ONE SUMMER IN ARCADIA

The Endless Night
In the mid 1970s, a band of men with little expertise in the oilfield defied the hard ground of Giddings, Texas, to search for oil in a barren, poverty-stricken land that was littered with dry holes, shattered hopes, and empty pockets. Max Williams, the former hot-shot basketball player at SMU, and Irv Deal had been in high-dollar real

estate until the real estate market collapsed. Both were facing the wrath of hard times. Pat Holloway was a lawyer who operated drilling funds but had never tested the ill-fated Austin Chalk. He drilled the most and earned the most but lost it all in the shady confines of a Dallas courtroom. Jimmy Luecke was a highway patrolman who stopped Holloway for speeding one night and promised not to take him to jail if the lawyer/oilman would agree to drill on his family's land. Bill Shuford was right out of college and more interested in finding the next beer joint than his next job. Jim Dobos was a constable who used his badge to lease land, struck it rich, and was found with a gunshot in his head. Was it murder or suicide? Clayton Williams was the only big-time oilman in the bunch, but in the beginning, he made the mistake of employing the wrong geologist. Only those who used the geologic genius of Ray Holifield found oil. Holifield had cracked the code of the chalk. Gamble in the Devil's Chalk is the true story of their fights, their feuds, their trials, their tribulations, and their triumphs as they discovered the second largest oilfield in

the United States during the past half century. Once they came, Giddings would never be the same again.

"By the law of averages, I should not be around for the writing of this book, nor the subsequent ones, but it has to be said that in this life, against all the odds, there are the survivors, which is obviously the category into which I fall." On Looking Back is the first in a series of books that reveal the compelling life story of Elizabeth Dumpleton. Each chapter takes the reader on a journey, beginning with Elizabeth's younger years, where she fondly recounts her friendships and adventures, living with her five older brothers and their single mother in the East-End. She then experiences the early

death of her mother and is forced to endure a life fraught with unhappiness and danger, as she is ripped from her brothers with a sudden evacuation to the country during the war. Elizabeth lays bare her emotions, recalling each memory honestly and unashamedly. One moment the reader could be chuckling along with an amusing anecdote, before sinking into sadness as she battles the twists and turns of a war-torn life. Full of compassion, On Looking Back is an emotional read from start to finish. Fans of biographies and memoirs will find this book difficult to put down once they pick it up.

"Reader, I married him, a Libyan career diplomat. For over three decades we lived in Libya, and his various postings worldwide..." Libya. A love lived, a life betrayed follows the trajectory of Susan M. Sandover, who was lucky enough to have chosen an enlightened, forward-thinking Libyan career diplomat, Bashir, to spend her life with. They supported each other through the traumas, difficulties, and frankly terrifying experiences associated with the Gaddafi regime of US and NATO

bombings, coups, a revolution and a blasphemy case but also enjoyed years of good times together. The resulting stories are partially his, partially hers and partially theirs. Sadly, before he found the time or a safe place to write down his experiences in the Libyan diplomatic corps and to denounce the Gaddafi regime, Bashir died. In spite of his family's efforts to destroy their relationship and appropriate his land during his illness, he made sure Susan had a safe place to live. It was only when Susan was alone that she experienced the full force of Sharia inheritance law and its tenets as applied to widows: she was entitled to one quarter of his property, the balance going to his siblings, hence the subtitle of the book 9/36. Susan's life was never dull with Bashir: at times, spine chilling, but always filled with love and happiness. Through all of these stories and many more, Susan displays her vast insider knowledge on Libya's political, social and cultural history together with details on the final year of the Gaddafi regime. The remaining chapters comment on post-revolutionary Libya and the missed opportunities for reconciliation.

 This is the third in his series of novels set in Late Roman Britain. The Roman North Cotswolds, Summer AD 370 In the dying years of Roman Britain's golden age, a great villa stands in a sheltered coomb near a vineyard on the western edge of the hills. Canio now owns this villa estate, bought with illicitly acquired gold. And with the villa came his mistress, the beautiful and enigmatic Trifosa. Antoninus has just inherited magnificent Villa Censorini, where he and Trifosa once lived when they were children (and then lovers?). Now returned after seven traumatic years in the army, he is about to host a splendid homecoming party. Canio and Trifosa are both invited. And then, riding slowly up the coomb out of the golden light of the setting sun, comes the

government agent Macrinus Lunariss – and walking unseen beside him is the daemon Thanatos, whom the Greeks knew as the bringer of death...

An invitation too irresistible to refuse from the Museum of Cadiz leads archaeologist Annja Creed to the sun-drenched southern coast of Andalucia, Spain. In a region rich in Moorish and Roman ruins, she leaps at the chance to join a dig across the Bay of Cadiz, where she unearths a bronze bull

statue that makes the entire trip worth every minute. Until the day after her discovery, when she sees the same artifact beside the body of a dead Spaniard, killed by the estocada, the final sword thrust used by bullfighters to bring down the bull. Whoever killed the man left clear signs of having taken something. And yet the bronze bull remained. What was so valuable the murderer chose it over a priceless artifact? How had her find come into this dead man's hands? With few leads and a growing body count, Annja's investigation takes her through a colorful world of flamenco and bullfighting

to a renowned matador and an illegal—and deadly—collection of Visigoth votive crowns.
