In this follow-up to President of the Whole Fifth Grade, Brianna navigates her toughest challenge yet: middle school! Brianna Justice is determined to raise enough money for the big class trip to Washington, D.C., but she's up against a lot: classmates who all pretend to be something they're not, a new nemesis determined to run her out of office, and the sinking feeling she's about to lose her two best friends for good. But just when she begins to lose hope, she comes to realize that sometimes surprises can turn out even better than the best-laid plans. Sherri Winston tells a story brimming with humor and heart as Brianna navigates the ins and outs of middle school, discovering that inspiration can come when you least expect it.

In addition to architects, engineers, and design professionals, fire fighters also need to understand fire protection systems in order to manage the fire scene and minimize risks to life and property. Fire Protection Systems, Second Edition provides a

comprehensive overview of the various types of fire protection systems, their operational abilities and characteristics, and their applications within various types of structures. The new Second Edition meets the latest course objectives from the Fire and Emergency Services Higher Education's (FESHE) Fire Protection Systems model curriculum and covers:

- Water supply basics, including sources, distribution networks, piping, and hydrants.
- Active fire protection systems and components, their operational characteristics, and installation, inspection, testing, and maintenance requirements.
- Passive fire protection systems such as firewalls, fire separation assemblies, and fire dampers
- Smoke control and management systems, gas-based

suppression, access and egress control systems, and the code requirements for installation of these systems. Ensure that you are completely up-to-date on the latest fire protection systems and their operational characteristics and abilities with Fire Protection Systems, Second Edition.

Amidst the gas lamp shadows former soldier-turned-mercenary John Vanguard hunts criminals at the behest of his corrupt employer, Captain Felix Sanquain. Shamed by his deserter past and seeking to make amends for his many misdeeds, a chance encounter

with Tarryn Leersac - a skilled young would-be-assassin fallen from the graces of high society - leads Vanguard to become an unlikely mentor. Charged with hunting down the killer of two guards left washed up on the banks of the canal, the further Vanguard delves into the underbelly of the city the more he finds himself entangled in a web of secrets and lies. A prominent aristocrat is missing. Crime lords, con men and harlots run amok and the city teeters on the brink of another revolution. With his already precarious reputation hanging by a thread, Vanguard must piece together how and why the last war came to pass, find a way to earn redemption for his mistakes and come to terms with the past in a city where few survive, and even fewer can be trusted. A Grimdark

novel with elements of adventure and gaslight fantasy, 'We Men of Ash and Shadow' explores themes of redemption, loyalty, and betrayal against the backdrop of a world where survival often means compromising your values. 'We Men of Ash and Shadow' is an adult fantasy novel and as such, contains adult themes and language.

Amite River and Tributaries, East Baton Rouge Parish Watershed Flood Control Projects National Fire Protection Assoc Brannigan's Building Construction for the Fire Service, Fourth Edition is a must read for fire fighters, prospective fire fighters, and fire science students. This edition continues the Brannigan tradition of using plain language to describe technical information about different building types and their unique hazards.

This text ensures that critical fire fighting information is easy-to-understand and gives valuable experience to fire fighters before stepping onto the fireground. The first edition of Building Construction for the Fire Service was published in 1971. Frank Brannigan was compelled to write the most comprehensive building construction text for the fire service so that he could save fire fighters' lives. His passion for detail and extensive practical experience helped him to develop the most popular text on the market. His motto of: "Know your buildings," informs every aspect of this new edition of the text. Listen to a Podcast with Brannigan's Building Construction for the Fire Service, Fourth Edition co-author Glenn Corbett to learn more about this

training program! Glenn discusses his relationship with the late Frank Brannigan, the dangers of heavy construction timber, occupancy specific hazards, and other areas of emphasis within the Fourth Edition. To listen now, visit:
