Imagine being born into a world where everything about you—the shape of your nose, the look of your hair, the place of your birth—designates you as an undesirable, an inferior, a menace, no better than a cockroach, something to be driven away and ultimately exterminated. Imagine being thousands of miles away while your family and friends are brutally and methodically slaughtered. Imagine being entrusted by your parents with the mission of leaving everything you know and finding some way to survive, in the name of your family and your people. Scholastique Mukasonga's *Cockroaches* is the story of growing up a Tutsi in Hutu-dominated Rwanda—the story of a happy child, a loving family, all wiped out in the genocide of 1994. A vivid, bitter-sweet

depiction of family life and bond in a time of immense hardship, it is also a story of incredible endurance, and the duty to remember that loss and those lost while somehow carrying on. Sweet, funny, wrenching, and deeply moving, *Cockroaches* is a window onto an unforgettable world of love, grief, and horror.

Friendship, deceit, fear, and persecution at an elite boarding school for young women in Rwanda, fifteen years before the 1994 genocide of the Tutsi . . .

“Mukasonga’s masterpiece” (Julian Lucas, NYRB) Scholastique Mukasonga drops us into an elite Catholic boarding school for young women perched on the edge of the Nile. Parents send their

daughters to Our Lady of the Nile to be molded into respectable citizens and to escape the dangers of the outside world. Fifteen years prior to the 1994 Rwandan genocide, we watch as these girls try on their parents' preconceptions and attitudes, transforming the lycée into a microcosm of the country's mounting racial tensions and violence. In the midst of the interminable rainy season, everything unfolds behind the closed doors of the school: friendship, curiosity, fear, deceit, prejudice, and persecution. With masterful prose that is at once subtle and penetrating, Mukasonga captures a society hurtling towards horror.

Latinos across the United States are redefining identities, pushing

boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, "Latinx." She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the "Las Poderosas" who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats

reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

The acclaimed biography by Jeffrey Robinson, now revised and updated to coincide with the major motion picture

starring Nicole Kidman as Princess Grace. It was one of the most famous romances of the 20th century—Europe's most eligible bachelor, Prince Rainier of Monaco, and America's most beautiful movie star, the Academy Award-winning actress Grace Kelly, fell in love against the backdrop of the closest thing the modern world has to a magical kingdom, the French Riviera's Principality of Monaco. Told with affection and humor, and written with the unprecedented cooperation of Prince Rainier III and his children, Prince Albert, Princess Caroline, and Princess Stephanie, *Grace of Monaco* takes readers beneath the surface glitz and the glamour of Monte Carlo for a never-to-be-forgotten portrait of the House of Grimaldi.

In this “thought-provoking blend of history, biography, women’s studies, and travelogue” (Library Journal) Mia Kankimäki recounts her enchanting travels in Japan, Kenya, and Italy while retracing the steps of ten remarkable female pioneers from history. What can a forty-something childless woman do? Bored with her life and feeling stuck, Mia Kankimäki leaves her job, sells her apartment, and decides to travel the world, following the paths of the female explorers and artists from history who have long inspired her. She flies to Tanzania and then to Kenya to see where Karen Blixen—of Out of Africa fame—lived in the 1920s. In Japan, Mia attempts to cure her depression while researching Yayoi Kusama, the contemporary artist who has voluntarily

lived in a psychiatric hospital for decades. In Italy, Mia spends her days looking for the works of forgotten Renaissance women painters of the Uffizi Gallery in Florence, and finally finds her heroines in the portraits of Sofonisba Anguissola, Lavinia Fontana, and Atremisia Gentileschi. If these women could make it in the world hundreds of years ago, why can’t Mia? *The Women I Think About at Night* is “an astute, entertaining...[and] insightful” (Publishers Weekly) exploration of the lost women adventurers of history who defied expectations in order to see—and change—the world.

Nachrichtenmagazin Potomac Books, Inc. The first definitive career retrospective of the visionary underground godfather of street art at the center of New York's 1980s urban art scene. Richard Hambleton (1954–2017) was a Canadian artist known for his pioneering street art. He was a surviving member of a group that emerged from the New York City art scene during the booming art market of the 1980s, which also included his close

friends Keith Haring and Jean-Michel Basquiat. As a conceptual artist, Hambleton's early work installations titled "Image Mass Murder" from 1976–1979 were secretly placed onto streets in over 15 cities, depicting chalk-body outlines and blood-splattered crime scenes of what appeared to be "victims." This theme of a prevailing violence, fear, and morbid curiosity elicited surprise and anxiety from its unsuspecting viewers. In the early 1980s, Hambleton created his most iconic "Shadow Man" works—artfully splattered ominous shadowy figures on unexpected street corners, walls, and alleys that startled viewers into a visceral awareness that the city was still a dangerous place. This book features over 200 images including his early "Shadow Man" canvas

paintings, as well as photographs of his in situ street work, a selection of his “Marlboro” rodeo horse silhouettes, and his “Beautiful Paintings” series of landscapes and seascapes, alongside other works on paper; behind-the-scenes studio shots; personal, unseen photographs of the artist; and inspirational imagery. Hambleton was renowned for influencing artists such as Banksy, Blek le Rat, and Shepard Fairey. This arresting, one-of-a-kind book will appeal to those interested in visual arts, street art, graffiti, and art history.

- Features Foreword by Nancy Kissinger
A uniquely talented and visionary creative leader in the world of retail, Joseph Cicio's high-profile positions brought him into contact with leading celebrities of

the day. He became close friends with figures such as Lady Nancy Slim Keith, Lauren Bacall, Audrey Hepburn, The Kissingers, and Joan Rivers, earning him a fascinating insight into the private lives of people who most can only read about and few were privileged to know intimately. Friends**Bearing Gifts is about these relationships and the unmatched experience of remembering each one through the beautiful objects they each gave to him. Featuring stunning photography of Cicio's Connecticut home, which has been published several times, and individual essays on each friend and their gifts - the book deeply emphasizes the importance of relationships, and is a reflection on a life filled with friends, objects, and ultimately, exceptional

memories. Contents: Foreword; Introduction; The Garden; The House; Acknowledgments; Index.

This book is about privacy interests in English tort law. Despite the recent recognition of a misuse of private information tort, English law remains underdeveloped. The presence of gaps in the law can be explained, to some extent, by a failure on the part of courts and legal academics to reflect on the meaning of privacy. Through comparative, critical and historical analysis, this book seeks to refine our understanding of privacy by considering our shared experience of it. To this end, the book draws on the work of Norbert Elias and Karl Popper, among others, and

compares the English law of privacy with the highly elaborate German law. In doing so, the book reaches the conclusion that an unfortunate consequence of the way English privacy law has developed is that it gives the impression that justice is only for the rich and famous. If English courts are to ensure equalitarian justice, the book argues that they must reflect on the value of privacy and explore the bounds of legal possibility.

“This urgent book” by the renowned French philosopher “will open new perspectives on a world marked by the rise of Wikileaks, Big Data, and social media” (Michael Moon, Emory

University). In an age that prizes political and personal transparency, psychoanalyst and philosopher Anne Dufourmantelle champions the value of what remains hidden, private, veiled, or just out of sight. For Dufourmantelle, the secret is not a code to be cracked or a firewall to be penetrated but a dynamic and powerful entity that permits relation and that ensures our humanity. Through etymologies and case studies, personal history and incisive social commentary, *In Defense of Secrets* returns us to this foundational phenomenon. Dufourmantelle tracks the secret from the Inquisition to the present, illuminating its power and importance through art and literature, philosophy, psychoanalysis, and sociology. For her, the secret is on the side of nature, not

science; organic growth, not technology; love's generosity, not knowledge's grasp. An ethics of the secret, she tells us, means listening sensitively, respecting the secret in its essence, unafraid of it and open to what it has to say.  Introducing Blowback, an exhilarating new espionage thriller by former CIA ops officer Valerie Plame and thriller writer Sarah Lovett. Covert CIA ops officer Vanessa Pierson is finally close to capturing Bhoot, the world's most dangerous international nuclear arms dealer. One of her assets delivers explosive intel: Bhoot will be visiting a secret underground weapons facility in Iran in just a few days. But just as Pierson is about to get the facility location, an ambush leaves her informant dead. Now Pierson has two targets: Bhoot and the asset's sniper. When all the Agency's resources aren't enough to protect her assets from Bhoot's assassin, Pierson risks going rogue and jeopardizing a fellow ops

officer who is also her secret lover. With each day, the pressure of the manhunt mounts, forcing Pierson to put her cover and career—and life—at risk. With rapid-cut shifts from European capitals to Washington to the Near East, and with insider detail that only a former spy could provide, *Blowback* marks the explosive beginning to a thrilling new series.

Lucille Ball, Hollywood's first true media mogul, stars in this "bold" (The Boston Globe), "boisterous novel" (The New Yorker) with a thrilling love story at its heart—from the award-winning, bestselling author of *Chang & Eng* and *Half a Life* A WASHINGTON POST BEST BOOK OF THE YEAR • "A gorgeous, Technicolor take on America in the middle of the twentieth

century.”—Colson Whitehead, Pulitzer Prize-winning author of *The Nickel Boys* This indelible romance begins with a daring conceit—that the author’s grandfather may have had an affair with Lucille Ball. Strauss offers a fresh view of a celebrity America loved more than any other. Lucille Ball—the most powerful woman in the history of Hollywood—was part of America’s first high-profile interracial marriage. She owned more movie sets than did any movie studio. She more or less single-handedly created the modern TV business. And yet Lucille’s off-camera life was in disarray. While acting out a happy marriage for millions, she suffered in private. Her partner couldn’t stay faithful. She struggled to balance her fame with the demands of being a

mother, a creative genius, an entrepreneur, and, most of all, a symbol. *The Queen of Tuesday*—Strauss’s follow-up to *Half a Life*, winner of the National Book Critics Circle Award—mixes fact and fiction, memoir and novel, to imagine the provocative story of a woman we thought we knew.
