The essential handbook for anyone who has ever returned from a war zone, and their spouse, partner, or family members. Being back home can be as difficult, if not more so, than the time spent serving in a combat zone. It's with this truth that Colonel Charles W. Hoge, MD, a leading advocate for eliminating the stigma of mental health care, presents *Once a Warrior—Always a Warrior*, a groundbreaking resource with essential new insights for anyone who has ever returned home from a war zone. In clear practical language, Dr. Hoge explores the latest knowledge in combat stress, PTSD (post-traumatic stress disorder), mTBI (mild traumatic brain injury), other physiological reactions to war, and their treatment options. Recognizing that warriors and family members both change during deployment, he helps them better understand each other's experience, especially living with enduring survival skills from the combat environment that are often viewed as "symptoms" back home. The heart of this book focuses on what's necessary to successfully navigate the transition—"LANDNAV" for the home front. *Once a Warrior—Always a Warrior* shows how a warrior's knowledge and skills are vital for living at peace in an insane world.

Understand salvation in both the Old and New Testaments. *God Is a Warrior* traces the development of the "divine warrior" motif through the Old and New Testaments, beginning with Israel's conflicts with her enemies and ending with Christ's victorious return in Revelation. Against the broader background of Ancient Near Eastern warrior mythology, Part I discusses Yahweh's warfare on behalf of ancient Israel, and prophecies of the coming Divine Deliverer. Part II looks at the New Testament's Divine Warrior, Jesus Christ, and his war against his spiritual enemies in the Synoptic Gospels, in Paul's letters, and in the final apocalyptic battle in the book of Revelation. *Martin the Warrior* Createspace Independent Publishing Platform

From the legendary Oklahoma coach, a candid and inspiring memoir. When Bob Stoops took over as football coach in 1999, the Oklahoma Sooners were in disarray with back-to-back losing seasons. But in just two years' time, Stoops achieved the seemingly impossible: winning a national championship and returning the struggling Sooners to their powerhouse status, churning out NFL talent, Heisman Trophy winners and conference championships, bowl wins and national title runs on a regular basis. During his 18 seasons at OU, his record was a remarkable 190-48. At only age 56, at the peak of his career, he stunned the college football world by walking away. For the first time, Bob opens up about his career alongside the evolution of the game itself. From his unlikely emergence as a star player at the University of Iowa, to his coaching apprenticeships under giants like Hayden Fry, Bill Snyder, and Steve Spurrier, Stoops recounts how the game he fell in love with as a boy has evolved into a billion-dollar business often compromised by recruiting wars, aggressive agents, overzealous boosters and alumni, and the emergence of the CEO head coach rather than mentor and teacher. Bob holds nothing back while explaining why it was time to step away from the game-and players-he still loves. Told with a rare combination of sincerity, vulnerability, and pure heart, *No Excuses* is both an engaging and eye-opening football memoir and an unprecedented portrait of a coach of one of the greatest legacy programs in the history of the college game.

A Life-Changing Book About the Power of FEARLESS Thinking You will never achieve any important goal until you first defeat the fears that stand between you and that goal-the fears that say it's too risky, you don't deserve it, or you're not good enough. In fact, fearful thinking is one of the most destructive thought patterns you can fall into. Whenever you find yourself worrying, procrastinating, or questioning your potential - FEAR is getting the best of you. Specifically, there

are seven common fears you must learn to defeat if you want to live a happy and successful life: 1) The fear of what other people think. 2) The fear of change. 3) The fear of making the wrong decision. 4) The fear of missing out on something better. 5) The fear of not being good enough. 6) The fear of failure being permanent. 7) The fear of being "due" for a setback. Every major worry and self-destructive thought is rooted in one of these seven fears. In this inspirational fable, Mickey McGavin is a pro boxer struggling to overcome the seven fears that are holding him back-in the ring and in life. With the help of a former world champion who becomes his trainer and mentor, McGavin learns he must defeat the fears in his mind before he can defeat his opponents in the ring. Boxing is the metaphor for life in this story, but the techniques used for defeating fear are universal. No matter your goal, FEAR is your ultimate opponent and this book will show you how to defeat the fears that hold you back from living the life you were born to live. Read this life-changing book and discover why victory - in sports, in business, and in life - always favors the fearless.

NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NATIONAL BESTSELLER • With this book, the acclaimed author created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. "A classic, for a reason" - Celeste Ng via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother's "talk stories." The fierce and wily women warriors of her mother's tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston's sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family's past and her own present.
