CHANEL COLEMAN

The Black Rabbit Lerner Digital™

Matilda is a very good girl. She likes to sit quietly and read or water her flowers. Hans is very naughty - he makes too much noise, squirts people with his water pistol and daubs

graffiti When Hans lets the animals out of the zoo, a reward is offered for his capture. Matilda tells the police where he will be.

The Sloth Who Came to Stay Penguin Neuroscientist V.S. Ramachandran is internationally renowned for uncovering answers to the deep and quirky

questions of human nature that few scientists have dared to address. His bold insights about the brain are matched only by the stunning simplicity of his experiments -- using such low-tech tools as cotton swabs, glasses of water and dime-store mirrors. In *Phantoms in the Brain*, Dr. Ramachandran recounts

how his work with patients who have bizarre neurological disorders has shed new light on the deep architecture of the brain, and what these findings tell us about who we are, how we construct our body image, why we laugh or become depressed, why we may believe in God, how we make decisions, deceive ourselves and dream, perhaps even why we're so clever at philosophy, music and art. Some of his most notable cases: A woman paralyzed on the left side of her body who believes she is lifting a tray of drinks with both hands offers a unique opportunity to test Freud's theory of denial. A man who insists he is talking with God challenges us to ask: Could we be "wired" for religious experience? A woman who hallucinates cartoon characters illustrates how, in a sense, we are all hallucinating, all the time. Dr. Ramachandran's inspired medical detective work pushes the boundaries of medicine's last great frontier -- the human mind -- yielding new and provocative insights into the "big questions" about consciousness and the self.

Wynken, Blynken, and

Nod HarperCollins
Five Nights at Freddy's fans won't want to miss this awesome coloring book! Color in scenes featuring all of your favorite FNAF characters. Based on the best-selling horror video game series Five Nights at Freddy's, this coloring book is packed full of terrifyingly wonderful scenes for FNAF fans to color in and enjoy. From Chica and Foxy to Freddy himself, this Five Nights at Freddy's extravaganza has 96 pages of coloring fun perfect for any Freddy Fazbear's Pizza super fan!

Make Your Own Theatre Harper Collins
Meant for "bigger things," Scuffy the Tugboat sets off to explore the world. But on his daring adventure Scuffy realizes that home is where he'd rather be, sailing in his bathtub. For over 50 years, parents and children have cherished this classic Little Golden Book.

Candlewick Press
Directions and diagrams for making various types of puppets, dressing and handling them, setting up a stage, and writing and producing one's own show. Includes three puppet plays.

Making Marionettes, Random House
"Hand Shadows to Be Thrown Upon the Wall" by Henry Bursill. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Art Lab for Kids:

Express Yourself Nosy Crow
Puppetry is arguably the most widespread form of performance. The artistry of puppetry includes aspects of the visual arts, theatre, music, and dance. Puppets can be traced as far back as ancient Egypt, Greece, and Rome and are found today in cultures worldwide, across the Americas, Europe, Africa, and Asia. John Bell shows how puppets have been used to relay myths, poke

fun at political figures, comment on cultural events of the period, express moral stories, and entertain adults and children alike. This richly illustrated book gives a historical overview and looks at the wide variety of this traditional art form. From European and Asian puppets in modern and ancient times to the Puppet Modernism movements, the book explores the important innovators and innovations of puppetry. Brief biographies of key figures such as Tony Sarg (credited with creating the first over-life-size puppets used for parades), Paul McPharlin (creator of Punch's Circus), and Jim Henson (world-renowned creator of many puppets, including the Muppets) help describe the evolution of puppetry. Definitions and descriptions of a variety of puppet styles, including shadow puppets, marionettes, hand puppets, rod puppets, and many others, add to the understanding of this fascinating form of art. With over one hundred color illustrations, this book highlights the "lives" of such characters as Kermit the Frog, Punch and Judy, Jack

Pumpkinhead, and the traditional Chinese puppet Te-Yung to reveal the ways that puppets have become an integral part of many cultures. Captivating and fun, this book offers valuable insight into the wonderful world of puppetry.

Trans-Atlantic Publications
With easy-to-lift card flaps on each spread, this stylish first word book is sure to hit the mark with little ones as they learn all sorts of new animals and objects. A clean layout grouped by theme features one hundred essential words and simple illustrations to help toddlers understand them.

HANS AND MATILDA

Courier Corporation
"Ubu and the Truth Commission" is the full play text of a multi-dimensional theatre piece that tries to make sense of the madness that overtook South Africa during apartheid. *100 First Words* Vintage Audisee® eBooks with Audio combine professional narration and sentence highlighting for an engaging read aloud experience! The picture book inspiration for the Academy Award-winning film *The Green Book* Ruth

was so excited to take a trip in her family's new car! In the early 1950s, few African Americans could afford to buy cars, so this would be an adventure. But she soon found out that black travelers weren't treated very well in some towns. Many hotels and gas stations refused service to black people. Daddy was upset about something called Jim Crow laws . . . Finally, a friendly attendant at a gas station showed Ruth's family *The Green Book*. It listed all of the places that would welcome black travelers. With this guidebook—and the kindness of strangers—Ruth could finally make a safe journey from Chicago to her grandma's house in Alabama. Ruth's story is fiction, but *The Green Book* and its role in helping a generation of African American travelers avoid some of the indignities of Jim Crow are historical fact.

SHADOW PUPPETS

Viz
The poem about two eyes

and a head--Wynken, Blynken, and Nod--is illustrated in blues and half-tones.

Workbook of Activities for Language and Cognition :

Functional Language

Hassell Street Press

The New York Times

bestselling author of *The Party Is Over* delivers a no-holds-barred exposé of who really wields power in Washington Every Four years, tempers are tested and marriages fray as Americans head to the polls to cast their votes. But does anyone really care what we think? Has our vaunted political system become one big, expensive, painfully scripted reality TV show? In this cringe-inducing expose of the sins and excesses of Beltwayland, a longtime Republican party insider argues that we have become an oligarchy in form if not in name. Hooked on war, genuflecting to big donors, in thrall to discredited economic theories and utterly bereft of a moral compass, America's governing classes are selling their souls to entrenched interest while our bridges collapse, wages stagnate, and our water is increasingly undrinkable. Drawing on insights gleaned over three

decades on Capitol Hill, much of it on the Budget Committee, Lofgren paints a gripping portrait of the dismal swamp on the Potomac and the revolution it will take to reclaim our government and set us back on course.

THE PETER RABBIT THEATRE

Artisan Books

Provides a comprehensive series of tasks and functional carryover activities allowing for integration of language and cognitive skills for neurologically-impaired adolescents and adults with diverse levels of functioning. Exercises cover a broad scope of skills including orientation, auditory comprehension, verbal expression, and reading comprehension.

Hand Shadows to Be Thrown Upon the Wall

Libraries Unlimited

BE ADVISED: THIS BOOK IS FOR A MATURE AUDIENCE AND CONTAINS GRAPHIC SEX AND VIOLENCE. When Dawn inherits her mother's ranch, she only wants to embrace the peaceful tranquility of the country life. She might clean up the place, learn how to farm, and maybe even meet a hot young townie

to help warm up her bed at night. Being on a secluded ranch sounds great...until nightfall. That's when there's movement in the cornfield, knocking on her front door, and glowing red eyes. It's when the scarecrows come to life.

What Does an Anteater Eat? A&C Black

A landmark work from the author of *Orientalism* that explores the long-overlooked connections between the Western imperial endeavor and the culture that both reflected and reinforced it. In the nineteenth and early twentieth centuries, as the Western powers built empires that stretched from Australia to the West Indies, Western artists created masterpieces ranging from *Mansfield Park* to *Heart of Darkness* and *Aida*. Yet most cultural critics continue to see these phenomena as separate. Edward Said looks at these works alongside those of such writers as W. B. Yeats, Chinua Achebe, and Salman Rushdie to show how subject peoples produced their own vigorous cultures of opposition and resistance. Vast in scope and stunning in its erudition, *Culture and Imperialism* reopens the dialogue

between literature and the life of its time.

97 Things Every Cloud Engineer Should Know

Sotheby Parke Bernet Publications

Exuberantly coloured artwork and favourite animals make this rhythmic story the perfect introduction to looking and learning about colours. Each spread leads seamlessly into the next and young children will delight in Eric's colourful collage animals and simple repetitive language.

The History of the English Puppet Theatre

Nosy Crow

HOW TO MAKE AND USE THEM

Good Press

If you create, manage, operate, or configure systems running in the cloud, you're a cloud engineer--even if you work as a system administrator, software developer, data scientist,

or site reliability engineer. With this book, professionals from around the world provide valuable insight into today's cloud engineering role. These concise articles explore the entire cloud computing experience, including fundamentals, architecture, and migration. You'll delve into security and compliance, operations and reliability, and software development. And examine networking, organizational culture, and more. You're sure to find 1, 2, or 97 things that inspire you to dig deeper and expand your own career. "Three Keys to Making the Right Multicloud Decisions," Brendan O'Leary "Serverless Bad Practices," Manases Jesus Galindo Bello "Failing a Cloud Migration," Lee Atchison "Treat Your Cloud Environment as If It Were On Premises," Iyana Garry "What Is Toil, and Why Are SREs Obsessed with It?", Zachary Nickens "Lean QA: The QA Evolving in the DevOps World," Theresa Neate "How Economies of Scale Work in the Cloud," Jon Moore "The Cloud Is Not About the Cloud," Ken Corless "Data Gravity: The Importance of Data

Management in the Cloud," Geoff Hughes "Even in the Cloud, the Network Is the Foundation," David Murray "Cloud Engineering Is About Culture, Not Containers," Holly Cummins *Naruto: The Official Character Data Book* "O'Reilly Media, Inc." Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of *The Fault in our Stars*. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age

story.
