Interchange Level 2 Student's Book B with Self-study DVD-ROM

Cambridge University Press
Cambridge English Empower is a general adult course that combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. The Elementary Teacher's Book offers detailed teaching notes for every lesson of the Student's Book. It also includes extra photocopiable activities, keys to exercises and extra teaching notes.

Cutting Edge Cambridge University Press
New Interchange is a complete revision of Interchange, one of the world's most popular and successful English courses. New Interchange is a multi-level course for adults and young adult learners of English from beginning to high-intermediate level.

Level One builds on the foundations for accurate and fluent communication established in the Intro Level, extending grammatical, lexical, and functional skills. New Interchange teaches students to use English for everyday situations and purposes related to school, work, social life, and leisure. The underlying philosophy is that language learning is more rewarding, meaningful, and effective when used for authentic communication.

ADVANCED GRAMMAR & VOCABULARY

Thakur Publication Private Limited
English grammar has changed a great deal since the beginning of the Twentieth Century, and it is a subject that can provide a complex minefield of uncertainties within the language. This accessible and comprehensive dictionary comes to the aid of both the general reader and the student or teacher, offering straightforward and immediate A-Z access

to 1,000 grammatical terms and their meanings. All the currently accepted terms of grammar are included, as well as older, traditional names, controversial new coinages, and items from the study of other languages. Concise definitions of the wider subject of linguistics, including phonetics and transformational grammar, are accompanied by examples of language in use, and frequent quotations from existing works on grammar.

Functional English for Communication

Vikas Publishing House
A collection of twelve lessons that teach English language grammar, vocabulary, functional language, listening and pronunciation, reading and writing and speaking.

My English Garden Workbook - 1

Cambridge University Press
My English Garden is an innovative course in English language learning, which combines principles of communicative language learning with a functional

approach to grammar through task-based learning.

EVERYBODY UP: TWO: STUDENT'S BOOK

Cambridge University Press

This book makes JavaScript less challenging to learn for newcomers, by offering a modern view that is as consistent as possible. Highlights: Get started quickly, by initially focusing on modern features. Test-driven exercises and quizzes available for most chapters (sold separately). Covers all essential features of JavaScript, up to and including ES2019. Optional advanced sections let you dig deeper. No prior knowledge of JavaScript is required, but you should know how to program.

The Blue Book of Grammar and Punctuation No Starch Press

This book will be of interest to a broad readership, regardless of whether they have a background in sociolinguistics, functional linguistics or genre theories. It presents an accessible "meta-language" (i.e. a language for talking about language) that is workable and usable for teachers and researchers from both language and content backgrounds, thus facilitating collaboration across content and language subject panels. Chapters 1 to 3 lay the theoretical foundation of this common meta-language by critically reviewing, systematically presenting and integrating key theoretical resources for teachers and researchers in this field. In turn, Chapters 4 to 7 focus on issues in pedagogy and assessment, and on school-based approaches to LAC and CLIL, drawing on both research studies and the experiences of front-line teachers and school administrators. Chapter 8 provides a critical and reflexive angle on the field by asking difficult questions regarding how LAC and CLIL are often situated in contexts characterized by inequality of access to the linguistic and cultural capitals, where the local languages of the students are usually neglected or viewed unfavourably in relation to the L2 in mainstream society, and where teachers are usually positioned as recipients of knowledge rather than makers of knowledge. In closing, Chapter 9 reviews the state of the art in the field and proposes directions for future inquiry.

The Grammar of the English Tense System Cambridge University Press

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book

aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

A Practical Course in Interactive English Grammar 9-10 OXFORD University Press

Super Minds American English is a seven-level course for young learners. Written by a highly experienced author team, Super Minds enhances your students' thinking skills, improving their memory along with their language skills. This Level 5 Student's Book includes activities to develop language creatively, functional language practice through communicative exercises, and stories and cross-curriculum sections that explore social values. The fabulous DVD-ROM features documentaries, interactive games, lively songs with karaoke versions, and fun videokes that allow students to record themselves and play different roles. Class

Audio CDs, including audio from the Student's Book and Workbook, are sold separately.
