An important contribution to the emerging body of research-based knowledge about English grammar, this volume presents empirical studies along with syntheses and overviews of previous and ongoing work on the teaching and learning of grammar for learners of English as a second/foreign language. It explores a variety of approaches, including form-focused instruction, content and language integration, corpus-based lexicogrammatical approaches, and social perspectives on grammar instruction. Nine

chapter authors are Priority Research Grant or Doctoral Dissertation Grant awardees from The International Research Foundation for English Language Education (TIRF), and four overview chapters are written by well-known experts in English language education. Each research chapter addresses issues that motivated the research, the context of the research, data collection and analysis, findings and discussion, and implications for practice, policy, and future research. The TIRF-sponsored research was made possible by a generous gift from Betty Azar. This book honors her contributions to the field and recognizes her generosity in collaborating with TIRF to support research on English grammar. Teaching and Learning English Grammar is the second volume in the Global Research on Teaching and Learning English Series, co-published by Routledge and TIRF.

Welcome to Creative English Crossing the Bridge 2 Student Workbook. (upper-intermediate) Nowadays Many EFL Students are in search of more conversational ways to pick up the English language. Mainly because of the importance of bringing into practice what they learn. Instead you want to be involved in the

classroom, interact with your classmates, as well as practice real life situations. One of the best ways to do that is to create truly personalized Role-playing activities. Role playing has many beneficial characteristics, and especially in the EFL classroom. Many students have great problems to take the step from a Pre-intermediate level of English, to an Upper-intermediate level of English. All too often that step causes trouble because students don't get seriously involved in the classroom. For that reason we have created the "Creative English Crossing the Bridge" series. "Creative English Crossing the Bridge" is a truly personalized and conversational way to pick up the English language, that involves the students. (This book has been created to support EFL / ESL teachers, and is being used by Creative English Institute, this is not a book that can be used for self-study, this book is not for lazy teachers and/or lazy students. Together you create a personalized workbook) Each workbook contains 10 focus topics, to be chosen by the student. Grammar points to practice can be adjusted to the needs of each student.
