“A twisty, dark psychological thriller that will leave you guessing til the very end.”—Teen Vogue “[A] riveting read...”—NPR The line between best friend and something more is a line always crossed in the dark. Jess Wong is Angie Redmond’s best friend. And that’s the most important thing, even if Angie can’t see how Jess truly feels. Being the girl no one quite notices is OK with Jess anyway. If nobody notices her, she’s free to watch everyone else. But when Angie begins to fall for Margot Adams, a girl from the nearby boarding school, Jess can see it coming a mile away.

Suddenly her powers of observation are more a curse than a gift. As Angie drags Jess further into Margot’s circle, Jess discovers more than her friend’s growing crush. Secrets and cruelty lie just beneath the carefree surface of this world of wealth and privilege, and when they come out, Jess knows Angie won’t be able to handle the consequences. When the inevitable darkness finally descends, Angie will need her best friend. “It doesn’t even matter that she probably doesn’t understand how much she means to me. It’s purer this way. She can take whatever she wants from me, whenever she wants it, because I’m her best friend.” *A Line in the Dark* is a story of love, loyalty, and murder. ★ "Mesmerizing."—Kirkus, starred review.

Near Haven is like any other small, dying fishing village dotting the Maine coastline—a crusty remnant of an industry long gone, a place that is mired in sadness and longing for what was and can never be again. People move away, yet they always seem to come back. It's a vicious cycle of small-town America. Liza Hawke thought that she'd gotten out, escaped across the country on a basketball scholarship. A series of bad decisions, however, has her returning home after nearly a decade. She struggles to accept her place in the fabric of this small coastal town, making amends to the people she's wronged and trying to rebuild her life in the process. Her return marks the beginning of a shift within the town as the residents that she's hurt so badly start to heal once more.

Requiem for Immortals Harlequin

convenient substitute for Sarah when her distant parents aren't around, and Sarah's abrasive, goal-oriented personality gels well with Katie's more laid-back approach to life. But when a misunderstanding leads to the two of them being mistaken for a couple and Sarah uses the situation to her advantage, Katie finds herself on a roller coaster ride of ambiguous sexuality and confusing feelings. How far will Sarah go to keep up the charade, and why does kissing her make Katie feel more alive than kissing her ex-boyfriend Austin ever did? And how will their new circle of gay friends react when the truth comes out?

Lattes & Lace is a romance between two modern leading ladies who form an unexpected bond over coffee and lingerie. Sophia Black is the successful, focused leader of a cult-favorite lingerie business that is just starting to gain international traction and

propel her towards the career she always dreamed of. She believes she has everything: talent for working with silk and lace, a penchant for growing a successful business, a beautiful home (and wardrobe) and even a studious teenage son. Then one day, Arianna Little opens a coffee shop next to Sophia's flagship boutique, creating headaches for the stern and focused Sophia. The new cafe draws in customers with its creamy lattes, bohemian vibe, and cheerful personnel and proves to be a hit with everyone in the neighborhood... except for Sophia, who sees the cafe as noisy, distracting and certainly does not have any place in her carefully controlled existence. That is, until Sophia and Ari bond over unexpected circumstances and Ari begins to demonstrate to Sophia that life can be richer and more fulfilling, if only she is willing to fit that life into her schedule. Driven, creative and motivated, both women begin to fall for each other while bonding over - and struggling with - the delicate balances that need to be made between their own professional drives, family commitments and the irrevocable magnetism they are starting to feel towards each other.
