The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions."

Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call

punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in The Anarchist's Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

Exercitatio Anatomica de Motu Cordis Et Sanguinis in Animalibus SPCK

A collection of photos features misspelled and ungrammatical signs from across the United States and the world, along with captions that further clarify or amplify their humorous aspects, including "We are doing toilets cleaning, so sorry for the incontinence" (at KFC), "No parking aloud" (street sign), and many more. Original.

1996 Minnesota Book Award winner — A Native American book The heart of the Native American experience: In this 1996 Minnesota Book Award winner, Kent Nerburn draws the reader deep into the world of an Indian elder known only as Dan. It's a world of Indian towns, white roadside cafes, and abandoned roads that swirl with the memories of the Ghost Dance and Sitting Bull. Readers meet vivid characters like Jumbo, a 400-pound mechanic, and Annie, an 80-year-old Lakota woman living in a log cabin. Threading through the book is the story of two men struggling to find a common voice. Neither Wolf nor Dog takes readers to the heart of the Native American experience. As the story unfolds, Dan speaks eloquently on the difference between land and property, the power of silence, and the selling of sacred ceremonies. This edition features a new introduction by the author, Kent Nerburn. "This is a sobering, humbling, cleansing, loving book, one that every American should read." — Yoga Journal If you enjoyed Empire of the Summer Moon, Heart Berries, or You Don't Have to Say You Love Me, you'll love owning and reading Neither Wolf nor Dog by Kent Nerburn.

New World Library

Having "the talk" can sometimes be an awkward experience for both parent and child. Even so, I didn't want to wait until my children's hormones kicked in, and I didn't want to be caught off guard when they had questions, but most of all, I didn't want them growing up with misconceptions concerning sex. I wanted my children to be informed about the facts of life, yet without being too sexually explicit in the process, because some of the facts weren't good such as pornography, diseases, and predators, but these subjects needed to be addressed as well. As a result, I told them what I have written in Your Special Gift, by using the analogy of a gift, a lock, and a key to define commonly used sexual terms, and to caution them about possible consequences, and to warn them of potential predators. I also used Scripture as the basis of defining true love. The simplicity of the gift analogy opens the door of communication between parent and child in an

effective straightforward, and yet sensitive way, so that any question concerning sex can be answered by using this method. Your Special Gift is well-suited for children in the 8-to-12 year-old range.

Tell em to hold on, a real bitch is coming.' Kahyla James was an ordinary girl with dreams of one day making it big. And she was well on her way, especially with a street gangsta like Anthony 'Boston' Dixon training her to be a self made bitch. But when she was betrayed by the people that she loved the most it forced her to take actions into her own hands and show the city just how ruthless she could be. Ride with Kahyla as she navigates the streets showing the gangsta's that the penalty for betrayal is still death.

In today's world, many of us spend a great deal of our time working, stressing, and being overwhelmed with the challenges of our environment-all in the spirit of obtaining our goals and aspirations. While on this journey we call life, we encounter hardship, disappointments, and an array of setbacks that have the potential to make us lose sight of the bigger picture. For many of us, the mere concept of living life becomes a constant struggle; as we hold on for dear life to see yet another day. This book is written to change how you approach your goals, relationships, work, and most importantly, life. The contents of this book are practical and applicable to a wide range of people-including you. I encourage you to open your heart and your mind and enjoy! [The Whole Works of the Right Rev. Jeremy Taylor](#) Princeton University Press

All the writings of Plato generally considered to be authentic are here presented in the only complete one-volume Plato available in English. The editors set out to choose the contents of this collected edition from the work of the best British and American translators of the last 100 years, ranging from Jowett (1871) to scholars of the present day. The volume contains prefatory notes to each dialogue, by Edith Hamilton; an introductory essay on Plato's philosophy and writings, by Huntington Cairns; and a comprehensive index which seeks, by means of cross references, to assist the reader with the philosophical vocabulary of the different translators.

Eternal life. Eternal battle. Steve—Diomedes Tydides to his Trojan War buddies—just had a bad day on his charter fishing boat in

San Diego, but when the goddess Athena calls on her faithful warrior for another secret mission, he's ready. The bomb that exploded inside the Metropolitan Museum of Art isn't the crime American authorities think it is. Someone also stole the Cup of Jamshid, and Diomedes knows its fortune-telling abilities won't be used for anything benign. Though Diomedes recovers the Cup from a determined shaman holed up beneath Central Park, when he finds his allies slain and the Cup taken once more, he knows he's up against a truly powerful enemy. Over a millennium has passed since Diomedes last contended with Medea of Colchis, deranged wife of Jason the Argonaut, but neither her madness nor her devotion to Hecate, goddess of witchcraft, has waned, and she intends to use the Cup of Jamshid to release across the world a dark brand of chaos unseen in human history. Immortal since the Trojan War, Diomedes must once again fight for mortals he understands less and less, against a divine evil he may never truly defeat.

ON FORGOTTEN ROADS WITH AN INDIAN ELDER

Grand Central Publishing

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER • From one of our most iconic and influential writers, the award-winning author of *The Year of Magical Thinking*: a timeless collection of mostly early pieces that reveal what would become Joan Didion's subjects, including the press, politics, California robber barons, women, and her own self-doubt. With a forward by Hilton Als, these twelve pieces from 1968 to 2000, never before gathered together, offer an illuminating glimpse into the mind and process of a legendary figure. They showcase Joan Didion's incisive reporting, her empathetic gaze, and her role as "an articulate witness to the most stubborn and intractable truths of our time" (*The New York Times Book Review*). Here, Didion touches on topics ranging from newspapers ("the problem is not so much whether one trusts the news as to whether one finds it"), to the fantasy of San Simeon, to not getting into Stanford. In "Why I Write," Didion ponders the act of writing: "I write entirely to find out what I'm thinking, what I'm looking at, what I see and what it means." From her admiration for Hemingway's sentences to her acknowledgment that Martha Stewart's story is one "that has historically encouraged women in this country, even as it has threatened men," these essays are acutely and brilliantly observed. Each piece is classic Didion: incisive, bemused, and stunningly prescient.

You're Not That Great John Hanna Pty Limited

This work is an historical discussion and new translation of one of the key works of medicine of the English renaissance. The only two available translations are between one and three and a half centuries old. Because so many errors have crept into translations of Harvey's seminal work a new edition has been called for and a new translation as well. McMullen's work on this topic has been called "Groundbreaking and excellent" by the *Journal of the Royal Society of Medicine*. Discussion of Italian philosophical, ethical and medical objections to the circulation theory (Padua). Contents include a discussion of English translations, the Latin texts, the controversies, analysis of Harvey's research, a short biography of Harvey, the new translation, a critical Latin text based on the second edition (1643) in the format of the 1628 original, an appendix and critique of the Leake and Franklin translations, Endnotes for the English translation, Bibliography, and indexes of the English translation and of the critical armature.

Lulu Press, Inc

ave you ever wished you could be someone or something else so you could get out of doing things you don't want to do? That's exactly what the boy in this story does. The boy thinks of all the things rhinos don't like, such as haircuts, eating dinner, and going to school. He also imagines that rhinos don't like their teachers and would rather go outside and play than sit in class. The boy starts pretending to be a rhino, which makes his mother upset. Eventually, he realizes that all the things he's trying to avoid aren't so bad—and that they may even be good for him. Every child will find it easy to relate to the boy and rhino in this story. Most of them have the same problems, but deep down inside, they know that even things they don't like are often worth doing.

In the straits of necessity, sometimes there isn't room for freedom. *The Price of Silver* is the second book in Josie Jaffrey's *Solis Invicti* paranormal romance series, set in a dystopian, post-apocalyptic London where a deadly infection threatens to wipe out humanity. The only people who can stem its advance are the Silver, a vampiric race who offer a simple exchange: protection in return for blood and subservience. Emmy is fenced in by the city, the walls marking the edge of safety closing in around her and sealing her in with one vampire who loves her and another who wants her dead. As she struggles to keep herself and the people she cares about alive, her fellow humans chafe against their enforced submission, and it becomes clear that there are bigger schemes and greater deceptions in play than she had ever imagined. All the while, the monsters wait outside the barricades for their moment. Of one thing she is certain: without the help of the Silver, the humans won't be safe for long.

GOSPEL STORIES AND REFLECTIONS

Garland Science

I am addicted to positivity. I am addicted to positivity. I am addicted to positivity. I care more about feeling great than being great. I am NOT THAT GREAT. The self-help industry tells you that if you're positive, if you put your best foot forward and if you just believe in yourself that you will find happiness. Let's be real, you can read all the inspirational quotes you want. You can spend your days giving yourself affirmations in your heart-shaped mirror and trying to learn to love yourself. You can say your mantra over and over again while sitting cross-legged on a yoga mat in a Whole Foods parking lot. But the truth is, you're not a badass and you still don't have the life you want. That's where You're Not That Great (but neither is anyone else) comes in. This book teaches you how to harness all the negativity in the world and use it to improve your life, taking everyday feelings like self-loathing, regret and shame and making them work for you. Positive thinking is for assholes. Negative thinking is for winners.
