Handbook on Animal-Assisted Therapy Capall Bann Pub

The volume reveals an astonishing richness in the theatrical approaches to Ibsen across the world: it considers political theatre, institutional 'high art', theatre for development, queer and transgender theatre, Brechtian techniques, puppetry, post-dramatic theatre, rural village performance and avant-

garde touring companies. Investigating varied renegotiations of his drama, including the work of Thomas Ostermeier in Germany and other parts of the world, versions of *A Doll's House* from Chile and China, *The Wild Duck* in Iran and productions of *Peer Gynt* in Zimbabwe and Egypt, Frode Helland provides a deeper understanding of a cross-cultural Ibsen. The volume gives an in-depth analysis of the practice of Ibsen in relation to political, social, ideological and economic forces within and outside

of the performances themselves, and demonstrates the incredible diversity of his work in local situations.

English for Accounting
 Teach Yourself
 Death and taxes come later; what seems inevitable for children is the idea that, after spending the day at school, they must then complete more academic assignments at home. The predictable results: stress and conflict, frustration and exhaustion. Parents respond by reassuring themselves that at least

the benefits outweigh the costs. But what if they don't? In *The Homework Myth*, nationally known educator and parenting expert Alfie Kohn systematically examines the usual defenses of homework--that it promotes higher achievement, "reinforces" learning, and teaches study skills and responsibility. None of these assumptions, he shows, actually passes the test of research, logic, or experience. So why do we continue to administer this modern cod liver oil --

or even demand a larger dose? Kohn's incisive analysis reveals how a mistrust of children, a set of misconceptions about learning, and a misguided focus on competitiveness have all left our kids with less free time and our families with more conflict. Pointing to parents who have fought back -- and schools that have proved educational excellence is possible without homework -- Kohn shows how we can rethink what happens during and after school in order to rescue our families and

our children's love of learning.

COMPLETE NORWEGIAN

Routledge

We all hate text books that begin with "Hello, what's your name?," don't we? "The Mystery of Nils" is a coherent story, which starts very simply, but develops into a fascinating novel. Can't stop reading? Well then you will have to learn Norwegian! We have carefully selected the most frequently used words in the Norwegian

language and made sure that the story is primarily made up of them. Separate texts and exercises focus on conversational topics that will prepare you for living in Norway. Grammar is a headache? Not with "The Mystery of Nils." Uncover the structure of the Norwegian language with pictures, casual yet comprehensive explanations, and a lot of easy to remember examples. Repetition is the key to learning a language. At www.skapago.eu/nils you

will find a great number of exercises, a vocabulary trainer, videos about pronunciation, and a whole lot more. Our Norwegian teachers have co-created this book. They know all the obstacles you might incur and can help you with individual training. Since we teach through online video conferences, you can take lessons wherever you are on this planet. Schedule a free demo lesson at www.skapago.eu. This is the story: Erna Langvik gives her eight year old granddaughter a special

birthday present: a doll inspired by the traditional Norwegian mythical creature "Nisse." Nils as the doll is called leads a happy life with his new family in Oslo. But due to an accident, Nils finds out that he means a lot more to Erna than just being a birthday present. Without knowing it, he has been carrying a painful secret, and during an adventurous trip to Northern Norway, he helps Erna to make one of the most important decisions of her life." **Dragons of the West**

Nordic Council of Ministers Colloquial Norwegian provides a step-by-step course in Norwegian as it is written and spoken today. Combining a user-friendly approach with a thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Norwegian in a broad range of situations. No prior knowledge of the language is required. Features include: progressive coverage of speaking, listening,

reading and writing skills structured, jargon-free explanations of grammar an extensive range of focused and stimulating exercises realistic and entertaining dialogues covering a broad variety of scenarios useful vocabulary lists throughout the text additional resources available at the back of the book, including a full answer key, a grammar summary and bilingual glossaries Balanced, comprehensive and rewarding, Colloquial Norwegian will be an

indispensable resource both for independent learners and students taking courses in Norwegian. Colloquials are now supported by FREE AUDIO available online. All audio tracks referenced within the text are free to stream or download from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio complements the book and will help enhance learners' listening and speaking skills. [Business English Handbook - Advanced](#)

Teach Yourself Norwegian: An Essential Grammar is a reference guide to the most important aspects of contemporary Norwegian as used by native speakers. The Grammar presents a fresh and accessible description of the language. Explanations are clear, free from jargon and often accompanied by exercises. The book gives a simple, step-by-step presentation of the grammatical systems of Norwegian and demonstrates and

explains usages which have proved difficult for those learning the language in the past. It is clearly laid-out for easy reference making it accessible for those at a beginner/intermediate level. This is the ideal reference source for all learners, whether studying independently or in a class.

 I cannot think of a better introductory volume...compact, sensible...well written study 3RD Stone

fascinating...plentifully illustrated...an excellent resource for latter-day dragon hunters Prediction For thousands of years fabulous serpents and dragons have been the stuff of myth and traveller s tales. The dragon has held the attention of people for centuries, and continues to do so. The dragon is more than a beast of tall stories, myth and folk-tale, for it is a symbol of the awesome power of nature which appears in many variant forms, but which we can understand only in

symbolic or allegorical form. Thus, it appears in religious symbolism, alchemy, medicine and geomancy as well as in the more lyrical tales of bards and storytellers. Ultimately the dragon is a product of the human mind, for there are dragons of various kinds lurking deep within us all. This book explores Western dragon and dragonslayer traditions, not just legends, but living festivals and rituals surviving today.

 Butterworth-Heinemann

This introduction to Norwegian helps students acquire the basic units of vocabulary and structure and use that knowledge to learn about Norway and Norwegian culture. Once students acquire the basic units of vocabulary and structure, they will use their knowledge of the language to learn about Norway. Students will learn about the cities of Oslo and Bergen, how to converse when eating in a Norwegian home or restaurant, and about Norwegian schools. Emphasis is also given to

travel and communications, as well as the seasons of the year and Norwegian holidays. The present edition of the text features a short grammar summary, a reference for review to assist in drawing together aspects of the grammar that are presented throughout the text. To aid in developing good pronunciation and intonation habits, as well as to internalize certain items of vocabulary and structure, most chapters contain a practice dialogue for students to

practice repeatedly while studying the chapter.

The Dakota War (1862-1864) stands among the most overlooked conflicts in American History. Contemporary with the American Civil War, the Dakota War featured significant fighting, tactical brilliance, and strategic savvy set in the open plains of Minnesota and North Dakota. Karl Jakob Starstein's The War

with the Sioux tells the story of the Norwegian immigrants, American soldiers, and Lakota and Dakota Indians as they fought to protect their families, communities, and way of life. Translated from Norwegian and supplemented with new introductions by Melissa Gjellstad, Richard Rothaus, and Dakota Goodhouse, this work draws upon the diaries, letters, and newspapers of Norwegian immigrants for a new perspective on the Northern Plains during these tumultuous years.

Skarstein's work makes an important contribution to the growing body of scholarship on this conflict and offers an accessible and surprisingly intimate view of the conflict through the eyes of Norwegian settlers in the region.

THE WAR WITH THE SIOUX

Univ of Wisconsin Press
Using authentic conversations between native speakers as a basis, this course will help you to improve and build upon the language you

already have so that you develop your skills to a level where you can enjoy talking and understand what is said. You will be introduced to more colloquial Norwegian so you will sound more natural when speaking and gain confidence. If you already know some French and want to take it further, this is the course for you. It is a great refresher course, as well as being an easy way to build upon and improve your existing Norwegian. Taking you from a good intermediate level (B2 of

the Common European Framework), this book and audio course helps you to progress up to C1 by offering: Workbook plus MP3 CD-ROM of audio files Carefully leveled and sequenced material - a solid path to build up your knowledge. Quality listening and reading input - day-to-day conversations but also speeches, interviews and newspaper articles. Fluency building - reach a level where you can discuss sophisticated ideas in Norwegian Full of authentic texts and

dialogues about complex subjects, this course covers a wide range of topics of the sort you will want to talk about when in France and teaches you the kind of everyday language and features of speech that will enable you to communicate with confidence and feel comfortable taking part in conversation with native speakers of Norwegian. The choice of material aims to give you something of the flavour of Norway today and each unit is based around a single theme with lively

interviews and conversations on the accompanying recording. There are activities based on the interviews and texts to help you remember what you've learnt and put your knowledge into practice. The units are divided into sessions - to help you organize your learning time and break up the material into manageable chunks - and there are reminders throughout to refresh your memory of points you have learnt. Evaluations Dragons of the West

Physiotherapy is arriving at a critical point in its history. Since World War I, physiotherapy has been one of the largest allied health professions and the established provider of orthodox physical rehabilitation. But ageing populations of increasingly chronically ill people, a growing scepticism towards biomedicine and the changing economy of healthcare threaten physiotherapy's long-held status. Paradoxically, physiotherapy's affinity for treating the 'body-as-

machine' has resulted in an almost complete inability to identify the roots of the profession's present problems, or define possible ways forward. Physiotherapists need to engage in critically informed theoretical discussion about the profession's past, present and future - to explore their practice from economic, philosophical, political and sociological perspectives. The End of Physiotherapy aims to explain how physiotherapy has arrived at this critical point in its

history, and to point to a new future for the profession. The book draws on critical analyses of the historical and social conditions that have made present-day physiotherapy possible. Nicholls examines some of the key discourses that have had a positive impact on the profession in the past, but now threaten to derail it. This book makes it possible for physiotherapists to think otherwise about their profession and their day-to-day practice. It will be essential reading for

scholars and students of physiotherapy, interprofessional and community rehabilitation, as well as appealing to those working in medical sociology, the medical humanities, medical history and health care policy.

SYNNØVE SOLBAKKEN

Routledge
 Troubled by an inability to find any meaning in his life, the 25-year-old narrator of this deceptively simple novel quits university and eventually arrives at his

brother's New York apartment. In a bid to discover what life is all about, he writes lists. He becomes obsessed by time and whether it actually matters. He faxes his meteorologist friend. He endlessly bounces a ball against the wall. He befriends a small boy who lives next door. He yearns to get to the bottom of life and how best to live it. Funny, friendly, enigmatic and frequently poignant - superbly naive.

MATH AND MUSIC

MACMILLAN
North in the World
presents 121 poems by
Rolf Jacobsen

(1907-1994), one of Norway's greatest modern poets. Garnering the highest praise of critics, Jacobsen won many of Norway's and Sweden's most prestigious literary awards, including the Swedish Academy's Dobloug Prize and the Grand Nordic Prize, also known as the "Little Nobel." But he also has earned a wide popular audience, because ordinary readers can understand and enjoy the way he explores the complex counterpoint of nature and technology,

progress and self-destruction, daily life and cosmic wonder. Drawing from all twelve of his books, and including one poem collected posthumously, North in the World offers award-winning English translations of Jacobsen's poems, accompanied by the original Norwegian texts. The translator, the American poet Roger Greenwald, worked with Jacobsen himself to correct errors that had crept into the Norwegian texts over the years. An in-depth introduction by

Greenwald highlights the main features of Jacobsen's poetry, and extensive endnotes, as well as indexes to titles and first lines in both languages, enhance the usefulness of the book for general readers and scholars alike. The result is the definitive bilingual edition of Jacobsen's marvelous poetry.

THE LOST MASTERPIECE FROM ASTRID

LINDGREN'S CHILDREN'S CLASSIC Pippi Moves In marks the first time that the legendary Pippi Longstocking comics by the famed children's author and creator Astrid Lindgren and Danish illustrator Ingrid Vang Nyman will be published outside of Scandinavia in thirty years, as well as

their first ever publication in English. The outspoken strong-girl with the carrot-colored pigtails and the mismatched socks has enthralled generations of children the world over with her fabulous exploits at Villa Villekulla, where she lives with her horse and monkey. Countless translations of the chapter books are available in more than sixty languages. Pippi is Sweden's best-known children's export, making it all the more remarkable that D+Q has discovered what will be a three-

volume series. The comics are re-imaginings of the classic chapter book stories and were originally published in the Swedish magazine Humpty Dumpty in 1957-1959, a decade after the original books. The comics spotlight both Lindgren's brilliant writing and Vang Nyman's bold bright colors that seem presciently and eerily modern. The original illustrator for the chapter books, Vang Nyman was an avant-garde champion of the importance of children's literature who

insisted that art in children's books needed to meet the same esthetic standards as art in any other medium. Sadly Vang Nyman never achieved international success, and tragically committed suicide in 1959 due to mental health issues, while Lindgren went on to become one of the world's best-loved writers with more than 145 million books sold worldwide. Similar to D+Q's 2005 unearthing of the Tove Jansson's Moomin comic strip, which has more than 100,000 units in

print, these mid-century classics are waiting to be discovered and enjoyed by the world's legions of Pippi fans, both young and old.
