* Are you successful in your life? * Do you motivate people? * Do people pay attention to you by getting impressed by you? * Are you successful in maintaining your personal and professional relationships? If these questions do not have answers, know that these problems would be solved only through complete personality development. Because personality of a person plays an important role in increasing his success, fame and honour. It is sad to observe that the common man of our country does not take much interest in polishing his personality. Their only notion behind this is that they consider the effort of polishing personality as a mere ostentation and thus, they avoid living in a proper order (by stating that they love simplicity). Whereas in the modern era, if one has to get success, one must focus on complete personality development. It is your personality that leaves an impact on people. Motivated by this impact, they start following you. Shri Surya Sinha has created complete personality development programme by identifying the need of the modern time.

Thus, he has given benefit to numerous young men and women and many books, which were written by him on the basis of his experiences, have become bestsellers in the market. They have been translated into twelve-odd languages too. In the presented book, he has thrown light on all those human efforts related to personality development which convert a man from ordinary to extraordinary. We believe that this book would convert you from ordinary to extraordinary.
