A New York Times Editors Choice Selection A global sensation, Kim Jiyoung, Born 1982 “has become...a touchstone for a conversation around feminism and gender” (Sarah Shin, Guardian). One of the most notable novels of the year, hailed by both critics and K-pop stars alike, Kim Jiyoung, Born 1982 follows one woman’s psychic deterioration in the face of rampant misogyny. In a tidy apartment on the outskirts of Seoul, millennial “everywoman” Kim Jiyoung spends her days caring for her infant daughter. But strange symptoms appear: Jiyoung begins to impersonate the voices of other women, dead and alive. As she plunges deeper into this psychosis, her concerned husband sends her to a psychiatrist. Jiyoung narrates her story to this doctor—from her birth to parents who expected a son to elementary school teachers who policed girls’ outfits to male coworkers who installed hidden cameras in women’s restrooms. But can her psychiatrist cure her, or even discover what truly ails her? “A social treatise as well as a work of art” (Alexandra Alter, New York Times), Kim Jiyoung, Born 1982 heralds the arrival of international powerhouse Cho Nam-Joo.

Workbook : [version Corrigée Réservée Aux Enseignants] : Programme 2016 Penn State Press

The first comprehensive treatment of stereotypes and stereotyping, this text synthesizes a vast body of social and cognitive research that has emerged over the past-quarter century. Provided is an unusually broad analysis of stereotypes as products both of individual cognitive activities and of social and cultural forces. While devoting careful attention to harmful aspects of stereotypes, their connections to prejudice and discrimination, and effective strategies for countering them, the volume also examines the positive functions of generalizations in helping people navigate a complex world. Unique features include four chapters addressing the content of stereotypes, which consider such topics as why certain traits are the focus of stereotyping and how they become attributed to particular groups. An outstanding text for advanced undergraduate- and graduate-level courses, the volume is highly readable and features many useful examples.

When her parents take her to visit a very special pet store in the park across from her apartment, both Sophie and Mr. and Mrs. Noah, the pet store owners, have their secret wishes fulfilled.

Wash Your Hands! 9th Cinebook

By the #1 New York Times bestselling author of Killers of the Flower Moon, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was

related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.

A story-based course that introduces young children to English first through listening and speaking, and then provides a gentle introduction to reading and writing.

Merry Christmas, Splat Liveright Publishing

Art critic and scholar Philippe Dagen approaches Picasso as a subject through a series of questions. What does it mean to be an artist in the twentieth century? What does it mean to be an artist in the time of newspapers and museums, in a time when the art market has expanded to reach the entire western world? Is modern civilization so different that it gives an artist a new attitude and causes him to redefine his role for the public, the market, and, therefore, to invent entirely new artistic practices? Picasso is considered here in view of this last, and most probable, hypothesis. He is a product of his situation and time, in the broadest sense of the term. Refusing to confine himself to his

studio or the small artistic community in Paris, Picasso responded forcefully to world affairs, giving pictorial and sculptural form to the passions and events he witnessed around him. This is a thoroughly modern Picasso, constantly and consciously confronting the modernity of the world. Dagen's original exploration of his techniques, materials, and images shows how the artist both allowed modernity to infiltrate his work and at the same time to react against it. Picasso moved between acceptance and rejection, a perpetual confrontation that is, perhaps, the most satisfying explanation of his will to create change that drove him to leave the most varied and diverse body of work in the entire history of art.

SOCIAL CONDITIONING AND ITS EFFECTS ON THE STEREOTYPED ROLE OF WOMEN DURING INFANCY

Good Press

The runaway Estonian bestseller tells the imaginative and moving story of a boy tasked with preserving ancient traditions in the face of modernity. Set in a fantastical version of medieval Estonia, *The Man Who Spoke Snakish* follows a young boy, Leemet, who lives with his hunter-gatherer family in the forest and is the last speaker of the ancient tongue of snakish, a language that allows its speakers to command all animals. But the forest is gradually emptying as more and more people leave to settle in villages, where they break their backs tilling the land to grow wheat for their "bread" (which Leemet has been told tastes horrible) and where they pray to a god very different from the spirits worshipped in the forest's sacred grove. With lothario bears who wordlessly seduce women, a giant louse with a penchant for swimming, a legendary flying frog, and a young charismatic viper named Ints, *The Man Who Spoke Snakish* is a totally inventive

novel for readers of David Mitchell, Sjórn, and Terry Pratchett. *Stereotypes and Social Cognition* Paw Prints

Translation of *dalla parole delle bambine*.

Gus's workshop is chockful of useless odds and ends. But when his friend Rico comes over with a problem-his scooter seat is way too small for a rhino-Gus finds just the thing to solve it. He creates a fabulous new vehicular contraption with an old lounge chair! One by one Gus's friends bring him their vehicles and Gus solves their troubles with ingenious solutions-a cooling system made with a fridge that doubles as an ice-cream machine, a burst of speed from a rocket blaster. Soon the workshop is almost empty, but the last scraps might be just enough to solve Gus's own problem at the end of a long day.

[One Hundred Words for Equality](#) Open Road + Grove/Atlantic

The gorgeous story of two friends separated by everything in the world—except love. Readers and animal lovers of every age will want to relive this journey over and over again. Katya and her Meema are spending another normal summer at their cottage in Alaska, when a chance accident leaves Katya face-to-face with the biggest creature she's ever seen... an enormous kodiak bear, soon to become her closest friend. But when Katya suddenly returns home to Seattle, the two are torn apart, leaving Kodi to do whatever it takes to reunite with his fragile human friend. It's a wild adventure packed with breathtaking views, new companions, and danger around every turn.
