**A Novel BRILL**

“[An] extraordinary, memorable and truly haunting book.” —Jojo Moyes, #1 New York Times bestselling author  
 Laura Purcell's THE SHAPE OF DARKNESS is now out

from Penguin! Some doors are locked for a reason. When Elsie married handsome young heir Rupert Bainbridge, she believed she was destined for a life of luxury. But pregnant and widowed just weeks after their wedding, with her new servants resentful and the local villagers actively hostile, Elsie has only her late husband's awkward cousin for company. Or so she thinks. Inside her new home lies a locked door, beyond which is a painted wooden figure—a silent companion—that bears a

striking resemblance to Elsie herself. The residents of the estate are terrified of the figure, but Elsie tries to shrug this off as simple superstition—that is, until she notices the figure's eyes following her. A Victorian ghost story that evokes a most unsettling kind of fear, *The Silent Companions* is a tale that creeps its way through the consciousness in ways you least expect—much like the companions themselves.

## LOST COMPANIONS

Houghton Mifflin Harcourt

When the *Mystery Writers of America* named Hunter a Grand Master, he gave the designation to his

alter ego, Ed McBain, best known for his long-running police procedural series about the detectives of the 87th Precinct. This comprehensive companion provides detailed information about all of Evan Hunter's/Ed McBain's works, characters, and recurring themes. From police detective and crime stories to dramatic novels and films, this reference celebrates the vast body of literature of this versatile writer.

The Edgar Award-winning author of *Never Trust a Dead Man* puts a terrifying spin on what should be a typical night in a small town. Sixteen-year-old Kerry has got a tough night ahead of her.

What begins as a simple lost-and-found trip to the laundromat to rescue her little brother's stuffed koala bear turns into a nightmarish odyssey of murder, vampires, and—quite possibly—true love. “Interview with a Vampire for the learner's permit set.” —The Horn Book “A freshly written thriller, an offbeat love story, an engaging twist on the vampire novel, and an exciting tale of moral complexity . . . . Point [this] book at the Lois Duncan fans as well as Anne Rice followers, and

get out of the way.” —The Bulletin “[Vande Velde] is a master at taking traditional fairy-tale-like themes and making them fresh and totally unique. The New York Times’  
“Your Quarantine Reader”

Bustle’s “16 Novels About Viral Outbreaks To Make You Feel Less Alone” The Hollywood Reporter’s “8 Pandemic-Themed Books to Read Amid Coronavirus” Refinery29’s “Books That Hit A Little Too Close To Home During The Pandemic” SYFY.com’s “Eight SFF Novels You Shouldn’t Miss This March” Station Eleven meets Never Let Me Go in this debut novel set in an unsettling near future where the dead can be uploaded to machines and kept in service by the living. In the wake of a

highly contagious virus, California is under quarantine. Sequestered in high rise towers, the living can’t go out, but the dead can come in—and they come in all forms, from sad rolling cans to manufactured bodies that can pass for human. Wealthy participants in the “companionship” program choose to upload their consciousness before dying, so they can stay in the custody of their families. The less fortunate are rented out to strangers upon their death, but all companions

become the intellectual property of Metis Corporation, creating a new class of people—a command-driven product-class without legal rights or true free will. Sixteen-year-old Lilac is one of the less fortunate, leased to a family of strangers. But when she realizes she's

able to defy commands, she throws off the shackles of servitude and runs away, searching for the woman who killed her. Lilac's act of rebellion sets off a chain of events that sweeps from San Francisco to Siberia to the very tip of South America. While the novel traces

Lilac's journey through an exquisitely imagined Northern California, the story is told from eight different points of view—some human, some companion—that explore the complex shapes love, revenge, and loneliness take when the dead linger on.
