faced and the improvements needed to achieve a flawless system of imparting value education the students. The book begins by explaining fundamental theories of education—its meaning, nature and so on, and then proceeds to discuss the emerging Indian society and the constraints faced by its education system, like corruption, poverty, social discrimination, ill practices (drugs, violence, etc.). It further discusses the philosophies preached by the Indian and Western philosophers and educationists, like Swami Vivekananda, Sri Aurobindo, Rabindra Nath Tagore, Mahatma Gandhi, Rousseau, Froebel, and Maria Montessori, and their contribution in shaping the Indian Education system in some way or the other. The book further explains the concepts integral to Education in Emerging India, which are Education for All (Sarva Shiksha Abhiyan), Education for Women (girl child), Education for the Children with Special Needs, Education for National Integration, and Adult Education. It also discusses the revised education policies, with special emphasis on education commissions, and organizations involved in it. The book is designed for the undergraduate and postgraduate students of Education.

*A Phase of Islamic Advance Into India* S. Chand Publishing

A brand-new Sherlock Holmes mystery from acclaimed author Philip Purser-Hallard. A Mysterious

Disappearance It is 1896, and Sherlock Holmes is investigating a self-proclaimed psychic who disappeared from a locked room, in front of several witnesses. While attempting to prove the existence of telekinesis to a scientific society, an alleged psychic, Kellway, vanished before their eyes during the experiment. With a large reward at stake, Holmes is convinced Kellway is a charlatan – or he would be, if he had returned to claim his prize. As Holmes and Watson investigate, the case only grows stranger, and they must contend with an interfering “occult detective” and an increasingly deranged cult. But when one of the society members is found dead, events take a far more sinister turn...

Millennia have passed since the dharma yudhha of the cousins shook the land of Bharata. But this history of our ancestors continues to fascinate us. Even today, we have passionate discussions about the people and their actions in the epic, fervidly defending our favourites and denouncing others. The number of works on the Mahabharata-adaptations, retellings and fiction-that still get written is a testimony to its enduring relevance. While the general storyline is largely known, a lot of questions and myths prevail, such as-What was the geographical extent of the war? Did Drona actually refuse to take on Karna as his disciple? What were Draupadi's responsibilities as the queen of Indraprastha? Did she ever mock Duryodhana? Were the women in the time of the Mahabharata meek and submissive? What were the names of the war formations during the time? What role did the sons of the Pandavas play? Does the south of India feature at all in the Mahabharata? What happened after the war? These and many other intriguing questions continue to mystify the contemporary reader. Author Ami Ganatra debunks myths, quashes popular notions and offers insights into such aspects not commonly known or erroneously known, based solely on facts as narrated in Vyasa's Mahabharata from generally accepted authentic sources. For a history of such prominence and influence as the Mahabharata, it is important to get the story right. So pick this book up, sit back and unveil the lesser-known facts and truths about the great epic.
