### JOVANI DEVYN

**As A Man Thinketh** Profile Books

Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us. Working with Emotional Intelligence Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

*The Urantia Book* CRC Press

NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that’s been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they’re almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world’s first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world’s most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers.

He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can’t match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

**El hombre que ellas quieren... enamoral** Simon and Schuster

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

*Becoming Supernatural* McGraw Hill Professional

Free Play is about the inner sources of spontaneous creation. It is about where art in the widest sense comes from. It is about why we create and what we learn when we do. It is about the flow of unhindered creative energy: the joy of making art in all its varied forms. Free Play is directed toward people in any field who want to contact, honor, and strengthen their own creative powers. It integrates material from a wide variety of sources among the arts, sciences, and spiritual traditions of humanity. Filled with unusual quotes, amusing and illuminating anecdotes, and original metaphors, it reveals how inspiration arises within us, how that inspiration may be blocked, derailed or obscured by certain unavoidable facts of life, and how finally it can be liberated - how we can be liberated - to speak or sing, write or paint, dance or play, with our own authentic voice. The whole enterprise of improvisation in life and art, of recovering free play and awakening creativity, is about being true to ourselves and our visions. It brings us into direct, active contact with boundless creative energies that we may not even know we had.

#### THE GIVER

Bloomsbury Publishing

The devastating truth about the effects of wheat, sugar, and carbs on the brain, with a 4-week plan to achieve optimum health. In Grain Brain, renowned neurologist David Perlmutter, MD, exposes a

finding that's been buried in the medical literature for far too long: carbs are destroying your brain. Even so-called healthy carbs like whole grains can cause dementia, ADHD, epilepsy, anxiety, chronic headaches, depression, decreased libido, and much more. Groundbreaking and timely, Grain Brain shows that the fate of your brain is not in your genes. It's in the food you eat. The cornerstone of all degenerative conditions, including brain disorders, is inflammation, which can be triggered by carbs, especially containing gluten or high in sugar. Dr. Perlmutter explains what happens when the brain encounters common ingredients in your daily bread and fruit bowls, how statin drugs may be erasing your memory, why a diet high in "good fats" is ideal, and how to spur the growth of new brain cells at any age. Dr. Perlmutter's revolutionary 4-week plan shows you how to keep your brain healthy, vibrant, and sharp while dramatically reducing your risk for debilitating neurological diseases as well as relieving more common, everyday conditions -- without drugs. Easy-to-follow strategies, delicious recipes, and weekly goals help you to put the plan into action. With a blend of anecdotes, cutting-edge research, and accessible, practical advice, Grain Brain teaches you how to take control of your "smart genes," regain wellness, and enjoy lifelong health and vitality.

*Grain Brain* Ballantine Books

From the very beginning, you relied on her for things no one else could give you. How she met those needs -- or didn't meet them -- affected you daily as a child. And still affects you profoundly as an adult. For every son or daughter who wonders if things should have been different . . . for every man or woman who wonders if they still couldn't be . . . here's a life-changing look at The Mom Factor. She shaped you in ways that would surprise you both. No one has influenced the person you are today like your mother. The way she handled your needs as a child has shaped your worldview, your relationships, your marriage, your career, your self-image -- your life. How can you identify areas that need reshaping, make positive choices for personal change, and establish a balanced, mature relationship with Mom today? In The Mom Factor, Drs. Henry Cloud and John Townsend steer you down a path of discovery and growth beyond the effects of six common mothering styles: -The Phantom Mom -The China-Doll Mom -The Controlling Mom -The

Trophy Mom -The Still-the-Boss Mom -The American-Express Mom -- Cloud and Townsend show you how your mom affected you as a child and may still be affecting you today. You'll find a hopeful, realistic, and empowering approach to identifying your unmet mothering needs and filling them in healthy, life-changing ways through other people. This encouraging book doesn't just help you understand areas in your life that need change and strengthening -- it helps you apply your discoveries to attain new freedom and joy in living, and an increased ability to give and receive love. The Mom Factor is a biblical, highly practical route to wholeness and growth, deeper and more satisfying bonds with your family, friends, and spouse -- and a new, healthier way of relating to your mother today.

## THE FOUR

John Wiley & Sons

#1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth—and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress—to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so many great organizations. This book will help a new generation of leaders capture the same magic.

## DARING GREATLY

Penguin

New York Times Best Seller! 1500 5-Star Reviews! From the author that brought you NEW YORK TIMES best selling books *The Harbinger*, *The Mystery of the Shemitah*, and *The Paradigm* selling over 3 MILLION copies Imagine if you discovered a treasure chest in which were hidden ancient mysteries, revelations from heaven, secrets of the ages, the answers to man's most enduring, age-old questions, and the hidden keys that can transform your life to joy, success, and blessing...This is *The Book of Mysteries*.

*The Empty Space* Confianza Inteligente

"I am happy to recommend this work. I believe in the principles presented in it and identify with its context. Due to the lack of knowledge on the subject in the market, it is a topic that must be made known. The book should be in the library of all project and change managers."— Paul Dinsmore, PMI Fellow "Every manager should integrate HCMBOK® practices into their project management methodology in order to fully develop their work. This book addresses a simple and practical way that the critical component in organizational change management can be applied to projects of all kinds: the human factor."— Bruno Machado, Director, Project Management Office, Grupo Anima Educação "We live in a time of change, speed, and an avalanche of information. It is still very difficult for most companies to change their organizational culture efficiently. This book makes us

reflect upon the crucial element in any change, and which most managers do not place in the foreground—the people." — Joyce Meyer, CEO, iDigo "In today's constantly changing world, the Project Manager must have sensitivity to how people react to change. Knowing a method that provides a structured way to take care of the human aspect is a key factor in the success of any project! HCMBOK® offers a simple and practical approach to managing change, which can be easily incorporated into the project management routine, providing amazing results."— Pedro Augusto Cardoso da Silva, Engineering Director, METRÓRIO This reference starts by presenting the concept of change management, its players, strategies, and applicable models. In the second part, the book covers the set of good practices, methodology, and tools known as the HCMBOK®— Human Change Management Body of Knowledge. The third part introduces the concept of the Change Management Office (CMO) and its relation to the strategic planning of an organization. The book concludes with the competencies essential for a change manager, an approach to agile methodologies, and a model for managing cultural change.

**A User's Guide to the Brain** Zondervan

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly* that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. *Daring Greatly* is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of *The Gifts of Imperfection* and *I Thought It Was Just Me* (but it isn't).

**Women Who Run with the Wolves** Penguin

A WALL STREET JOURNAL BESTSELLER by DR. JOE DISPENZA, the author of the New York Times bestseller *You Are the Placebo*, as well as *Breaking the Habit of Being Yourself* and *Evolve Your Brain*. *Becoming Supernatural* draws on epigenetics, quantum physics & neuroscience research conducted at his advanced workshops since 2012 to explore how common people are doing the uncommon to transform their consciousness, mindset, and beliefs to heal and live SUPERNATURAL lives. *Becoming Supernatural* marries some of the most profound scientific information with ancient spiritual wisdom to show how people like you and me can experience a more mystical life. Readers will learn that we are, quite literally supernatural by nature if given the proper knowledge and instruction, and when we learn how to apply that information through various healing meditations, we should experience a greater expression of our creative abilities. We have the capacity to tune in to frequencies beyond our material world and receive more orderly coherent streams of consciousness and energy; that we can intentionally change our brain chemistry to initiate profoundly mystical transcendental experiences; and how, if we do this enough times, we can develop the skill of creating a more efficient, balanced, healthy body, a more unlimited mind, and greater access to the quantum field and the realms of spiritual truth. Topics include: • Demystifying the body's 7 energy centers and how you can balance them to heal • How to free yourself from the past by reconditioning your body to a new mind • How you can create reality in the generous present moment by changing your energy • The difference between third-dimension creation and fifth-dimension creation • The secret science of the pineal gland and its role in accessing mystical realms of reality • The distinction between Space-Time vs. Time-Space realities • And much more Chapters Include: Opening the Door to the Supernatural The Present Moment Tuning In to New Potentials in the Quantum Blessing of the Energy Centers Reconditioning the

Body to a New Mind Case Studies: Living Examples of Truth Heart Intelligence Mind Movies/Kaleidoscope Walking Meditation Case Studies: Making It Real Space-Time and Time-Space The Pineal Gland Project Coherence: Making a Better World Case Studies: It Could Happen to You Using tools and disciplines ranging from cutting-edge physics to practical exercises such as a walking meditation, Dr. Joe offers nothing less than a proven program for stepping outside our physical reality and into the quantum field of infinite possibilities. "In a style that is simple, straightforward, and easy to understand, Dr. Joe Dispenza has woven into a single volume the paradigm-altering discoveries of quantum science and the deep teachings that adepts of the past dedicated their entire lifetimes to master." — Gregg Braden, New York Times best-selling author of *Human by Design* and *The Divine Matrix* "We can create better lives for ourselves—and that we are not linear beings living linear lives, but dimensional beings living dimensional lives. Hopefully, reading it will help you understand that you already have all the anatomy, chemistry, and physiology you need to become supernatural sitting latent within you, waiting to be awakened and activated." - Dr. Joe Dispenza New York Times best-selling author Researcher of epigenetics, quantum physics & neuroscience

*The Little Book That Still Beats the Market* Houghton Mifflin Harcourt

Discusses "loving too much" as a pattern of thoughts, feelings, and behaviors which certain women develop as a response to various problems in their family backgrounds.

*The Best of Me* Penguin

What people say is often very different from what they think or feel. *Body language* by Allan Pease is just what you require to know those feelings which people often try to hide.

## THE COUPLE NEXT DOOR

Diversions Books

An Invitation From Gay Hendricks I am thrilled and delighted to offer to you the new edition of *Learning To Love Yourself*. Revisiting and rewriting the book has been a pleasure from beginning to end. With its new elements, the book comes alive in a whole new way. Looking back over more than three decades to the moment of its conception, I can now see how writing this book changed my life in every way. I first wrote it as an act of love, to share an experience that feels as if it's still transforming me in my very cells. It was my hope that telling about the experience could inspire the same profound life-changes in others. The many thousands of letters, emails and spoken appreciations I've received since then let me know that my hope came true. The experience described in the book revealed the living mystery of love to me, allowing me to feel its sweet power for the first time. Because I suddenly knew what real love felt like, I was able to break free of my pattern of painful relationships with women. Ultimately it helped me find my way to Kathryn, the love of my life and my wife for the past quarter-century. The new edition is ideal for giving to loved ones (including yourself!) who are on the journey to forgiving, accepting and loving themselves. It tells you how I came to an acceptance and unconditional love of even the most difficult-to-love parts of myself. My fondest wish is that you use it for exactly the same purpose, with exactly the same result.

*The Magic of Thinking Big* Bantam

In his second book on bar management, Thomas Morrell addresses two of the most common problems that face any bar manager. These are the problems of theft and waste. Inside this book you will find a lengthy discussion on controlling waste and preventing theft by your staff. Many tried and true strategies, based on the author's experience in the industry, are presented. Additionally, the first chapter of this book is dedicated to a discussion on bar cost control in general. This is an absolutely practical and useful guide for any bar owner or restaurant manager who needs to eliminate waste and combat theft or who wants to prevent it in the first place! *Women Who Love Too Much* Charisma Media Discusses four types of theatrical landscapes; the deadly theatre, the holy theatre, the rough theatre, and the immediate theatre.

## WHAT SMART COUPLES KNOW

Vintage

Explains how trust is a key catalyst for personal and organizational success in the twenty-first century, in a guide for businesspeople that demonstrates how to inspire trust while overcoming bureaucratic obstacles.

## MEASURE WHAT MATTERS

Vivir mejor

A compendium of straightforward techniques on how to accentuate the positive and redirect the negative, increasing productivity at work and at home. What do your people at work and your spouse and kids at home have in common with a five-ton killer whale? Probably a whole lot more than you think, according to top business consultant and mega-bestselling author Ken Blanchard and his coauthors from SeaWorld. In this moving and inspirational new book, Blanchard explains that both whales and people perform better when you accentuate the positive. He shows how using the techniques of animal trainers -- specifically those responsible for the killer whales of SeaWorld -- can supercharge your effectiveness at work and at home. When gruff business manager and family man Wes Kingsley visited SeaWorld, he marveled at the ability of the trainers to get these huge killer whales, among the most feared predators in the ocean, to perform

amazing acrobatic leaps and dives. Later, talking to the chief trainer, he learned their techniques of building trust, accentuating the positive, and redirecting negative behavior -- all of which make these extraordinary performances possible. Kingsley took a hard look at his own often accusatory management style and recognized how some of his shortcomings as a manager, spouse, and father actually diminish trust and damage relationships. He began to see the difference between "GOTcha" (catching people doing things wrong) and "Whale Done!" (catching people doing things right). In Whale Done!, Ken Blanchard shows how to make accentuating the positive and redirecting the negative the best tools to increase productivity, instead of creating situations that demoralize people. These techniques are remarkably easy to master and can be applied equally well at home, allowing readers to become better parents and more committed spouses in their happier and more successful personal lives.

**SECURITY ANALYSIS: SIXTH EDITION, FOREWORD BY WARREN BUFFETT**

Simon and Schuster

John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain's workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In A User's Guide to the Brain, Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we can learn about our brains is how to use them to their maximum potential.
