If you want to know the temperature of your spiritual life, look at the thermostat setting on your prayer life. Prayer is the most misunderstood and neglected aspect of the Christian life. It has been estimated that most Christians pray three to five minutes a day. Compare that to the time many spend complaining, and you'll gain insight into the spiritual and emotional condition of our day. Yet God has constructed the world in such a way that there is much He won't do in a Christian's life apart from prayer.

Prayer, when combined with faith, can accomplish great things. In this practical and comprehensive overview of prayer, Tony Evans covers a variety of topics, including: Principles of productive prayer The power of prayer and praise Fasting and prayer Prayer and God's purposes Tony's expositions of various passages on prayer will help you realize its critical importance and encourage

you to make it a dominant mark of your life.

The Legacy of a Hero; Life Lived from the Christian Prospective Destiny Image Publishers

Women of every culture and society are facing the dilemma of identity. Traditional views of what it means to be a woman and changing cultural and marital roles are causing women conflict in their relationships with men. Women are under tremendous stress as they struggle to discover who they are and what role they are to play today—in the family, the community, and the world. In this expanded edition of *Understanding the Purpose and Power of Women*, now with helpful study questions following each chapter, best-selling author Dr. Myles Munroe examines societies' attitudes toward women and addresses vital issues such as: Are

women and men equal? How is a woman unique from a man? What does the Bible really teach about women? Is the woman to blame for the fall of mankind? What are the purpose and design of the woman? Should women be in leadership? What is a woman's basic communication style? What are a woman's emotional and sexual needs? What is a woman's potential? To live successfully in the world, women need a new awareness of who they are and new skills to meet today's challenges. Whether you are a woman or a man, married or single, this book will help you to understand the woman as she was meant to be.

Leaders everywhere, in arenas big and small, struggle with the desire and, frankly, the need to make sure their vision for the organization they have created or grown continues regardless of circumstances. And the question "what will be my legacy?" is a question all people ask themselves. Myles Munroe has observed that the tendency among leaders is to deal with this question as serious circumstances or retirement loom. Further, it is his belief that this is one of the most important decisions a leader will ever make. This book is a wakeup call. Myles Munroe wants all leaders to focus on building the right team for the future and to make it a top priority because the process is not a quick one. Properly mentoring the right people to ensure the continuation of an organization is actually a process that must be woven into that organization over a span of years or even decades. Chapter topics discussed include The Chaos of Transition The Leadership Dilemma Living Beyond Your Generation The Principles of Mentoring PASSING IT ON shows how to use the concept of mentoring within an organization to value the distinct talents and abilities of the individuals. Mentoring is the pathway to developing leaders from within; leaders who are in line with the goals of the organization; leaders who are most likely to adopt and carry a vision forward.

True heroes are not born heroes but are made heroes. Ultimately, our struggles and accomplishments inspire others. Great people come and go but the legacy is left behind for people to emulate, talk about and remember. This book is about a man that impacted my life. We should learn to appreciate the fact that in the natural world, great beings and intelligent beings don't die but continue living with the legacy left behind. The greatest of all people is Jesus Christ. He came on earth with a vision and goal to die in order to redeem others. He did not win for His own sake but

He made all of us winners. He is our real icon of faith, peace, love, hope, redemption, unity, compassion, transparency, reconciliation, forgiveness, empathy... name it. This book is not just a biography but it is written in a compelling way to encourage your faith. Like all my books, it is not necessarily profiled to appeal to your emotions. It is written for the seekers of meaning and creators of legacy. Those of you who have read my books, the serial anecdotes point to the character of a teacher. I am a teacher by calling and write with prior intention to teach. I am neither a celebrated poet nor professional entertainer. Great story tellers leave you exited and wanting but a teacher leaves you thinking. I believe that a preacher that invokes your reasoning is the prince of the pulpit.

How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same—only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies,

constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.

"The greatest tragedy in life is not death, but a life without purpose." --Myles Munroe Through the spaces of each word narrated, this book personifies the breath inhaled into this man from an eternal being saying, "Let us make man from the dust." This living being changed the trajectory of his arrival, his work, his community, his friends, his family and his transition. A selfless humanitarian who lived on purpose and found the courage to remain in a brutal race until the very end. From gross poverty, he seemingly navigated an impossible path that gave him hope into becoming the master builder. No one taught him about the middle, its many losses and triumph, its peaks and valleys, yet somehow through the tail end of the beginning towards the beeline to the center, he discovered an indomitable spirit to fight, not with fist, but with his mind, his motives and with a mastery only his mission could motivate. He took the blank canvas and colorize so intentionally the impact will be felt even in his absence. The life and legacy reflects a journey of this unsung hero gives tidbits of a valiant man who at his passing answered

the call, denying himself to be trapped in a body that could not function. You will catch a glimpse of a life lived, including the loyalty of his beloved wife and son, and daughter-in-law who all embodied "To have and to hold, in sickness and in health, as long as they both shall live." This in itself, will open blind eyes to respect and honor their own vows, understanding fidelity with unwavering purpose. May his beginning, middle and end illuminate a light deep within you, and force you to fight the good fight of faith as you consider that one day you too must answer this same call.
