Attack on Titan Anthology Houghton Mifflin

When 1930s Tokyo is threatened by a master thief who can disguise himself to look like anyone, and laughs at the law, the people of the city have nowhere else to turn but Japan's greatest

detective, Akechi Kogoro. Unfortunately for Tokyo, however, Akechi Kogoro is off on overseas business, so it becomes the job of his 12-year old assistant, Kobayashi Yoshio, to track down the thief and desperately keep him at bay until his mentor returns. In the spirit of Sir Arthur Conan Doyle's Baker Street Irregulars, a classic thriller by Edogawa Rampo, grand master of Japan's Golden Age of crime and mystery fiction. Filled with disguises, tricks, "A-ha!" moments, and spiced with a unique Japanese flair,

it is sure to delight readers of all ages. Will Kobayashi's intrepid band of young detectives be able to outwit the nefarious fiend, or will Tokyo be forever at the mercy of the face-swapping phantom? The MoeGamer Compendium, Volume 1 Taylor & Francis

Sarina and her best friend Sumi are super close. Sumi often crashes at Sarina's place, and sometimes the two even make out a little bit. But Sarina figures a romantic relationship could never work between them. Sarina is an organized office worker, while Sumi is a nomadic freelance writer. Can the two find a way to make their very different lifestyles mesh?

Upon wielding an ancient sword that has been passed down through his royal family for generations, Prince Vald is struck by a curse that turns him into a demon! In search of guidance, Vald appeals to the powerful sorcerer Halvi for help, and the two set out on a journey to break the curse. However, there is one thing the handsome sorcerer is keeping secret from the young prince—the raging demon that Vald turns into every night can only be calmed when Halvi satisfies his lust! And so begins their epic journey in search of clues to break the young prince's curse.

Previously published in three installments, the entire run of comic master Osamu Tezuka's enduring classic is herewith available in one volume at a new affordable price. The lauded adventures of a young swordsman and his rogue sidekick that also inspired the cult video game Blood Will Tell have never been as accessible. A samurai lord has bartered away his newborn son's organs to forty-eight demons in exchange for dominance on the battlefield. Yet, the abandoned infant survives thanks to a medicine man who equips him with primitive prosthetics - lethal ones with which the wronged son will use to hunt down the multitude of demons to reclaim his body one piece at a time, before confronting his father. On his journeys the young hero encounters an orphan who claims to be the greatest thief in Japan. Like an unforgettable road movie, Dororo reaches deeper than its swashbuckling surface and offers a thoughtful allegory of becoming what one is, for nobody is born whole.

In a world haunted by dangerous supernatural forces, there are still some problems you can't solve no matter how much spiritual

power you have. And a good thing too—because phony exorcist Reigen Arataka doesn't have any! But that's never stopped Reigen from running a ghostbusting business...and his new part-time office assistant is none other than Tome Kurata, a girl obsessed with the strange and unexplained—and the schoolmate of Reigen's protégé, Shigeo "Mob" Kageyama. Yet whereas Mob's incredible psychic strength resolved many a case for Reigen, Tome is as powerless as her boss! Or so she may think at first...but if there's one thing a master scam artist knows how to teach, it's the power of confidence and belief!

**Play Infinity** VIZ Media LLC

Sondra Faye was addicted to poetry at an early age. "play infinity" was first published by a small press; when she was living on Waverly Place in the West Village in New York City. Both an epic unconventional book of poetry and a poetry-in-performance theatrical play; a couple years after publication, it was performed at the 13th Street Theatre in New York City with an ensemble of actors and Merce Cunningham Dancers in addition to music composed by Sondra Faye. Some poems are written about her life in both Boston, Massachusetts and Manhattan. When she lived with her schnauzer Velvet on Hemenway Street in Boston; she attended Northeastern University and worked at a bakery in Faneuil Hall Marketplace. After a year in Boston, she decided to go to New York University, and completed play infinity while there. A multi-media artist she considers herself simply as a human being that likes to create stuff. Her intention for anyone reading this book is that they will stay inspired & play infinity.

A chance encounter between girls weaves a new tale... Recurring dreams of an unfamiliar girl draw Iroha Tamaki to Kamihama City, the last place she visited before the dreams began. Her only clue is a tiny Kyubey, which she aims to catch in the hope it will provide answers about the dreams and the heartache she feels each time they fade. Still, even as an experienced magical girl, the witches in this city are far more powerful than anything she's encountered back home. Can Iroha survive in Kamihama long enough to uncover the secrets within? A new story unfolds in this manga adaptation of the mobile game!

Everyone's body goes through changes at some point in their lives, but Satsuki's situation is anything but normal! As the daughter of a vampire and a succubus, Satsuki's carnal cravings start to grow as her body demands fluids from those around her! Luckily, she has her childhood friend Kazuma watching her back to make sure she doesn't cross the line, but quick licks of sweat are no longer cutting it. Kazuma suggests semen could curb her appetite, and is willing to take one for the team, but he might soon regret his offer once her demon switch is flipped!

Providing an extensive examination of monetary theory and its implications for public policy, Monetary Theory and Public Policy is as relevant for an understanding of current economic problems as when it was first published. Looking at the concepts of modern economic theory, particularly as these concepts apply to problems of money and banking, both Keynesian and Post-Keynesian developments are discussed.
