The origin of the Nadi astrology (palm leaf reading) can be traced back to approximately thousands years ago. It is said about nadi astrology that the Indian Rishis or sages had written the life patterns of each persons life on palm leaves by their Yogic Intuitive powers. These unique leaves were initially kept in the temple library. Later who were very much interested in knowledge related to nadi astrology they got the leaves from the library. This is a traditional service and is being practiced by generations downwards. The primary center for Nadi-Shastra ( Nadi jothidam or Naadi josiyam) is in Vaitheeswarankoil, near Chidambaram in Tamil Nadu, a state in South India. Here Lord Shiva is said to have assumed the role of a 'Vaidhya' or 'Doctor', who all aviated the miseries of his devotees. It seems that these nadi palm leaves were originally written on animal skins and

some leaves, and later nadi Astrology texts were copied on palm leaves. nadi Astrology sources was also preserved by applying oil extracted from peacock's blood.

The great Acharya Shri Krishna composed this Grantha in 11th century A.D. Thereafter the book gained unequalled admiration and was quoted in later compositions like Prashnamarg, Vidhyāmādhaviyam and Rudra's commentary on Vrihad Jataka. The Malayalam literary composition like ūnniyaccaritam carries citation from this great grantha. The earliest mention can be cited from Shri Govinda Bhattatiri of ṭalakkulam (a.d 1237-95) who quoted it frequently. Shri Vishnu the son of Mādhavaacharya has written the Sanskrit commentary caturasundari, which is included in this work. Sriyut Puliur Puruśottam ṇambudiri wrote the Malayalam commentary. This Grantha is the magnum opus of Horary astrology because of its historical value. This grantha is unique and different from most of the Jyotisha granthas. The grantha is neither too short nor too descriptive. The author mentions that he has done it intentionally so readers should not lose the interest or it should not become too complex. Level: This book is a part of advance Vedic Jyotisha related to ancient prashna system of Kerala.

Nadi astrology ancient form of astrology practised in southern India, Nadi Astrology is based on the belief that the past, present and the future lives of all humans were foreseen and recorded on palm leaves by Hindu sages in ancient time. A very ancient form of astrology, whose origins began in Southern India, Nadi Astrology is based on an old-age belief that the one can decipher the past, present and future of all humans through the text written on palm leaves. It is a popularly believed that the great Hindu sages of the yore foresaw the past, present and future of all humans and hence, recorded these on tree barks and palm leaves. Nadi Astrology is practiced in the Tamil Nadu region as well as Kerala and other adjacent areas in South India. Simply put, it is an ancient method of recording data. Over the ages, people have come to believe that a thousand years ago, great Indian sages were granted a boon - to look into every human being's past, present and future lives. They had the power to look into the lives of people were not only dead, living but also those who were yet to be born! These sages then recorded these visions, i.e. data onto palm leaves in Tamil script. Today, these can be deciphered or read by Nadi astrologers or experts who have studied this branch of astrology. The term 'Nadi' in Tamil means 'in search of'. Therefore, the existence of Nadi astrology indicates that every human being is in search of his past and future. According to legends, these scriptures on palm leaves are scattered across different parts of

India and some of them were first found in Tamil Nadu. It is widely believed that these palm scriptures, holding secrets to past and present were classified a thousand years ago during the Chola reign in South India. The Nadis are named after the rishis and sages who originally recorded these findings. They are Suka Nadi, Kaushika Nadi, Brahma Nadi and Agasthiya Nadi. These Nadis are not easy to read as they are written in ancient Tamil and are in poetry form, i.e. in sonnets and couplets. Only expert linguists who have studied this form of astrology over many years can read them.

Wing Commander (Retd.) Shashikant Oak of Pune has a great contribution in bringing the Naadi palm leaf based astrological system into limelight. For about past 18 years, he has been conducting an original research on the aforesaid system. His research includes various scientific angles, and has given the whole subject a new dimension. To conduct the original research, he has

visited almost all the Naadi centers in India during the course of last 18 years, apart from individually meeting a thousands of persons to take on account the firsthand experiences. He has also presented a detailed paper called 'Comparative Study: Nostradamus and Naadi Granthas.' This revised and enlarged edition includes fresh astonishing experiences such as:- readings from blank paper, appearance of vibhooti upon the palm leaf, shocking episodes of Group Caption Rakesh Nanda throwing light on the ancient Maharishi's wisdom available in India. First time more than 220 addresses from all over Indian states have been presented in alphabetical order. Excerpts from the interview of Padamshree Dr. Vijay Bhaskar: "As I am a scientist; while thinking about the Naadi palm leaves, my entire focal point was the computational aspect of it. How do the Maharishis know in advance the names and other information about the native? After an in-depth study, I conclude: if the supercomputers of ten years from today compute this information, it will take 10,00,00,00,00,00,00,00,000 calculations to collect information of one native. Simply putting, it is mathematically impossible. In the terms of computer science, this is referred to as the NP complete problem." Here is sample how the name of a person appears in the leaf:

The notion that astrologers can unfold lives and reveal what waits at the next bend is a thought that comes to all and populist claims have inspired the author to come up with a series of books that will discuss the various aspects in astrology, putting together the research and findings by various groups and the

experience gained during his journey. The purpose of the encyclopedia is an attempt to put a clear understanding of the process of astrology, taking into account the first basic principles and dealing with different topics. The encyclopedia which would consist of over eighteen books, is intended to be brought out over a period of two years. These would cover the basics in astrology and then go on to the predictive techniques, the nadi astrology, tajik, yogas, nakshatras, rectification of birth time, vargas, dashas, mundane prashna, muhurta, remedy and other aspects of interest. The advantage of this would be that both students and those who want to pursue research can progress the understanding of this science in a systematic manner. Also the complete set will be of great value to those in India and abroad who want to understand various levels and will give them the flexibility of dwelling into the complexities in a coherent manner. With the growing interest to learn this science in various countries, the readers there will find this series of books very useful. This is the first book in the series and is the most important. The foundation is based on the principles of basic astrology propounded by various schools of thought. The book covers signs, their impact, the planetary impact in each sign, the role of depositors, details on each planet and their relationship when in aspect and in the divisional charts as also the complexities they can pose. This book attempts at conveying that the basic importance has to be given to the planets, their placement and various relationship as a result of the same. The yogas, dasha, nakshatras etc. will be dealt in the other books that follow, but all have to be applied keeping in mind the first basic

principles that are being enumerated in this book.

### **KARAKAS**

Saket Shah

In Vedic astrology, the associations the planets form or variations of how they are placed in a horoscope are referred to as yogas. Yoga literally means union or that which adds, joins or yokes. Astrologically, Yoga refers to planetary combinations or configurations and their special results, which affect the life of an individual. In traditional Indian ephemeris, known as Panchang, Yoga is also a particular division of time, arrived at by adding longitudes of the Sun and the Moon at birth. These are 27 in number, starting from Viskumbha to Vaidhriti, each governed by a different constellation or lunar-mansion, which are also 27 in number. In spiritual field, the word "Yoga" means training, taming and stimulating the body and mind with universal soul. In Ayurveda, the yoga of two or more medicines gives specific results. Yogas are one of the unique features of Vedic astrology. There are hundreds of yogas mentioned in various classical texts. Most of the yogas are formed of more than one planet, but all combinations do not mean a yoga formation. The idea behind these yogas is to equate the planets' strength in a chart, and how & when they will produce their effects in a native's life.

Prashna or Horary that has been dealt in this book is the most important branch of Astrology. In Prashna which primarily deals with the query of a native, the whole method is simple and not dependent on time accuracy nor on the assumptions. The rules of Prashna are simple. The only thing that has to be

understood is there applicability with a sound judgment methodology. The book deals with Prashna or queries like marriage, divorce, love, theft, conflicts, litigations disease, career, foreign travel & other issues that are common issues / queries. Endeavor has been to be more aligned to issues that are relevant today. The book contains chapters, examples and explanations that are logical & scientific. Readers will find this book simple and easy to understand and open avenue to do more research in the horary branch of astrology.

Dear Reader, Nadi Astrology is one of the best methods for quick prediction. You can use these techniques to predict simple things easily. Here I am describing predictive techniques of 2nd (dhan bhav), 3rd (sahaj bhav) and 4th (matra bhava). Total 413 techniques is shared here. This is just a combination in rare text of astrology which is lost somewhere in India but I am presenting here and it can be really helpful in predicting. I hope you will enjoy the reading and benefit most of it from here. Nādi Astrology (nāḍi jyotiṣa) is a form of Dharma astrology practised in South india, and adjacent regions in India. Naadi talks about a person's past, present and future and is mostly concerned with material things like getting a job, construction of house, marriage, curing a disease, etc. It is one of the 2000 years old or might be more older than we can imagine. As we cannot say how old it is because I believe from the time humans existed on this planet Nadi astrology existed.
