HarperCollins

Popular scholar Ravi Zacharias sets a captivating scene between Jesus Christ and Gautama Buddha in the first book of the Conversations with Jesus series. Drop in on a conversation between Jesus and some well-known individuals whose search for the meaning of life took them in many directions--and influenced millions. Through dialogue between Christ and Gautama Buddha, Zacharias reveals Jesus' warm, impassioned concern for all people and explores God's true nature.

THE END OF REASON

Baker Publishing Group

If you think atheists have reason, evidence, and science on their side, think again! Award-winning author Dr. Frank Turek (I Don't Have Enough Faith to be an Atheist) will show you how atheists steal reason, evidence, science, and other arguments from God in trying to make their case for atheism. If that sounds contradictory, it's because it is! Atheists can't make their case without appealing to realities only theism can explain. In an engaging and memorable way, *Stealing from God* exposes these intellectual crimes atheists are committing and then provides four powerful reasons for why Christianity is true.

Phone Sex, Lies, and God's Great Apologist, Ravi Zacharias Harvest House Publishers

Encounter Jesus Like Never Before through Eastern Eyes Throughout these pages, Ravi Zacharias and Abdu Murray invite readers to rediscover the cultural insights we often miss when we ignore the Eastern context of the Bible. They offer a refreshing picture of Jesus, one that appeals to Eastern readers and can penetrate the hearts and imaginations of postmodern Westerners. In *Seeing Jesus from the East*, Ravi Zacharias and Abdu Murray show us why a broader view of Jesus is needed - one that recognizes the uniquely Eastern ways of thinking and communicating found in the pages of the Bible. Zacharias and Murray capture a revitalized gospel message, presenting it through this Eastern lens and revealing its power afresh to Western hearts and minds. Incorporating story, vivid imagery, and the concepts of honor and shame, sacrifice, and rewards, *Seeing Jesus from the East* calls believers and skeptics, both Eastern and Western, to a fresh encounter with the living and boundless Jesus.

FIVE VIEWS ON APOLOGETICS

Zondervan

The measure of the executive, Peter Drucker reminds us, is the ability to 'get the right things done'. Usually this involves doing what other people have overlooked, as well as avoiding what is unproductive. He identifies five talents as essential to effectiveness, and these can be learned; in fact, they must be learned just as scales must be mastered by every piano student regardless of his natural gifts. Intelligence, imagination and knowledge may all be wasted in an executive job without the acquired habits of mind that convert these into results. One of the talents is the management of time. Another is choosing what to contribute to the particular organization. A third is knowing where and how to apply your strength to best effect. Fourth is setting up the right priorities. And all of them must be knitted together by effective decision-making. How these can be developed forms the main body of the book. The author ranges widely through the annals of business and government to demonstrate the distinctive skill of the executive. He turns familiar experience upside down to see it in new perspective. The book is full of surprises, with its fresh insights into old and seemingly trite situations.

STEALING FROM GOD

Tyndale House Publishers, Inc.

Argues that the increasing power of Christian fundamentalists in American politics threatens the country's citizens, blames the Bible for promoting intolerance of other faiths, and describes atheism as "an admission of the obvious."

Five Hidden Themes Our Culture Can't Stop Talking About... And How to Connect Them to Christ

Thomas Nelson

Many people think science is antagonistic to Christian belief. Science, it is said, shows that the universe is billions of years old, while the Bible says it is only thousands of years old. And some claim that science shows supernatural miracles are impossible. These and other points of contention cause some Christians to view science as a threat to their beliefs. *Redeeming Science* attempts to kindle our appreciation for science as it ought to be--science that could serve as a path for praising God and serving fellow human beings. Through examining the wonderfully complex and immutable laws of nature, author Vern Poythress explains, we ought to recognize the wisdom, care, and beauty of God. A Christian worldview restores a true response to science, where we praise the God who created nature and cares for it.

Meditations of a Christian Hedonist Multnomah

Of the most common approaches to apologetics, which is most effective? The goal of apologetics is to persuasively defend Christianity against charges of falsehood, inconsistency, or credulity. It's an intellectual discipline that serves to bolster the faith of Christian believers and to aid the task of evangelism, but are some methods more effective than others? *Five Views on Apologetics* examines the "how-to" of apologetics, putting five prominent techniques under the microscope: Classical - represented by William Lane Craig Evidential - represented by Gary Habermas Cumulative Case - represented by Paul D. Feinberg Presuppositional - represented by John M. Frame Reformed Epistemology - represented by Kelly James Clark Offering a forum for presentation, critique, and defense, this book allows the contributors for the different viewpoints to respond to the others. Your

own informed conclusions can then guide you as you meet the questions of a needy world with the claims of the gospel. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

JESUS TALKS TO OSCAR WILDE ON THE PURSUIT OF PLEASURE

David C Cook

In a world with so many religions, why Jesus? We are living in a time when you can believe anything, as long as you do not claim it to be true. In the name of "tolerance," our postmodern culture embraces everything from Eastern mysticism to New Age spirituality. But as Ravi Zacharias points out, such unquestioning acceptance of all things spiritual is absurd. All religions, plainly and simply, cannot be true. *Jesus Among Other Gods* provides the answers to the most fundamental claims about Christianity, such as: Aren't all religions fundamentally the same? Was Jesus who He claimed to be? Can one study the life of Christ and demonstrate conclusively that He was and is the way, the truth, and the life? In each chapter, Zacharias considers a unique claim that Jesus made and then contrasts the truth of Jesus with the founders of Islam, Hinduism, and Buddhism with compelling insight and passionate conviction. In addition to an impressive breadth of reading and study, he shares his personal journey from despair and meaninglessness to his discovery that Jesus is who He said He is. "In *Jesus Among Other Gods*, Ravi Zacharias demonstrates that he is one of the most intellectually gifted as well as spiritually sensitive writers of today's leading apologists for the Christian faith. Zacharias brings alive the unique power of the claims of Jesus about himself and the

utter relevance of his message today for the human condition." — David Aikman, author of *Great Souls*

Can Man Live Without God Zondervan Academic

Binding and loosing, baptism, eucharist, multiplicity of gifts, and open meeting; these five New Testament practices were central in the life of the early Christian community. Some of them are still echoed in the practice of the church today. But the full social, ethical, and communal meaning of the original practices has often been covered by centuries of ritual and interpretation. John Howard Yoder, in his inimitably direct and discerning style, uncovers the original meaning of the five practices and shows why the recovery of these practices is so important for the social, economic, and political witness of the church today.

The Logic of God Crossway

A ministry resource for motivating all Christians to become thoughtful apologists of their faith

Using personal examples and illustrations they address: • How to answer objections to Christianity • How to equip children in the home and prepare youth to remain committed to Christ after they leave for college • How to reach international students and the foreign-born Included are discussion questions and a "Church Leaders Resource Guide" to the best books, articles, organizations, and websites on the subject.
