**THE 100 MOST  
INFLUENTIAL BOOKS  
EVER WRITTEN**

e-artnow  
This carefully crafted  
ebook: "THE KINGDOM  
OF GOD IS WITHIN YOU  
(One of the Most  
Influential Books on  
Nonviolent Resistance,

Christianity & Inner  
Fate)" is formatted for  
your eReader with a  
functional and detailed  
table of contents. In  
the 1870s Tolstoy  
experienced a  
profound moral crisis,  
followed by what he  
regarded as an equally  
profound spiritual  
awakening, as outlined  
in his non-fiction work  
A Confession. His literal  
interpretation of the  
ethical teachings of  
Jesus, centering on the  
Sermon on the Mount,  
caused him to become  
a fervent Christian

anarchist and pacifist. Tolstoy's ideas on nonviolent resistance, expressed in such works as *The Kingdom of God Is Within You*, were to have a profound impact on such pivotal 20th-century figures as Mohandas Gandhi, Martin Luther King, Jr., and James Bevel. In this treatise Tolstoy explains that he feels that the Church's doctrines are mistaken because they have made a "perversion" of Christ's true teaching. He then goes on to explain what those teachings are and how one can become a true Christian in this war prone world. The title of the book is taken from Luke 17:21. In the book Tolstoy speaks of the principle of nonviolent resistance when confronted by

violence, as taught by Jesus Christ. When Christ says to turn the other cheek, Tolstoy asserts that Christ means to abolish violence, even the defensive kind, and to give up revenge. Tolstoy rejects the interpretation of Roman and medieval scholars who attempted to limit its scope. "How can you kill people, when it is written in God's commandment: 'Thou shalt not murder'?" Tolstoy took the viewpoint that all governments who waged war are an affront to Christian principles. Content: Introduction: Leo Tolstoy: A Short Biography "Tolstoy the Artist" and "Tolstoy the Preacher" by Ivan Panin *The Kingdom of God is Within You*

Autobiographical:

INSTANT NEW YORK  
TIMES BESTSELLER  
"[The] rare biography  
of a public figure that's  
not only beautifully  
written, but also  
shockingly revelatory."  
-- The Atlantic A vivid  
biography of former  
First Lady Barbara  
Bush, one of the most  
influential and under-  
appreciated women in  
American political  
history. Barbara Pierce  
Bush was one of the  
country's most popular  
and powerful figures,  
yet her full story has  
never been told. THE  
MATRIARCH tells the  
riveting tale of a

woman who helped  
define two American  
presidencies and an  
entire political era.  
Written by USA  
TODAY's Washington  
Bureau chief Susan  
Page, this biography is  
informed by more than  
one hundred interviews  
with Bush friends and  
family members, hours  
of conversation with  
Mrs. Bush herself in the  
final six months of her  
life, and access to her  
diaries that spanned  
decades. THE  
MATRIARCH examines  
not only her public  
persona but also less  
well-known aspects of  
her remarkable life. As  
a girl in Rye, New York,  
Barbara Bush  
weathered criticism of  
her weight from her  
mother, barbs that left  
lifelong scars. As a  
young wife, she coped  
with the death of her  
three-year-old

daughter from leukemia, a loss that changed her forever. In middle age, she grappled with depression so serious that she contemplated suicide. And as first the wife and then the mother of American presidents, she made history as the only woman to see -- and advise -- both her husband and son in the Oval Office. As with many women of her era, Barbara Bush was routinely underestimated, her contributions often neither recognized nor acknowledged. But she became an astute and trusted political campaign strategist and a beloved First Lady. She invested herself deeply in expanding literacy programs in America, played a critical role in

the end of the Cold War, and led the way in demonstrating love and compassion to those with HIV/AIDS. With her cooperation, this book offers Barbara Bush's last words for history -- on the evolution of her party, on the role of women, on Donald Trump, and on her family's legacy. Barbara Bush's accomplishments, struggles, and contributions are many. Now, Susan Page explores them all in *THE MATRIARCH*, a groundbreaking book certain to cement Barbara Bush as one of the most unique and influential women in American history. Connected Marketing Simon and Schuster A Simon & Schuster eBook. Simon & Schuster has a great

book for every reader. Real-life lessons in Word-of-Mouth Marketing Cambridge University Press Musaicum Books presents to you this carefully created volume of "MY OWN STORY: The Memoirs of an Influential Suffragette (Illustrated Edition)". This ebook has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Emmeline Pankhurst (1858-1928) was a British political activist and leader of the British suffragette movement who helped women win the right to vote. In 1999 Time named Pankhurst as one of the 100 Most Important People of the 20th Century, stating "she shaped an idea of women for our time;

she shook society into a new pattern from which there could be no going back". She was widely criticized for her militant tactics, and historians disagree about their effectiveness, but her work is recognized as a crucial element in achieving women's suffrage in Britain. Pankhurst founded the Women's Social and Political Union (WSPU), an all-women suffrage advocacy organization dedicated to "deeds, not words". Pankhurst, her daughters, and other WSPU activists received repeated prison sentences, where they staged hunger strikes to secure better conditions. This edition brings to you the powerful autobiography of this courageous woman in

celebration of the undying spirit of freedom, equality and woman power.

"Women are very slow to rouse, but once they are aroused, once they are determined, nothing on earth and nothing in heaven will make women give way; it is impossible."-

Emmeline Pankhurst

## THE OTHER AMERICA

Houghton Mifflin Harcourt  
Shining the spotlight on a hundred men and women who really made a difference to the world's most powerful nation, this book features the lives and achievements of extraordinary Americans — presidents and sports figures, film stars and physicists, generals and Internet mavericks — from the age of the Founding Fathers to the present. Telling the stories of lives of men and women over the last 300 years, the book celebrates their achievements and presents a revealing history of the United States. Selected by the editors of Encyclopaedia

Britannica, the book contains surprises and insights into the personalities that created America and is bound to cause debate. *The 100 Most Influential People in American Soccer History* e-artnow

of 1832 Indian Heroes  
and Great Chieftains

**A Ranking of the  
Most Influential  
Persons in History**

Simon and Schuster  
THE BEST MARKETING  
BOOK OF THE YEAR  
Winner of the American  
Marketing Association's  
Berry-AMA prize In  
1848 gold was  
discovered in  
California, setting off a  
frenzy that sent men  
and women from  
across the American  
continent flocking to  
the West Coast in  
search of fortune. The  
Gold Rush brought  
wealth to some, but  
most left empty-  
handed. Today,  
marketing consultants  
Ed Keller and Brad Fay  
say social media is

unleashing a new kind  
of frenzy. Blinded by  
the shiny allure of sites  
like Facebook and  
Twitter, companies are  
spending billions,  
pinning their hopes on  
social media marketing  
without appreciating  
how social influence  
truly functions in the  
marketplace. That's  
where Keller and Fay  
come in. For the past  
six years, they have  
undertaken a unique,  
ongoing study of  
consumer  
conversations. The  
surprising result? Over  
90 percent of  
consumer  
conversations still take  
place offline, primarily  
face to face. The  
implication is clear:  
Social media is big and  
growing, but it is  
dwarfed by the real  
world in which people  
live and interact. Make  
no mistake. There is a

hugely important social wave rolling across the world of business today. New scientific evidence reveals that we humans are fundamentally social beings for whom social influence determines nearly every decision we make. And the greatest impact comes when those conversations happen face to face, as emotions and nonverbal cues are communicated along with words. In *The Face-to-Face Book*, Keller and Fay offer key insights and recommendations for how businesses, both large and small, can best succeed in today's socially motivated consumer marketplace by looking at how consumers act in real life as well as online. The authors share their

extensive research and the stories of companies—large, such as Apple, General Mills, Kimberly-Clark, and Toyota, as well as innovative small businesses—that have hit pay dirt with a balanced and holistic approach to social marketing. They also discuss those that have bet big and lost by overcommitting to online social media alone. *The Face-to-Face Book* does not overlook the extraordinary growth and importance of social media, which offers important new tools for businesses of all kinds; however, the authors caution against placing too grand a bet on online social media at the expense of other forms of social marketing. This book is a celebration of the

supremely social nature of all human beings and how that drives the consumer marketplace. It's a story that will leave you thinking anew, and talking.

### **One American in Ten Tells the Other Nine How to Vote, Where to Eat, and What to Buy** SAGE

Celebrate 30 influential Latinas/Latinos/Latinxs in U.S. history with Nuestra América, a fully-illustrated anthology from the Smithsonian Latino Center. Nuestra América highlights the inspiring stories of thirty Latina/o/xs throughout history and their incredible contributions to the cultural, social, and political character of the United States. The stories in this book cover each figure's cultural background, childhood, and the challenges and opportunities they met in pursuit of their goals. A glossary of

terms and discussion question-filled reading guide, created by the Smithsonian Latino Center, encourage further research and exploration. Twenty-three of the stories featured in this anthology will also be included in the future Molina Family Latino Gallery, the first national gallery dedicated to Latina/o/xs at the Smithsonian. This book is a must-have for teachers looking to create a more inclusive curriculum, Latina/o/x youth who need to see themselves represented as an important part of the American story, and all parents who want their kids to have a better understanding of American history. Featuring beautiful portraits by Gloria

Félix, this is a book that children (and adults) will page through and learn from again and again. Nuestra América profiles the following notable figures: Sylvia Acevedo, Luis Álvarez, Pura Belpré, Martha E. Bernal, Julia de Burgos, César Chávez, Sandra Cisneros, Roberto Clemente, Celia Cruz, Olga E. Custodio, Óscar de la Renta, Jaime Escalante, Macario García, Emma González, Laurie Hernández, Juan Felipe Herrera, Dolores Huerta, Jennifer Lopez, Xiuhtezcatl Martínez, Sylvia Méndez, Lin-Manuel Miranda, C. David Molina, Rita Moreno, Ellen Ochoa, Jorge Ramos, Sylvia Rivera, María Elena Salinas, Sonia Sotomayor, Dara Torres, and Robert

Unanue.

## 1492-PRESENT

Routledge

The 100... is a ranking and discussion of the one hundred most influential people in the history of American soccer. This is NOT a book listing the one hundred greatest American soccer players, nor is it a book listing the hundred greatest Americans in soccer. Instead, this is an attempt to judge the impact and the importance an individual has held on soccer in America. Many of our individuals discussed are not Americans, yet they still held great sway over the development of soccer in the United States. Some of our individuals have never kicked a soccer ball in their life, and yet, they

are every bit as important as the star players and coaches also discussed in this book. Each entry gives you a biographical sketch about the individual and their career as well as some context of their role in developing the sport in America. At the end of each entry is a brief prediction on where the individual is expected to be ranked if we were to make a new list in five or ten years' time. Rory Miller has previously contributed to The American Soccer History Archives and The Shin Guardian. His e-book, Free Kicks, A Novel About Pro Soccer In the US, topped Amazon's e-book sales under the subcategory of Soccer.

There are some events in life that are inevitable, and the emergence of problems in the workplace is one. Solutions sets out to provide remedies that are accessible, practical, meaningful,

and final. Well organized, and referenced to specific operations, this book provides troubleshooting and other assistance, and serves as an encyclopedic reference for answers to organizational problems for managers and practitioners. All the functional activities and operations of organizations are included, so that almost any problem or issue that may occur will be addressed in one or more chapters. Readers will be able to quickly locate, understand and use a specific tool or technique to solve a problem. The different tools available are described, or a single most useful tool indicated. The tool is then explained in

depth with an example of how it can be used. The strengths and weaknesses of individual tools are identified and there are suggestions for further help. Solutions is essential for anyone wanting to learn the basics of business problem solving and those who might know the basics but want to expand their understanding.
