*Dragon's Milk* The Arrival

The prominent cultural critic Mieke Bal defines the new discipline of 'art writing' as a fresh mode of criticism, which aims to 'put the art first'. Following this definition, "Site-Writing: The Architecture of Art Criticism" puts the sites of the critic's engagement with art first. The book puts into shape what happens when discussions concerning situatedness and site-specificity enter the writing of art criticism. The sites explored are the material, emotional, political and conceptual settings of the artwork's construction, exhibition and documentation, as well as those remembered, dreamed and imagined. Through five different spatial configurations - both psychic and architectural - "Site-Writing" explores artworks by artists as diverse as Jananne Al-Ani, Elina Brotherus, Nathan Coley, Tracey Emin, Christina Iglesias and Do-Ho Suh, aiming to adapt such psychoanalytic ways of working as free association and conjectural interpretation to art criticism.

This Newbery Honor winning, New York Times bestseller celebrates the true spirit of independence on the American frontier. For most of her life, sixteen-year-old Hattie Brooks has been shuttled from one distant relative to another. Tired of being Hattie Here-and-There, she summons the courage to leave Iowa and move all by herself to Vida, Montana, to prove up on her late uncle's homestead claim. Under the big sky, Hattie braves hard weather, hard times, a cantankerous cow, and her own hopeless hand at the cookstove. Her quest to make a home is championed by new neighbors Perilee Mueller, her German husband, and their children. For the first time in her life, Hattie feels part of a family, finding the strength to stand up against Traft Martin's schemes to buy her out and against increasing pressure to be a "loyal" American at a time when anything—or anyone—German is suspect. Despite daily trials, Hattie continues to work her uncle's claim until an unforeseen tragedy causes her to search her soul for the real meaning of home. This young pioneer's story is lovingly stitched together from Kirby Larson's own family history and the sights, sounds, and scents of homesteading life. AN AMERICAN LIBRARY ASSOCIATION BEST BOOK FOR YOUNG ADULTS A SCHOOL LIBRARY JOURNAL BEST BOOK A BOOKLIST EDITORS' CHOICE NAMED TO 13 STATE AWARD LISTS "A marvelous story about courage, loyalty, perseverance, and the meaning of home." --Newbery Award-Winning Author Karen Cushman

*The Rabbits* Scholastic Inc.

Breathtakingly illustrated and hauntingly written, *Tales from Outer Suburbia* is by turns hilarious and poignant, perceptive and goofy. Through a series of captivating and sophisticated illustrated stories, Tan explores the precious strangeness of our existence. He gives us a portrait of modern suburban

existence filtered through a wickedly Monty Pythonesque lens. Whether it's discovering that the world really does stop at the end of the city's map book, or a family's lesson in tolerance through an alien cultural exchange student, Tan's deft, sweet social satire brings us face-to-face with the humor and absurdity of modern life.

This unique presentation of the best-selling, internationally acclaimed graphic novel THE ARRIVAL, and a new companion volume of commentary and developmental drawings, SKETCHES FROM A NAMELESS LAND, beautifully packages the two books within a traveller's suitcase that also contains a limited edition numbered Shaun Tan print of an illustration from THE ARRIVAL. The Arrival is a migrant story told as a series of wordless images that might seem to come from a long forgotten time. A man leaves his wife and child in an impoverished town, seeking better prospects in an unknown country on the other side of a vast ocean. He eventually finds himself in a bewildering city of foreign customs, peculiar animals, curious floating objects and indecipherable languages. With nothing more than a suitcase and a handful of currency, the immigrant must find a place to live, food to eat and some kind of gainful employment. He is helped along the way by sympathetic strangers, each carrying their own unspoken history: stories of struggle and survival in a world of incomprehensible violence, upheaval and hope. This collector's edition will fascinate anyone who has fallen under the spell of Shaun Tan's timeless story, and offers a revealing insight into the craft of one of Australia's most compelling author-illustrators. ### BARAKAH BEATS

Feiwei & Friends

The supposed collapse of Roman civilization is still lamented more than 1,500 years later-and intertwined with this idea is the notion that a fledgling religion, Christianity, went from a persecuted fringe movement to an irresistible force that toppled the empire. The "intolerant zeal" of Christians, wrote Edward Gibbon, swept Rome's old gods away, and with them the structures that sustained Roman society. Not so, argues Douglas Boin. Such tales are simply untrue to history, and ignore the most important fact of all: life in Rome never came to a dramatic stop. Instead, as Boin shows, a small minority movement rose to transform society-politically, religiously, and culturally-but it was a gradual process, one that happened in fits and starts over centuries. Drawing upon a decade of recent studies in history and archaeology, and on his own research, Boin opens up a wholly new window onto a period we thought we knew. His work is the first to describe how Christians navigated the complex world of social identity in terms of "passing" and "coming out." Many Christians lived in a dynamic middle ground. Their quiet success, as much as the clamor of martyrdom, was a powerful agent for change. With this insightful approach to the story of Christians in the Roman world, Douglas Boin rewrites, and rediscovers, the fascinating early history of a world faith.
