Hecht brings  
to bear the  
perspective of  
both historical  
concepts and

contemporary  
physics. While  
the text  
covers the  
standard  
range of  
material from  
kinematics to  
quantum  
physics, Hecht  
has carefully  
limited the  
math required  
to basic  
calculus and  
very basic  
vector  
analysis. He  
omits obscure,  
high-level  
topics while  
focusing on  
helping  
students  
understand  
the  
fundamental  
concepts of  
modern-day  
physics.  
Calculus and  
vector

analysis are both painstakingly developed as tools, and then used only insofar as they illuminate the physics. Hecht deliberately paces comfortably, justifies where each topic is going, stops to take stock of where the students have been, and points out the marvelous unity of the discourse. Informed by a 20th century perspective and a commitment to providing a conceptual overview of the discipline,

Hecht's *CALCULUS 2/e* keeps students involved and focused. *Perfect Digestion* Academic Press Dr. Deepak Chopra presents an ailment-specific program that tailors the benefits of Ayurvedic medicine to the treatment of digestive disorders. By following Dr. Chopra's suggestions, readers can learn to overcome intestinal problems in a natural way

that takes their specific needs into account. [The Siege](#) Text Publishing It is the early fifteenth century and as winter falls away the people of Albania know their fate is sealed. Their refusal to negotiate with the Ottoman Empire means war is now inevitable. Soon, dust kicked up by Turkish horses is spotted from a citadel. Tens of thousands of men begin to fill the plain below. The

Siege tells the enthralling story of the weeks and months that follow—of the exhilaration and despair of the battlefield, the shifting strategies of war, and those whose lives are held in the balance. For those trapped inside the citadel, and for the Pasha, the artillerymen, astrologer, blind poet and his harem of women outside, the siege is inescapable and increasingly oppressive. From this

dramatic setting Kadare has created one of his masterpieces, a profound novel that is as moving as it is compelling. It is an unforgettable account of the clash of two civilisations and a timeless depiction of individual pain, uncertainty and fear. Kadare is one of our most significant writers. **Fins Are Forever** The Fall of the Stone City Financial Trading and Investing,

Second Edition, delivers the most current information on trading and market microstructure for undergraduates and master's students. Without demanding a background in econometrics, it explores alternative markets and highlights recent regulatory developments, implementations, institutions and debates. New explanations of controversial trading tactics

(and blunders), such as high-frequency trading, dark liquidity pools, fat fingers, insider trading, and flash orders emphasize links between the history of financial regulation and events in financial markets. New sections on valuation and hedging techniques, particularly with respect to fixed income and derivatives markets, accompany updated regulatory information. In

addition, new case studies and additional exercises are included on a website that has been revised, expanded and updated. Combining theory and application, the book provides the only up-to-date, practical beginner's introduction to today's investment tools and markets. Concentrates on trading, trading institutions, markets and the institutions that facilitate and regulate

trading activities  
Introduces foundational topics relating to trading and securities markets, including auctions, market microstructure, the roles of information and inventories, behavioral finance, market efficiency, risk, arbitrage, trading technology, trading regulation and ECNs Covers market and technology advances and innovations, such as execution algo

As the wickedly seductive

Wilde cousins seek true love by taking a page from history's legendary love stories, Lord Jack Wilde plays a determined Romeo courting an enchanting Juliet. The last thing Sophie Fortin expects at a masquerade ball is a dazzling kiss from a pirate. Her desire quickly falters when she learns that her masked gentleman is devilishly scandalous. Lord Jack, a member of the

captivating Wilde clan—and a man she's forbidden to acknowledge. But when Jack begins a breathtaking seduction, Sophie can barely resist. Jack never imagined that the daughter of his family's mortal enemy would awaken such fierce passion within him—until one unforgettable kiss changes his mind forever. Soon, Jack is hell-bent on winning Sophie's hand, going so far as to abduct her to save her

from marrying a rival nobleman. Determined to woo Sophie and her unyielding parents, Jack is faced with the one decision he'd sworn never to make. The secret heir to a prince, Jack has spurned his royal heritage for years . . . but for Sophie he'll risk all to turn a legacy of heartbreak into love ever after. Praise for Nicole Jordan and *Lover Be Mine* "[An] engagingly, well-plotted Regency that is worthy of the Bard and is the latest in Jordan's 'Wilde-ly' entertaining Legendary Lovers series featuring the scandalous Wilde cousins."—*Library Journal* "The hero and heroine in Jordan's latest stylishly written romance have sexual chemistry to burn, making *Lover Be Mine* the perfect choice for readers who crave Regency-set historicals that sizzle with sensuality."—*Booklist* "Nicole Jordan's new fairy tale series will steal your heart."—*Cathy Maxwell* *The Fall of the Stone City*
