I suppose that it is profitable, rather than bold, for me to endeavor to teach the art of meditation. It is as heavenly a business as any that belongs to either

men or Christians. And it is such a heavenly business as does unspeakably benefit the soul. For it is by meditation that we ransack our deep and false hearts, find out our secret enemies, come to grips with them, expel them, and arm ourselves against their re-entrance. By meditation we make use of all good means, fit ourselves for all good duties. By meditation we see our weaknesses, obtain redress, prevent temptations, cheer up our loneliness, temper our occasions of delight, get more light unto our knowledge, add more heat to our affections, put more life into our devotions. It is only by meditation that we are able to be strangers upon the earth (as we are commanded to be), and by this we are brought to a right estimation of all

earthly things, finally into a sweet enjoyment of invisible comforts. It is by meditation that we see our Saviour, as Stephen did; we talk with God, as Moses did; we are ravished into Paradise, with blessed Paul, seeing that Heaven that we shall be so loath to leave, which things we cannot utter. Meditation alone is the remedy for security and worldliness. It is the pastime of saints, the ladder to Heaven; in short, it is the best way to improve Christianity. Learn it, if you can. Neglect it if you so desire, but he who does so shall never find joy neither in God, nor in himself. And though some of old have appropriated this duty to themselves (confining it within their cells, professing nothing but contemplation), claiming their immunity from those cares which accompany an

active life, might have the best leisure for meditation, yet I deem it an envious wrong to conceal meditation from many, for its benefit may be universal. There is no man who is so taken up with action that he does not at some time have a free mind. And no reasonable mind is so simple as not to be able to better itself by secret thoughts. Those who have but little stock need best to know the rules of thrift. Surely divine meditation is nothing else but a bending of the mind upon some spiritual object, through different forms of discourse, until our thoughts come to an issue. And this must either be unpremeditated, occasioned by outward occurrences offered to the mind; or else it must be deliberate, wrought out of our own heart. And if it is deliberate, then it is either in

matter of knowledge (for finding out some hidden truth, or overcoming some heresy by profound traversing of reason); or it is in matter of affection. Joseph Hall (July 1, 1574 - September 8, 1656), English bishop and satirist, was born at Bristow park, near Ashby-de-la-Zouch, Leicestershire, on the 1st of July 1574. Joseph Hall received his early education at the local school, and was sent (1589) to Emmanuel College, Cambridge. Hall was chosen for two years in succession to read the public lecture on rhetoric in the schools, and in 1595 became fellow of his college. In 1612 Lord Denny, afterwards earl of Norwich, gave him the curacy of Waltham-Holy-Cross, Essex, and in the same year he received the degree of D.D. Later he received the prebend of

Millennial in the collegiate church of
Wolver Hampton.

Loving and grieving are two sides of the same coin: we cannot have one without risking the other. Only by understanding the nature and pattern of loving can we begin to understand the problems of grieving. Conversely, the loss of a loved person can teach us much about the nature of love. Love and Loss, the result of a lifetime's work, has important implications for the study of attachment and bereavement. In this volume, Colin Murray Parkes reports his innovative research that enables us to bring together knowledge of childhood attachments and problems of bereavement, resulting in a new way of thinking about love, bereavement and

other losses. Areas covered include: patterns of attachment and grief loss of a parent, child or spouse in adult life social isolation and support. The book concludes by looking at disorders of attachment and considering bereavement in terms of its implications on love, loss, and change in a wider context. Illuminating the structure and focus of thinking about love and loss, this book sheds light on a wide range of psychological issues. It will be essential reading for professionals working with bereavement, as well as graduate students of psychology, psychiatry, and sociology.

TYPES AND MOTIFS OF THE JUDEO-SPANISH FOLKTALES (RLE FOLKLORE)

Routledge

While this new Bible is certainly an inclusive-language translation, it is much more: it is a re-imagining of the scriptures and our relationship to them.

Not merely replacing male pronouns, the translators have rethought what kind of language has built barriers between the text and its readers. Seeking to be faithful to the original languages, they have sought new and non-sexist ways to express the same ancient truths. The Inclusive Bible is a fresh, dynamic translation into modern English, carefully crafted to let the power and poetry of the language shine forth--particularly when read aloud--giving it an immediacy and intimacy rarely found in traditional translations of the Bible. The Inclusive Bible contains both the Old and the New Testaments.

In the Upper Amazon, mestizos are the Spanish-speaking descendants of

Hispanic colonizers and the indigenous peoples of the jungle. Some mestizos have migrated to Amazon towns and cities, such as Iquitos and Pucallpa; most remain in small villages. They have retained features of a folk Catholicism and traditional Hispanic medicine, and have incorporated much of the religious tradition of the Amazon, especially its healing, sorcery, shamanism, and the use of potent plant hallucinogens, including ayahuasca. The result is a uniquely eclectic shamanist culture that continues to fascinate outsiders with its brilliant visionary art. Ayahuasca shamanism is now part of global culture. Once the terrain of anthropologists, it is now the subject of novels and spiritual memoirs, while ayahuasca shamans perform their healing rituals in Ontario

and Wisconsin. Singing to the Plants sets forth just what this shamanism is about-- what happens at an ayahuasca healing ceremony, how the apprentice shaman forms a spiritual relationship with the

healing plant spirits, how sorcerers inflict the harm that the shaman heals, and the ways that plants are used in healing, love magic, and sorcery.
