The Horror Film

Bloomsbury Publishing
USA

Winner of the 2022 Open Publication Prize by the International Association for the Study of Popular Music (IASPM-ANZ) A Women's History of the Beatles is the first book to offer a detailed presentation of the band's social and cultural impact as understood through the experiences and lives of women. Drawing on a mix of interviews, archival research, textual analysis, and autoethnography, this scholarly work depicts how the Beatles have profoundly shaped and enriched the lives of women, while also reexamining key, influential female figures within the group's history. Organized topically based on key themes important to the Beatles story, each chapter uncovers the varied and multifaceted relationships women have had with the band, whether face-to-face and intimately or parasocially through mediated,

popular culture. Set within a socio-historical context that charts changing gender norms since the early 1960s, these narratives consider how the Beatles have affected women's lives across three generations. Providing a fresh perspective of a well-known tale, this is a cultural history that moves far beyond the screams of Beatlemania to offer a more comprehensive understanding of what the now iconic band has meant to women over the course of six decades. Chronicle of the Horse Dear Bob and Sue More than a laugh out loud travel memoir, Dear Bob and Sue: Season 2 will bring to life the joy of discovery, the pure satisfaction of accomplishment, and the humor that comes with experiencing new places and activities. Season 2 is the follow-up to Dear Bob and Sue, a charming and sometimes irreverent chronicle of a middle-aged couple as they visit each of the country's fifty-nine national parks, testing their mettle and stretching their

endurance. In their second book of the series, follow Matt and Karen as they work their way around the western United States discovering some of our most beautiful public lands, hidden gems, and revisiting a few of their favorite national parks. This book is not a hiker's guide, though you will feel as if you are right there with them on some of the most amazing trails the country has to offer. Through a series of emails written to their friends, Bob and Sue, the couple brings the reader along on their adventures, sharing their experiences as they hike the lesser known parks and national monuments. By the end of the book, you'll be itching to drag out your hiking boots, dust off your tent, and discover the culinary joy of eating freeze-dried meals next to a campfire. If you are looking for a fun and easy read that takes you to new and exciting places, the Dear Bob and Sue series is for you. Dories, Ho! Travel with Matt and Karen as they float down the Colorado River through the Grand Canyon. In September

2016, they experienced the trip of a lifetime with 14 friends and a crew of 10 while traveling in wooden dories through the canyon. **Dories, Ho!** is a story of their adventure and discovery. Similar to their first travel memoir *Dear Bob and Sue*, this book is as much about their relationship as it is their fantastic trip. Matt and Karen's quirky writing style is both humorous and irreverent. It's fun, laugh out loud, and an easy read. While not intended to be a traditional guidebook, anyone contemplating a river trip through the Grand Canyon will benefit from this firsthand account. The reader will feel as if they've traveled with the authors on their journey to and through Grand Canyon National Park. If you are looking for a story that will make you laugh and inspire you to get out and see our incredible national parks, **Dories, Ho!** is for you. Jack Harkaway and the Bushrangers

THE LADIES' WORLD

Cinebooks

A naive adolescent girl from Ohio desperately seeks comfort and safety by moving to her father's home in Illinois after her parents' acrimonious divorce. Reflecting many of the norms and cultural conventions of small-town Midwestern life in the very early 1960s, Peggy struggles to make sense of her middle-class family's disintegration but finds neither lasting comfort nor safety in either environment. Peggy longs to understand her complex new world, even as she struggles to come to terms with the loss of her old life, a happy and stable life gone mad and turned upside down. Peace—forever a process, never a destination--will take many years for

Peggy to achieve; but what will meanwhile both help and frustrate her is the young man whom she loves both because of and in spite of himself. Until his premature death at age 75 years, Joe will unknowingly serve as her guide along the journey of a lifetime as he helps, even beyond the scope of this book, to shape her ultimate destiny. Writing in the epistolary genre and under a pseudonym, the author takes the reader deep inside the psyche and perspectives of Peggy and multiple other persons with whom she associates, many of whom can recognize early-on how tenuous her hopes and dreams of a mutual future with Joe will likely be. This is a story of the effects of disintegrating families and reflects the sting of abuse, betrayal, and the perils of alcoholic behaviors. Beyond all that, this is the story of a teenage girl who will at times frustrate you, amaze you, exceed your expectations--and ultimately break your heart. "Letters to Joe" is a jewel that illuminates and reflects adolescent sincerity and tenderness even in the face of teenage humiliation and rejection. A "must-read"

for parents, youth, and anyone who has ever pledged to love another human being unflinchingly from first glance to beyond the grave.
