Xlibris Corporation

From one of the masters of noir comes perhaps his most compelling novel. Roy Nichols is trying to make a go of running a motel with his wife, but forces are conspiring against them. The highway that was supposed to run past their motel may never get built, and their business is drying up. When Roy stumbles upon a briefcase loaded with cash, his problems seem to have miraculously disappeared. But in Gil Brewer's world, good fortune is never free and greed inevitably leads to destruction.

This accessible autobiography is the true story of one girl's determination to hold her family together during one of the most terrifying eras of the twentieth century. It's 1966, and twelve-year-old Ji-li Jiang has everything a girl could want: brains, friends, and a bright future in Communist China. But it's also the year that China's leader, Mao Ze-dong, launches the Cultural Revolution—and Ji-li's world begins to fall apart. Over the next few years, people who were once her friends and neighbors turn on her and her family, forcing them to live in constant terror of arrest. When Ji-li's father is finally imprisoned, she faces the most difficult dilemma of her life. A personal and painful memoir—a page-turner as well as excellent material for social studies curricula—*Red Scarf Girl* also includes a thorough glossary and pronunciation guide. Growing up in a small town, enjoying family and the outdoors can make you different than others now a days. Annabelle felt no need to be on her cell phone all the time or to go to theme parks. She enjoyed working on the farm, learning the traits of flowers, raising her pet lamb Baa Baa and listening to Granny B and Grampa Homer as they shared family stories. As Annabelle listened she heard more than words about people she had only seen in pictures. She heard the honor and the love than her grandparents had for them. Annabelle learned how to make tinctures, oils and vinegar for wild plants. Then there was the process of taking raw wool to yarn and learning to knit simple patterns. She was growing and changing but in spite of everything she was allowed to feel safe in who she was growing up to

be.

In December 2015, six months before his death at the age of 93, Yves Bonnefoy concluded what was to be his last major text in prose, *L'écharpe rouge*, translated here as *The Red Scarf*. In this unique book, described by the poet as "an anamnesis"--a formal act of commemoration--Bonnefoy undertakes, at the end of his life, a profoundly moving exegesis of some fragments written in 1964. These fragments lead him back to an unspoken, lifelong anxiety: "My most troubling memory, when I was between ten and twelve years old, concerns my father, and my anxiety about his silence." Bonnefoy offers an anatomy of his father's silence, and of the melancholy that seemed to take hold some years into his marriage to the poet's mother. At the heart of this book is the ballad of Elie and Hélène, the poet's parents. It is the story of their lives together in the Auvergne, and later in Tours, seen through the eyes of their son--the solitary boy's intense but inchoate

experience, reviewed through memories of the now elderly man. What makes *The Red Scarf* indispensable is the intensely personal nature of the material, casting its slant light, a setting sun, on all that has gone before.
